Before She Sleeps - Bina Shah
2018-08-07

"A haunting dystopian thriller" from the acclaimed author of *A Season for Martyrs*-- "Fans of *The Handmaid's Tale* won't want to miss this one" (Publishers Weekly, starred review). In modern, beautiful Green City, the capital of Southwest Asia, gender

selection, war, and disease have brought the ratio of men to women to alarmingly low levels. The government uses terror and technology to control its people, and now females must take multiple husbands to have children as quickly as possible. Yet there are some who resist, women who live in an underground collective and refuse to be part of the system. Secretly protected by the highest echelons of power, they emerge only at night to provide the rich and elite of Green City a type of commodity no one can buy: intimacy without sex. As it turns out, not even the most influential men can shield them from discovery and the dangers of ruthless punishment. This dystopian novel from one of Pakistan's most talented writers is a modern-day parable, *The Handmaid's Tale* for repressed women in Muslim countries everywhere. Before She Sleeps takes the patriarchal practices of female seclusion and veiling, gender selection, and control over women's bodies, amplifying and distorting them in a truly terrifying way to imagine a world of post-religious authoritarianism.

The New Parisienne - Lindsey Tramuta
2020-07-07

"Tramuta sweeps away the tired clichés of the Parisian woman with her vivid profiles of the dynamic and creative 'femmes' now powering the French capital." —Eleanor Beardsley, NPR Paris correspondent *The New Parisienne* focuses on one of the city's most prominent features, its women. Lifting the veil on the mythologized Parisian woman—white, lithe, ever fashionable—Lindsey Tramuta demystifies this oversimplified archetype and recasts the women of Paris as they truly are, in all their complexity. Featuring 50 activists, creators, educators, visionaries, and disruptors—like Leïla Slimani, Lauren Bastide, and Mayor Anne Hidalgo—the book reveals Paris as a blossoming cultural center of feminine power. Both the featured women and Tramuta herself offer up favorite destinations and women-owned businesses, including beloved shops, artistic venues, bistros, and more. *The New Parisienne* showcases

"Parisianness" in all its multiplicity, highlighting those who are bucking tradition, making names for themselves, and transforming the city. "With stunning photographs and inspiring profiles, Lindsey Tramuta tramples the myths and takes us into the lives of real Parisiennes. Bravo!"—Pamela Druckerman, New York Times—bestselling author of *Bringing Up Bébé* "Like the subjects of her book, Lindsey Tramuta is a force. *The New Parisienne* is the go-to chronicle of the joyful, progressive, pioneering women of a city that Tramuta understands with deep intelligence." —Lauren Collins, New York Times—bestselling author of *When in French* "Tramuta's new book posits that Parisian women have been ahead of these radically changing times. But rather than being trendsetters in the stylish sense, they qualify as visionaries and agents of change across spheres of diversity, tech, culture, politics, and more." —*Vogue Philosophy of Mind* - Edward Feser
2006-10-27

In this lively and entertaining introduction to the philosophy of mind, Edward Feser explores the questions central to the discipline; such as 'do computers think', and 'what is consciousness'; and gives an account of all the most important and significant attempts that have been made to answer them.

The Supernatural Enhancements - Edgar Cantero 2014-08-12

A mesmerizing novel...what begins as a gothic ghost story soon evolves into a wickedly twisted treasure hunt in *The Supernatural Enhancements*, Edgar Cantero's wholly original, modern-day adventure. When twentysomething A., the European relative of the Wells family, inherits a beautiful, yet eerie, estate set deep in the woods of Point Bless, Virginia, it comes as a surprise to everyone—including A. himself. After all, he never knew he had a "second cousin, twice removed" in America, much less that his eccentric relative had recently committed suicide by jumping out of the third floor bedroom window—at the same age and in the same way as his father had before him . . . Together with A.'s companion, Niamh, a mute teenage punk girl from Ireland, they arrive in Virginia and quickly come to feel as if they have inherited much more than just a rambling home and an opulent lifestyle. Axton House is haunted... they know it...but the presence of a ghost is just the first of a series of disturbing secrets they slowly uncover. What led to the suicides? What became of the Axton House butler who fled shortly after his master died? What lurks in the garden maze - and what does the basement vault keep? Even more troubling, what of the rumors in town about a mysterious yearly gathering at Axton House on the night of the

winter solstice? Told vividly through a series of journal entries, cryptic ciphers, recovered security footage, and letters to a distant Aunt Liza, Edgar Cantero has written an absorbing, kinetic and highly original supernatural adventure with classic horror elements that introduces readers to a deviously sly and powerful new voice.

The Loop Approach - Sebastian Klein

2020-05

How best to adapt established companies to a rapidly changing economy has long been a topic of debate in both the corporate and academic worlds. This challenge is especially pressing for large organizations that may have grown top-heavy and rigid with time but now need to be light on their feet to stay relevant and profitable. Until now, the best attempts have consisted of plucking tools and methods from the world of start-ups and applying

them wholesale in large corporate environments. Most of these efforts have either fizzled or failed outright because they lacked a framework for a comprehensive corporation-sized rollout. The Loop Approach introduces a new series of methods that could help change the course of operations for even the most colossal organizations. Sebastian Klein and Ben Hughes provide a wide-ranging set of guidelines for achieving corporate agility, complete with checklists and worksheets that should prove instantly applicable. Want proof? The methods outlined in The Loop Approach have already been successfully implemented at such European corporate giants as Audi, Deutsche Bahn, and Telekom.

Hirngeflüster - Prof. Dr. Martin

Korte 2019-09-20

Die geburtenstarken Jahrgänge kommen in die Jahre und sorgen sich um ihre Gedächtnisleistung. Aber auch jüngere Semester versuchen, ihr Gehirn auf Höchstleistung zu bringen, denn im internationalen Wettbewerb bedeutet jeder Lern- und Wissensvorteil individuellen - und damit ökonomischen - Gewinn. Doch wie bringen wir unser Gehirn in Schwung? Und welche Art des Gedächtnistrainings funktioniert wirklich? In "Hirngeflüster" erklärt Neurobiologe Martin Korte, warum uns nicht alle Formen des Gehirnjoggings weiterbringen und was wir wirklich tun können, um unsere Gedächtnisleistung dauerhaft zu erhalten und zu verbessern. Sudoku, das Memorieren von Zahlenreihen oder der berühmte Knoten im Taschentuch - um unserem Gedächtnis auf die Sprünge zu helfen, gibt es zahlreiche Methoden. Doch viele der gängigen Techniken trainieren nur Spezialfähigkeiten, die uns zwar so manche Aufgabe leichter erledigen lassen, aber sich nicht auf andere kognitive Tätigkeiten auswirken. Vor allem aber verjüngen sie weder unser Gehirn noch verbessern sie unser Gedächtnis als Ganzes. Dazu kommt, dass jeder Mensch anders lernt und somit auch unterschiedliche Merkhilfen benötigt. Echten Erfolg hat nur, wer versteht, wie unser

Gedächtnis funktioniert und welche Faktoren unsere Gehirnleistung beeinflussen. Wissenschaftlich fundiert und praxisorientiert zugleich erklärt Martin Korte, welche Erinnerungstechniken uns in welchen

Lebensbereichen weiterbringen, warum der Student sein Gehirn anders trainieren sollte als der Rentner und wie äußere Faktoren wie Ernährung, Sport, Schlaf und soziales Miteinander unsere Gehirnleistung beeinflussen.
