Models for Effective Writing is a rhetorically organized, varied, and rich collection of writings by student and professional authors. This valuable writing resource focuses on demonstrating the various rhetorical modes, such as classification and cause/effect. In addition, it contains a sizable argumentation section, along with significant coverage of narrative, descriptive, and expository writing. The second edition retains the relaxed style and thoughtful features that made the original instructional content clear and accessible. Within each section, selections are organized in order of increasing difficulty, followed by questions and vocabulary exercises at the end of each section. Separate introductory chapters, The Reading Process and The Writing Process, are also included to help improve basic reading and writing skills. The Agony and the Eggplant - Walter Hogan 2001

The Agony and the Eggplant is the first book-length study of author, illustrator, and radio personality, Daniel Pinkwater. Pinkwater began writing and illustrating children's books in 1970 and has been a prolific author for three decades. He has written over 70 books altogether: more than fifty picture books, a dozen books for middle-grade or intermediate readers, half a dozen books for adolescents, an adult novel, and several books of nonfiction. This fifth volume in the Scarecrow Studies in Young Adult Literature series discusses nearly all of Pinkwater's books, and emphasizes his young adult fiction: Alan Mendelsohn, the Boy from Mars (1979), The Snarkout Boys and the Avocado of Death (1982), The Snarkout Boys and the Baconburg Horror (1984), Young Adult Novel (1982), Young Adults (1985), and The Education of Robert Nifkin (1997). Pinkwater is a humorist, and many of his stories involve science fiction or fantasy themes. He is often compared with Douglas Adams and Kurt Vonnegut; his style

is often likened to Monty Python and Mad magazine. Pinkwater's fiction has often been described as "wacky" and "zany;" *The Agony and the Eggplant* will go beyond those clichés to place Pinkwater as a classical satirist, an American humorist, and a master of children's literature. This volume is sprinkled with quotes and observations from Pinkwater, one of the funniest men alive. A highly entertaining look at the man responsible for some of the most unique young adult fiction on the market.

Great Books for Boys - Kathleen Odean 2000

"The author of *Great Books for Girls* again draws on her experience as a librarian. Like the companion volume, her new roundup includes picture books as well as books for middle graders and older readers, approximately to age 14. Odean's annotations are, as before, a clearly written combination of content and commentary, with basic imprint information (though no ISBNs) and suggested age level provided for each book. She has retained some titles from the previous book, but many are different. The organization is also slightly different here, and the table of contents has been expanded for easier use."--Booklist
