Agatha Mary Clarissa, Lady Mallowan, DBE (15 September 1890 - 12 January 1976), commonly known as Agatha Christie, was an English crime fiction writer. She also wrote romance novels under the name Mary Westmacott, but is best remembered for her 80 detective novels and her successful West End theatre plays. Her works, particularly featuring detectives Hercule Poirot or Miss Jane Marple, have given her the title the 'Queen of Crime' and made her one of the most important and innovative writers in the development of the genre. Christie has been called - by the Guinness Book of World Records, among others - the best-selling writer of books of all time, and the best-selling writer of any kind together with William Shakespeare. Only the Bible sold more with about 6 billion copies. An estimated four billion copies of her novels have been sold. UNESCO states that she is currently the most translated individual author in the world with only the collective corporate works of Walt Disney Productions superseding her. As an example of her broad appeal, she is the all-time best-selling author in France, with over 40 million copies sold in French (as of 2003) versus 22 million for Emile Zola, the nearest contender. Her stage play, *The Mousetrap*, holds the record for the longest initial run in the world, opening at the Ambassadors Theatre in London on 25 November 1952, and as of 2007 is still running after more than 20,000 performances. In 1955, Christie was the first recipient of the Mystery Writers of America's highest honor, the Grand Master Award, and in the same year, *Witness for the Prosecution* was given an Edgar Award by the MWA, for Best Play. Most of her books and short stories have been filmed, some many times over (*Murder on the Orient Express*, *Death on the Nile*, *4.50 From Paddington*), and many have been adapted for television, radio, video games and comics. In 1998, the control of the rights to most of the literary works

of Agatha Christie passed to the company Chorion, when it purchased a majority 64% share in Agatha Christie Limited.

Afterwards, she seemed quite distressed and, apparently, made a new will - which no one can find. She ate little at dinner and retired early to her room with her document case. The case was later forced open by someone and a document removed. Alfred Inglethorp left Styles earlier in the evening and stayed overnight in the nearby village, so was not present when

The Mysterious Affair at Styles: A Hercule Poirot Mystery (Agatha Christie Collection - Agatha Christie 2011-03

In 1920 Agatha Christie introduced a quirky little Belgian detective to the world in this book she wrote on a dare from her sister. The time is World War I and Poirot is one of a small group of Belgian refugees who has come to live in a rural English village. With his egg-shaped head and well-groomed moustache, Hercule Poirot enters and soon becomes one of fiction's best-loved detectives. Also in this novel, the reader is introduced to his cohort, Captain Arthur Hastings, recovering from a war injury at the upper-class household known as Styles Court. The mistress of the manor is Emily Inglethorpe, an elderly woman who has just married a much younger man. The family members occupying the house all become suspects when Mrs. Inglethorpe is murdered and it is up to Poirot's little grey cells to sift through all the red herrings and, in the final chapter, reveal all in true detective fashion. High on Poirot's list of suspects are: John Cavendish, the elder stepson; Mary Cavendish, his wife; Lawrence Cavendish, the younger stepson; Evelyn Howard, Mrs. Inglethorpe's companion; Cynthia Murdoch, her protegee; and Dr. Bauerstein, a mysterious stranger who lives in Essex. All have motive and opportunity but only Poirot can discover the truth. "The Mysterious Affair at Styles" sets the tone for many Christie novels to follow. The wealthy family inhabiting a country house, the non-violent method of murder (poisoning) so favored by Mrs. Christie, and the light-hearted but often

serious romance all became hallmarks of many of her later works. Have a cup of hot chocolate with Hercule Poirot and enjoy the adventure.

"The Mysterious Affair at Styles" is the very first mystery novel by Agatha Christie, and is said to have launched her prolific career. According to rumor, it was originally written on a bet that Dame Christie would not be able to write a book without the reader being able to guess a murderer. In this, there are many red herrings and crisscrosses. It takes a logical mind to keep pace. Inspector Hercule Poirot, a Belgian refugee of the Great War, is settling in England near the home of his friend, Emily Inglethorp. Only he discovers shockingly, this woman is soon killed and must apply his detective skills to solve the mystery. This American English book translation contains full illustrations to help the reader solve the crime along side the brilliant detective and includes historical commentary.
