Chinese Religions - J. Ching 2016-07-27

This is a comprehensive work on the religions of China. As such, it includes an introduction giving an overview of the subject, and the special themes treated in the book, as well as detailed chapters on ancient religions, Confucianism, Taoism, Buddhism, Chinese Islam, Christianity in China as well as popular religion. Throughout the book, care is taken to present both the philosophical teachings as well as the religious practices of the religious traditions, and reflections are offered regarding their present situation and future prospects. Comparisons are offered with other religions, especially Christianity.

Mathematicians of the World, Unite! - Guillermo Curbera 2009-02-23

This vividly illustrated history of the

International Congress of Mathematicians — a meeting of mathematicians from around the world held roughly every four years — acts as a visual history of the 25 congresses held between 1897 and 2006, as well as a story of changes in the culture of mathematics over the past century. Because the congress is an international meeting, looking at its history allows us a glimpse into the effect of wars and strained relations between nations on the scientific community.

How to Beat the Cost of Implementing CBW III
How your parish can get CBW III without straining its budget: 1) Two-year interest-free financing option allows you to pay in instalments-No payment for 90 days! Order 50 copies or more of CBW III (any combination of Choir and Pew editions). Upon receipt of the invoice, you have three months to pay only one third (1/3) of the amount billed. Pay the second third on the anniversary date of your invoice (a year later), and the last third the following year. No interest will be charged during this period. (Please note that our offer for a two-year interest-free payment plan does not apply to discounted orders.) or...2) Place your order through your diocese and save up to 20%. When

placing bulk orders for their parishes, dioceses get a discount. In the case of CBW III, the discount is 20%. We normally bill and ship the order to the diocese, which is then responsible for redistribution. However, for CBW III we have agreed to bill the diocese and ship to individual parishes, when requested.

Ancient Mesopotamia - A. Leo Oppenheim
2013-01-31

"This splendid work of scholarship . . . sums up with economy and power all that the written record so far deciphered has to tell about the ancient and complementary civilizations of Babylon and Assyria."—Edward B. Garside, *New York Times Book Review* Ancient Mesopotamia—the area now called Iraq—has received less attention than ancient Egypt and other long-extinct and more spectacular civilizations. But numerous small clay tablets buried in the desert soil for thousands of years make it possible for us to know more about the people of ancient Mesopotamia than any other

land in the early Near East. Professor Oppenheim, who studied these tablets for more than thirty years, used his intimate knowledge of long-dead languages to put together a distinctively personal picture of the Mesopotamians of some three thousand years ago. Following Oppenheim's death, Erica Reiner used the author's outline to complete the revisions he had begun. "To any serious student of Mesopotamian civilization, this is one of the most valuable books ever written."—Leonard Cottrell, *Book Week* "Leo Oppenheim has made a bold, brave, pioneering attempt to present a synthesis of the vast mass of philological and archaeological data that have accumulated over the past hundred years in the field of Assyriological research."—Samuel Noah Kramer, *Archaeology* A. Leo Oppenheim, one of the most distinguished Assyriologists of our time, was editor in charge of the *Assyrian Dictionary of the Oriental Institute* and John A. Wilson Professor of Oriental Studies at the University of Chicago.

Culture and History in Eastern Europe - Dennis P. Hupchick 1994

Culture and history in Eastern Europe provides a refreshingly different approach toward understanding recent and current events in one of the world's most complex and fascinating regions. Dr. Hupchick presents substantive arguments for the importance of culture in its most essential form - a particular group of people's basic perception of reality - as the continuous driving force underlying human actions. It is the interplay among various cultures over time that form the determining factors that shape human development. With great clarity and precision, Dr. Hupchick describes the cultural complexities of Eastern Europe and Russia, giving the reader many insights into how the region's inhabitants themselves perceive their rich yet terrible histories. This is a book which will be as

stimulating to specialists as it will be enlightening to students.

Broken Idols of the English Reformation -
Margaret Aston 2015-11-26

Why were so many religious images and objects broken and damaged in the course of the Reformation? Margaret Aston's magisterial new book charts the conflicting imperatives of destruction and rebuilding throughout the English Reformation from the desecration of images, rails and screens to bells, organs and stained glass windows. She explores the motivations of those who smashed images of the crucifixion in stained glass windows and who pulled down crosses and defaced symbols of the Trinity. She shows that destruction was part of a methodology of religious revolution designed to change people as well as places and to forge in the long term new generations of new believers. Beyond blanked walls and whited windows were beliefs and minds impregnated by new modes of

religious learning. Idol-breaking with its emphasis on the treacheries of images fundamentally transformed not only Anglican ways of worship but also of seeing, hearing and remembering.

Historical Acoustics - Francesco Aletta
2020-04-15

This book is a collection of contributions to the Special Issue “Historical Acoustics: Relationships between People and Sound over Time”. The research presented here aims to explore the origins of acoustics and examine the relationships that have evolved over the centuries between people and auditory phenomena. Sounds have indeed accompanied human civilizations since the beginning of time, helping them to make sense of the world and to shape their cultures. Several key topics emerged, such as the acoustics of historical worship buildings, the acoustics of sites of archaeological interest, the acoustics of historical opera houses, and the topic of

soundscapes as cultural intangible heritage. The book, as a whole, reflects the vibrant research activity around the “acoustics of the past”, which will hopefully be serve as a foundation for inspiring the future path of this discipline.

God's Gentlemen - David Hilliard 2013-05-01
Originally published in 1978, God's Gentlemen remains the only detached and detailed historical analysis of the work of the Melanesian Mission, which grew out of the personal vision of George Selwyn, the first bishop of the Church of England in New Zealand. Starting with its New Zealand beginnings and its Norfolk Island years from 1867 to 1920, the book follows the Mission's shift of headquarters to the Solomon Islands and beyond through the beginning of World War II. Based on a wide range of sources, God's Gentlemen is the inner history of the slow growth of an important and genuinely Melanesian church.

Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of "race," a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? *Between the World and Me* is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and

readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bravely confronts our present, and offers a transcendent vision for a way forward.
