**Mann's Magic Mountain** - Karolina Watroba 2022-10-06  
This is the first study of Thomas Mann's landmark German modernist novel *Der Zauberberg* (The Magic Mountain, 1924) that takes as its starting point the interest in Mann's book shown by non-academic readers. It is also a case study in a cluster of issues central to the interrelated fields of transnational German studies, global modernism studies, comparative literature, and reception theory: it addresses the global circulation of German modernism, popular afterlives of a canonical work, access to cultural participation, relationship between so-called 'high-brow' and 'low-brow' culture, and the limitations of traditional academic reading practices. The study intervenes in these discussions by developing a critical practice termed 'closer reading' and positioning it within the framework of world literature studies. Mann's Magic Mountain centres around nine comparative readings of five novels, three films, and one short story conceived as responses to *The Magic Mountain*. These works provide access to

distinct readings of Mann's text on three levels: they function as records of their authors' reading of Mann, provide insights into broader culturally and historically specific interpretations of the novel, and feature portrayals of fictional readers of *The Magic Mountain*. These nine case studies are contextualized, complemented, enhanced, and expanded through references to hundreds of other diverse sources that testify to a lively engagement with *The Magic Mountain* outside of academic scholarship, including journalistic reviews, discussions on internet fora and blogs, personal essays and memoirs, Mann's fan mail and his replies to it, publishing advertisements, and marketing brochures from Davos, where the novel is set.

**The Magic Mountain** - Hermann J. Weigand 2020-05

Praised highly by Mann himself, Weigand's book (originally published in 1933) is an essential piece of criticism on Mann's monumental novel. In his study of *The Magic Mountain* Weigand comments on the novel's genre and organization before dissecting the themes of disease and mysticism, Mann's use of irony, and other aspects of this masterpiece of German literature.

**Thomas Mann's War** - Tobias Boes  
2019-11-15

In Thomas Mann's *War*, Tobias Boes traces how the acclaimed and bestselling author became one of America's most prominent anti-fascists and the spokesperson for a German cultural ideal that Nazism had perverted. Thomas Mann, winner of the 1929 Nobel Prize in literature and author of such world-renowned novels as *Buddenbrooks* and *The Magic Mountain*, began his self-imposed exile in the United States in 1938, having fled his native Germany in the wake of Nazi persecution and public burnings of his books. Mann embraced his role as a public intellectual, deftly using his literary reputation and his connections in an increasingly global publishing industry to refute Nazi propaganda. As Boes shows, Mann undertook successful lecture tours of the country and penned widely-read articles that alerted US audiences and readers to the dangers of complacency in the face of Nazism's

existential threat. Spanning four decades, from the eve of World War I, when Mann was first translated into English, to 1952, the year in which he left an America increasingly disfigured by McCarthyism, Boes establishes Mann as a significant figure in the wartime global republic of letters.

**A Primer of the Novel** - David Madden  
2006-06-22

When the first edition of David Madden's *A Primer of the Novel: For Readers and Writers* was published more than twenty-five years ago, there were no other books of its kind available. Since then, many authors and editors have produced works that attempt the same comprehensive coverage of the genre. However, these works tend to be either written solely for writers or solely for readers. More often than not, those written for readers tend to be aimed at advanced students or critics of the novel. In this revised edition, David Madden, Charles Bane and Sean Flory have produced an updated work that is intended for a general readership including writers, teachers, and students who are just being introduced to the genre. This unique handbook provides a definition and history of the novel, a description of early narratives, and a discussion of critical approaches to this literary form. *A Primer of the Novel* also identifies terms, definitions, commentary, and examples in the form of quotations for almost 50 types of novels and 15 artistic techniques. A chronology of narrative in general and of the novel in particular—from 850 B. C. to the present—is also included, along with indexes to authors, titles, novel types and techniques, as well as a selective bibliography of criticism. Although all novel types present in the first edition are still represented, many have become more

clearly defined. This revised edition also cites several types of novels that did not appear in the first edition, such as the graphic novel and the novel of Magical Realism. As well as keeping all of the original examples from representative texts, the authors have added new examples of more recent works. While this book was conceived for a general audience, it will be a valuable resource for students, teachers, and libraries. It may be used in any English literature courses at any level, including graduate, and is suited for creative writing courses as well. With its clear and immediately accessible features, this handbo

*In Search of Authority - Third Edition* - Stephen Bonnycastle  
2007-04-26

*In Search of Authority* is the most engaging introduction to literary theory available today. This is the third edition of a book that has been widely used to introduce undergraduates to the field of literary theory. Its distinctive quality is the way in which it makes complex literary theories, such as structuralism, deconstruction, and post-modernism, accessible to students by relating these theories to students' own enjoyment in reading literature. Each theory is illustrated by several applications of the theory to well-known literary works. Based on a reader-response approach to literature, *In Search of Authority* begins with an up-to-date account of the status of literary theory in the 21st century, including a response to recent debates about the "post-theory" question. It concludes with a discussion of how an understanding of literary theory can lead to the empowerment of the individual reader, and of how the authority of the professor can be gradually transferred to the student. This third edition has been revised

and updated throughout. Each chapter ends with several questions to help students check their understanding of the key ideas in the chapter.

*Farewell to Reason* - Paul Feyerabend  
1988-01-17

*Farewell to Reason* offers a vigorous challenge to the scientific rationalism that underlies Western ideals of "progress" and "development," whose damaging social and ecological consequences are now widely recognized. For all their variety in theme and occasion, the essays in this book share a consistent philosophical purpose. Whether discussing Greek art and thought, vindicating the church's battle with Galileo, exploring the development of quantum physics or exposing the dogmatism of Karl Popper, Feyerabend defends a relativist and historicist notion of the sciences. The appeal to reason,

he insists, is empty, and must be replaced by a notion of science that subordinates it to the needs of citizens and communities.

Provocative, polemical and rigorously argued, Farewell to Reason will infuriate Feyerabend's critics and delight his many admirers.

**Suspended Sentences** - Patrick Modiano 2014-11-11

In this essential trilogy of novellas by the winner of the 2014 Nobel Prize in Literature, French author Patrick Modiano reaches back in time, opening the corridors of memory and exploring the mysteries to be encountered there. Each novella in the volume--Afterimage, Suspended Sentences, and Flowers of Ruin--represents a sterling example of the author's originality and appeal, while Mark Polizzotti's superb English-language translations capture not only Modiano's distinctive narrative voice but also the matchless grace and spare beauty of his prose. Although originally published separately, Modiano's three novellas form a single, compelling whole, haunted by the same gauzy sense of place and characters. Modiano draws on his own experiences, blended with the real or invented stories of others, to present a dreamlike autobiography that is also the biography of a place. Orphaned children, mysterious parents, forgotten friends, enigmatic strangers--each appears in this three-part love song to a Paris that no longer exists. Shadowed by the dark period of the Nazi Occupation, these novellas reveal Modiano's fascination with the lost, obscure, or

mysterious: a young person's confusion over adult behavior; the repercussions of a chance encounter; the search for a missing father; the aftershock of a fatal affair. To read Modiano's trilogy is to enter his world of uncertainties and the almost accidental way in which people find their fates.

1Q84 - Haruki Murakami 2011-10-25 NATIONAL BESTSELLER • The year is 1984 and the city is Tokyo. A young woman named Aomame follows a taxi driver's enigmatic suggestion and begins to notice puzzling discrepancies in the world around her. She has entered, she realizes, a parallel existence, which she calls 1Q84 --"Q is for 'question mark.' A world that bears a question." Meanwhile, an aspiring writer named Tengo takes on a suspect ghostwriting project. He becomes so wrapped up with the work and its unusual author that, soon, his previously placid life begins to come unraveled. As Aomame's and Tengo's narratives converge over the course of this single year, we learn of the profound and tangled connections that bind them ever closer: a beautiful, dyslexic teenage girl with a unique vision; a mysterious religious cult that instigated a shoot-out with the metropolitan police; a reclusive, wealthy dowager who runs a shelter for abused women; a hideously ugly private investigator; a mild-mannered yet ruthlessly efficient bodyguard; and a peculiarly insistent television-fee collector. A love story, a mystery, a fantasy, a novel of self-discovery, a dystopia to rival George Orwell's--1Q84 is Haruki Murakami's most ambitious undertaking yet: an instant best seller in his native Japan, and a tremendous feat of imagination from one of our most revered contemporary writers.

Death in Venice - Thomas Mann 1970

The Magician - Colm Toibin 2021-09-07  
A New York Times Notable Book, Critic's Top Pick, and Top Ten Book of Historical Fiction Named a Best Book of the Year by The Washington Post, NPR, Vogue, The Wall Street Journal, and Bloomberg Businessweek From one of today's most brilliant and beloved novelists, a dazzling, epic family saga set across a half-century spanning World War I, the rise of Hitler, World War II, and the Cold War that is "a feat of literary sorcery in its own right" (Oprah Daily). The Magician opens in a provincial German city at the turn of the twentieth century, where the boy, Thomas Mann, grows up with a conservative father, bound by propriety, and a Brazilian mother, alluring and unpredictable. Young Mann hides his artistic aspirations from his father and his homosexual desires from everyone. He is infatuated with one of the richest, most cultured Jewish families in Munich, and marries the daughter Katia. They have six children. On a holiday in Italy, he longs for a boy he sees on a beach and writes the story Death in Venice. He is the most successful novelist of his time, winner of the Nobel Prize in literature, a public man whose private life remains secret. He is expected to lead the condemnation of Hitler, whom he underestimates. His oldest daughter and son, leaders of Bohemianism and of the anti-Nazi movement, share lovers. He flees Germany for Switzerland, France and, ultimately, America, living first in Princeton and then in Los Angeles. In this "exquisitely sensitive" (The Wall Street Journal) novel, Tóibín has crafted "a complex but empathetic portrayal of a writer in a lifelong battle against his innermost desires, his family, and the tumultuous times they endure" (Time), and "you'll find yourself savoring every page"

(Vogue).  
Thomas Mann's The Magic Mountain - Rodney Symington 2011-09-22  
Thomas Mann's novel The Magic Mountain presents a panorama of European society in the first two decades of the 20th century and depicts the philosophical and metaphysical dilemmas facing people in the modern age. In the years leading up to the First World War, the fundamental elements of human nature were thrown into sharp relief by the political tensions that resulted in the ultimate metaphor for the innate destructiveness of humankind: the War itself. If such a war is the true expression of human tendencies, what hope is there for the future? Through the figure of the main character of the novel, Thomas Mann explores the alternative philosophies of life available to human beings in the modern age, and invites the reader to undertake a personal odyssey of discovery, with a view to adopting a positive approach in an era that seems to offer no clear-cut answers. This book is a comprehensive commentary on Thomas Mann's seminal novel, one of the key literary artefacts of the 20th century. The author has taken upon himself the task of explaining all the references and allusions contained in the novel, and of providing readers who know little or no German with enough explanatory comment to enable them to understand the novel and extract the maximum reading pleasure from it.

**This Little Art** - Kate Briggs 2017  
Part-essay and part-memoir, 'This Little Art' is a manifesto for the practice of literary translation.  
**The Creative Writer's Survival Guide** - John McNally 2010-04-15  
Beginning with "The Writer's Wonderland—Or: A Warning" and ending with "You've Published a Book—Now What?" The Creative Writer's Survival

Guide is a must-read for creative-writing students and teachers, conference participants, and aspiring writers of every stamp. Directed primarily at fiction writers but suitable for writers of all genres, John McNally's guide is a comprehensive, take-no-prisoners blunt, highly idiosyncratic, and delightfully subjective take on the writing life. McNally has earned the right to dispense advice on this subject. He has published three novels, two collections of short fiction, and hundreds of individual stories and essays. He has edited six anthologies and worked with editors at university presses, commercial houses, and small presses. He has earned three degrees, including an MFA from the Iowa Writers' Workshop, and taught writing to thousands of students at nine different universities. But he has received far more rejections than acceptances, has endured years of underpaid adjunct work, and is presently hard at work on a novel for which he has no guarantee of publication. In other words, he's been at the writing game long enough to rack up plenty of the highs and lows that translate into an invaluable guide for anyone who wants to become a writer or anyone who is already a writer but doesn't know how to take the next step toward the writing life. In the sections The Decision to Become a Writer, Education and the Writer, Getting Published, Publicity, Employment for Writers, and The Writer's Life, McNally wrestles with writing degrees and graduate programs, the nuts and bolts of agents and query letters and critics, book signings and other ways to promote your book, alcohol and other home remedies, and jobs for writers from adjunct to tenure-track. Chapters such as "What Have You Ever Done That's Worth Writing About?" "Can Writing Be Taught?" "Rejection:

Putting It in Perspective," "Writing as a Competitive Sport," "Seven Types of MLA Interview Committees," "Money and the Writer," and the all-important "Talking about Writing vs. Writing" cover a vast range of writerly topics from learning your craft to making a living at it. McNally acts as the writer's friendly drill sergeant, relentlessly honest but bracingly cheerful as he issues his curmudgeonly marching orders. Alternately cranky and philosophical, full of to-the-point anecdotes and honest advice instead of wonkish facts and figures, The Creative Writer's Survival Guide is a snarky, truthful, and immensely helpful map to being a writer in today's complex world.

**Piranesi** - Susanna Clarke 2020-09-15  
WINNER OF THE 2021 WOMEN'S PRIZE FOR FICTION A Sunday Times & New York Times bestseller The spectacular new novel from the bestselling author of JONATHAN STRANGE & MR NORRELL, 'one of our greatest living authors' (NEW YORK MAGAZINE)

---

Piranesi lives in the House. Perhaps he always has. In his notebooks, day after day, he makes a clear and careful record of its wonders: the labyrinth of halls, the thousands upon thousands of statues, the tides that thunder up staircases, the clouds that move in slow procession through the upper halls. On Tuesdays and Fridays Piranesi sees his friend, the Other. At other times he brings tributes of food to the Dead. But mostly, he is alone. Messages begin to appear, scratched out in chalk on the pavements. There is someone new in the House. But who are they and what do they want? Are they a friend or do they bring destruction and madness as the Other claims? Lost texts must be found; secrets must be uncovered. The world that Piranesi thought he knew is becoming strange

and dangerous. The Beauty of the House is immeasurable; its Kindness infinite.

**A Companion to Thomas Mann's The Magic Mountain** - Stephen D. Dowden 2002

Thomas Mann once told Susan Sontag that he considered *The Magic Mountain* to be his greatest novel. And few in his own day doubted the preeminence of this modernist classic. But many have argued that the age of literary modernism has passed. If this is so, how might we best understand Mann's masterpiece now? In this book of wide-ranging and original essays, which also includes a memoir of Thomas Mann by Susan Sontag, various scholars and critics explore the meanings of *The Magic Mountain* for the contemporary imagination.

*To Fight Against This Age: On Fascism and Humanism* - Rob Riemen 2018-01-23

"This is a book for people who want the West to regain its moral high ground, and who want to think hard about how to help achieve that."

-Anne Applebaum  
An international bestseller, *To Fight Against This Age* consists of two beautifully written, cogent, and urgent essays about the rise of fascism and the ways in which we can combat it. In "The Eternal Return of Fascism," Rob Riemen explores the theoretical weakness of fascism, which depends on a politics of resentment, the incitement of anger and fear, xenophobia, the need for scapegoats, and its hatred of the life of the mind. He draws on history and philosophy as well as the essays and novels of Thomas Mann and Albert Camus to explain the global resurgence of fascism, often disguised by its false promises of ushering in freedom and greatness. Riemen's own response to what he sees as the spiritual crisis of our age is articulated in "The Return of Europa," a moving story about the meaning of European humanism with its universal values of truth, beauty, justice, and love for life—values that are the origin and basis of a democratic civilization. *To Fight Against This Age* is as timely as it is timeless, to be read by those who want to understand and change the world in which they live.

**The Senses of Modernism** - Sara Danius  
2019-01-24

In *The Senses of Modernism*, Sara Danius develops a radically new theoretical and historical understanding of high modernism. The author closely analyzes Thomas Mann's *The Magic Mountain*, Marcel Proust's *Remembrance of Things Past*, and James Joyce's *Ulysses* as narratives of the sweeping changes that affected high and low culture in the age of technological reproduction. In her discussion of the years from 1880 to 1930, Danius proposes that the high-modernist aesthetic is inseparable from a technologically mediated crisis of the senses. She reveals the ways in which categories of perceiving and knowing are realigned when technological devices are capable of reproducing sense data. Sparked by innovations such as chronophotography, phonography, radiography, cinematography, and technologies of speed, this sudden shift in perceptual abilities had an effect on all arts of the time. Danius explores how perception, notably sight and hearing, is staged in the three most significant modern novels in German, French, and British literature. *The Senses of Modernism* connects technological change and formal innovation to transform the study of modernist aesthetics. Danius questions the longstanding acceptance of a binary relationship between high and low culture and describes the complicated relationship between modernism and technology, challenging the conceptual divide between a technological culture and a more properly aesthetic one.

[Reflections of a Nonpolitical Man](#) - Thomas Mann 2021-05-18

A classic, controversial book exploring German culture and identity by the author of *Death in Venice* and *The Magic Mountain*, now back in print. When the Great War broke out in August 1914, Thomas Mann, like so many people on both sides of the conflict, was exhilarated. Finally, the era of decadence that he had anatomized in *Death in Venice* had come to an end; finally, there was a cause worth fighting and even dying for, or, at least when it came to Mann himself, writing about. Mann immediately picked up his pen to compose a paean to the German cause. Soon after, his elder brother and lifelong rival, the novelist Heinrich Mann, responded with a no less determined denunciation. Thomas took it as an unforgivable stab in the back. The bitter dispute between the brothers would swell into the strange, tortured, brilliant, sometimes perverse literary performance that is *Reflections of a Nonpolitical Man*, a book that Mann worked on and added to throughout the war and that bears an intimate relation to his postwar masterpiece *The Magic Mountain*. Wild and ungainly though Mann's reflections can be, they nonetheless constitute, as Mark Lilla demonstrates in a new introduction, a key meditation on the freedom of the artist and the distance between literature and politics. The NYRB Classics edition includes two additional essays by Mann: "Thoughts in Wartime" (1914), translated by Mark Lilla and Cosima Mattner; and "On the German Republic" (1922), translated by Lawrence Rainey.

(Publishers Weekly, starred review)

"[A] jewel of a debut . . . abundantly satisfying."—Jia Tolentino, *The New Yorker* As an adjunct professor of English in New York City with little hope of finding a permanent position, Dorothy feels "like a janitor in the temple who continued to sweep because she had nowhere else to be but who had lost her belief in the essential sanctity of the enterprise." No one but her boyfriend knows that she's just had a miscarriage—not her mother, her best friend, or her therapists (Dorothy has two of them). She wasn't even sure she wanted to be a mother. So why does Dorothy feel like a failure? *The Life of the Mind* is a book about endings—of youth, of ambition, of possibility, but also of the meaning that an inquiring mind can find in the mess of daily experience. Mordant and remorselessly wise, this jewel of a debut cuts incisively into life as we live it, and how we think of it.

Readers, Reading and Reception of Translated Fiction in Chinese - Leo Tak-hung Chan 2014-04-08

Translated fiction has largely been under-theorized, if not altogether ignored, in literary studies. Though widely consumed, translated novels are still considered secondary versions of foreign masterpieces. *Readers, Reading and Reception of Translated Fiction in Chinese* recognizes that translated novels are distinct from non-translated novels, just as they are distinct from the originals from which they are derived, but they are neither

secondary nor inferior. They provide different models of reality; they are split apart by two languages, two cultures and two literary systems; and they are characterized by cultural hybridity, double voicing and multiple intertextualities. With the continued popularity of translated fiction, questions related to its reading and reception take on increasing significance. Chan draws on insights from textual and narratological studies to unravel the processes through which readers interact with translated fiction. Moving from individual readings to collective reception, he considers how lay Chinese readers, as a community, 'received' translated British fiction at specific historical moments during the late twentieth and early twenty-first centuries. Case studies discussed include translations of stream-of-consciousness novels, fantasy fiction and postmodern works. In addition to lay readers, two further kinds of reader with bilingual facility are examined: the way critics and historians approach translated fiction is investigated from structuralist and poststructuralist perspectives. A range of novels by well-known British authors constitute the core of the study, including novels by Oscar Wilde, James Joyce, D.H. Lawrence, Virginia Woolf, John Fowles, Helen Fielding and J.K. Rowling.

Contemporary World Fiction - Juris Dilevko 2011-03-17

This much-needed guide to translated literature offers readers the opportunity to hear from, learn about, and perhaps better understand our shrinking world from the perspective of insiders from many cultures and traditions. In a globalized world, knowledge about non-North American societies and cultures is a must. Contemporary World Fiction: A Guide to Literature in Translation provides an overview of the tremendous range and scope of translated world fiction available in English. In so doing, it will help readers get a sense of the vast world beyond North America that is conveyed by fiction titles from dozens of countries and language traditions. Within the guide, approximately 1,000 contemporary non-English-language

fiction titles are fully annotated and thousands of others are listed. Organization is primarily by language, as language often reflects cultural cohesion better than national borders or geographies, but also by country and culture. In addition to contemporary titles, each chapter features a brief overview of earlier translated fiction from the group. The guide also provides in-depth bibliographic essays for each chapter that will enable librarians and library users to further explore the literature of numerous languages and cultural traditions.
