**Tantra** - Andre van Lysebeth 2002-10-01

Known only for the virtues of its sexual practice, ancient Tantric ideology is a universal and wide-reaching ideology virtually ignored in the West. In *Tantra: The Cult of the Feminine*, one of Europe's foremost Tantric authors and teachers, Andre Van Lysebeth, gives readers a balanced, well-informed, modern examination of the secret teachings and symbolism of Tantra. Espousing no dogma, Tantra involves a search for reality that contradicts neither science nor religion. For Tantra, all of the myriad energy forms in the universe -- gravity, nuclear cohesion, electromagnetism -- exist throughout the cosmos. "Scientifically speaking, the universe is a gigantic continuum ranging from sub-atomic to astronomical dimensions. Tantrists have perceived this unity for over thirty-five centuries," points out van Lysebeth in his introduction. Originally published in 1992, *Tantra* has become the classic text on the subject, the source for serious students. Eight full-color illustrations and 36 line drawings complement a comprehensive and contemporary explanation of Tantra, complete with meditations. Andre does a remarkable job of bringing ancient theories into the modern world.

High Magic - Frater U.:D.: 2005

Of course, Magic is Magic wherever. But Ceremonial Magic - with or without a k ending - is perceived as largely European in origin and practice. The Golden Dawn, Aurum Solis, O.T.O were European and even AMORC, B.O.T.A., G.B.G. were mostly European inspired. As valid as these esoteric orders were and are, they are at best schools and the knowledge taught is now widely available. What is key is not the knowledge but the self-accomplishment that comes only through personal experience (otherwise known as 'self-initiation'). The essence of Magic is a simple formula based on the exercise of Will, Imagination, and Gnosis or Magical Trance. It is a 'technology' and must be mastered like any technology through understanding and practice. Like playing the piano, it takes discipline to continue practicing basic exercises until it all becomes second nature and can function as an art as well. "And, what for?" Not to perform tricks or miracles. Not to wear fancy robes and chant barbarous words. Not to reach high degrees with grand titles in a secret order. No, it is to transform and transmute your own self and thus to become more than you were, not merely to accelerate normal human evolution but to actually move beyond and be a co-creator. And to finally answer those questions: "Who am I? Where did I come from? Where am I going?" High Magic is an active program for self-discovery and Self-Realization. This book by a famed contemporary German magician self-instructs the student through a series of basic exercises and real magical practices that train the magician through a consistent program combined with examples and explanations. Each step is thorough without

extravagance; the program is effective and entirely self-directed (as must be all real learning); the book is encyclopedic in depth and inclusive even of chaos and cyber magic. Tables and Charts simplify the learning process. The system starts with immediate immersion in ritual practice starting with the Kabbalistic Cross and Lesser Banishing Ritual of the Pentagram and moves through beginning to advanced levels of Practical Sigil Magic, Ritual Magic, Elemental Magic, the Greater Ritual of the Pentagram, Planetary Magic, the Hexagram Ritual, Mantra Meditation, the Magical Gaze, Magical Trance, the Pan Ritual, Money Magic, Talisman Magic, Moon Magic, Chaos Magic and Cyber Magic. In each case, practice is used to instruct - nothing is presented as 'theory only.' You will find everything analyzed, explained and justified with refreshing and truly uncommon common sense! The author fully dispels the myths and subterfuges of archaic magical orders and explores the role of the Unconscious Mind, the issues of Religion and Mysticism, the nature of High and Low Magic, the function of Myth and the role of Drama in Ritual, the Magical Nature of Reality and Magical Perception, Dream Work in relation to Magical Training, the Magical Imagination and training for Visualization, Psychic Protection, Invocation and Evocation, the Calling and Movement of Energies, Charging, Paradigm Shifting, what is really means 'to Keep Silent,' 'the power of Intention & definition of Magical Goals, the ritual use of Symbols and Gestures, the power of Words, the Magician's Universe, the magical pronunciation of Hebrew Letters, the Magician's Tools, Mantric Sigils, the IAO formula, and much more. High Magic is as central to Western culture as are science, technology, the rule of law, democracy and the entrepreneurial economy. Its practice and application should be part of your daily life starting now.

Love, Freedom, and Aloneness - Osho 2002-12-13

Osho, one of the greatest spiritual thinkers of the twentieth century, explores the connections between ourselves and others in *Love, Freedom, and Aloneness: The Koan of Relationships*. In today's world, freedom is our basic condition, and until we learn to live with that freedom, and learn to live by ourselves and with ourselves, we are denying ourselves the possibility of finding love and happiness with someone else. Love can only happen through freedom and in conjunction with a deep respect for ourselves and the other. Is it possible to be alone and not lonely? Where are the boundaries that define "lust" versus "love"...and can lust ever grow into love? In *Love, Freedom, and Aloneness* you will find unique, radical, and intelligent perspectives on these and other essential questions. In our post-ideological world, where old moralities are out of date, we have a golden opportunity to redefine and revitalize the very foundations of our lives. We have the chance to start afresh with ourselves, our relationships to others, and to find fulfillment and success for the individual and for society as a whole. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity

to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

**God Is a Bitch Too** - María Paz Guerrero 2020-12-15

Poetry. Translated by Camilo Roldán. GOD IS A BITCH TOO proposes a raw look at the contemporary. Its language is accelerated, acidic, unstructured. In this chapbook, god is needy, Latin American, and an overweight woman. No one asks god to dance. Someone speaks, someone tries: One is the measure of their body.

**Trinity** - Carl de Keyzer 2008

Trinity is a milestone in the work of Magnum photographer Carl de Keyzer. It is a triptych on the theme of the omnipresence of power and violence. The title itself refers not only to the traditional image of the Supreme Power in classical painting, but also, for example, to the code name of the ominous project with which Oppenheimer led a team of atomic physicists to produce the first atom bomb. Based on three probing themes, De Keyzer grabs contemporary power, its senseless violence and worldwide devastation by air with oppressive images: Tableaux d'Histoire, Tableaux de Guerre, Tableaux Politiques. The first tableaux cast a surprising light on the theatrical that has characterised power since time immemorial and without which it could not exist. The second perspective shows us violence as a timeless, placeless phenomenon. War appears in an aesthetic of the sublime, although subdued and painful, as glorification, heroism and justification are absent. The third part takes us behind the scenes of political power, which should, when all is said and done, actually be the power of the people: the façade, the lobbying, the backrooms, the haggling.

**Linda Goodman's Sun Signs** - Linda Goodman 2014-01-09

The New York Times—bestselling author's classic guide to astrology: "What makes Sun Signs different is that much of the writing is done with humor" (The Boston Globe). Newspapers began running astrology columns, and soon, an increasing number of people knew their sign (as well as yours) and began to study astrological tendencies. Linda Goodman's Sun Signs quickly established itself as the worldwide introductory bible to astrology for beginner and expert alike. The book's simple organizational technique made it easy for everyone to follow and understand themselves and others, sign-by-sign. This updated edition of the groundbreaking classic is an enjoyable way to discover the world of astrology today.

**La Cucina** - Lily Prior 2013-02-26

Since childhood, Rosa Fiore -- daughter of a sultry Sicilian matriarch and her hapless husband -- found solace in her family's kitchen. La Cucina, the heart of the family's lush estate, was a place where generations of Fiore women prepared sumptuous feasts and where the drama of extended family life was played out around the age-old table. When Rosa was a teenager, her own cooking became the stuff of legend in this small community that takes pride in the bounty of its landscape and the eccentricity of its inhabitants. Rosa's infatuation with culinary arts was rivaled only by her passion for a young man, Bartolomeo, who, unfortunately, belonged to another. After their love affair ended in tragedy, Rosa retreated first into her kitchen and then into solitude, as a librarian in Palermo. There she stayed for decades, growing corpulent on her succulent dishes, resigned to a loveless life. Then, one day, she meets the mysterious chef, known only as I'Inglese, whose research on the heritage of Sicilian cuisine leads him to Rosa's library, and into her heart. They share one sublime summer of discovery, during which I'Inglese awakens the power of Rosa's sensuality, and together they reach new heights of culinary passion. When I'Inglese suddenly

vanishes, Rosa returns home to the farm to grieve for the loss of her second love. In the comfort of familiar surroundings, among her, growing family, she discovers the truth about her loved ones and finds her life transformed once more by the magic of her cherished Cucina. Exuberant and touching, La Cucina is a magical evocation of life's mysterious seasons and the treasures found in each one. It celebrates family, food, passion, and the eternal rapture of romance.

**Osho** - Osho 2007-09

Osho considered Saraha, the founder of Tantra, to be one of the five great benefactors of humanity in bringing this form of Eastern existentialism to the world, while Western existentialism focuses on the negatives of anguish, depression and anxiety, Osho argues, Tantra focuses on all that is beautiful joyful and blissful, *The Tantra Experience* - Osho 2012-02-14

This life is a gift from existence, to be lived and enjoyed. But with the seemingly impossible and conflicting demands of society, morality and culture, people struggle with feelings of unfulfilled potential, frustration and guilt, rather than living full lives. The world of Tantra has no division between higher and lower. The simple, ordinary, things of life are transformed into great things when we enter into them totally – be it car fixing, floor cleaning or lovemaking. Osho shows how, living this vision, new heights of consciousness and freedom are realized. "The days of tantra are coming. Sooner or later tantra will explode for the first time in the masses, because for the first time the time is ripe -- ripe to take sex naturally. One thing to be remembered always: if you are not very alert you may go on believing that you are moving into tantra, and you may be simply rationalizing your sexuality -- it may be nothing but sex, rationalized in the terminology of tantra. If you move into sex with awareness, it can turn into tantra. If you move into tantra with unawareness, it can fall and become ordinary sex."

**The Spiritual Journey of Alejandro Jodorowsky** -

Alejandro Jodorowsky 2008-05-27

Jodorowsky's memoirs of his experiences with Master Takata and the group of wisewomen--magiciennes--who influenced his spiritual growth • Reveals Jodorowsky turning the same unsparing spiritual vision seen in *El Topo* to his own spiritual quest • Shows how the author's spiritual insight and progress was catalyzed repeatedly by wisewoman shamans and healers In 1970, John Lennon introduced to the world Alejandro Jodorowsky and the movie, *El Topo*, that he wrote, starred in, and directed. The movie and its author instantly became a counterculture icon. The *New York Times* said the film "demands to be seen," and *Newsweek* called it "An Extraordinary Movie!" But that was only the beginning of the story and the controversy of *El Topo*, and the journey of its brilliant creator. His spiritual quest began with the Japanese master Ejo Takata, the man who introduced him to the practice of meditation, Zen Buddhism, and the wisdom of the koans. Yet in this autobiographical account of his spiritual journey, Jodorowsky reveals that it was a small group of wisewomen, far removed from the world of Buddhism, who initiated him and taught him how to put the wisdom he had learned from his master into practice. At the direction of Takata, Jodorowsky became a student of the surrealist painter Leonora Carrington, thus beginning a journey in which vital spiritual lessons were transmitted to him by various women who were masters of their particular crafts. These women included Doña Magdalena, who taught him "initiatic" or spiritual massage; the powerful Mexican actress known as La Tigresa (the "tigress"); and Reyna D'Assia, daughter of the famed spiritual teacher G. I. Gurdjieff. Other important wisewomen on Jodorowsky's spiritual path include María Sabina, the priestess of the sacred mushrooms; the healer Pachita; and the Chilean singer Violeta Parra. The teachings of these women enabled him to discard the emotional armor that was hindering his advancement on the path of spiritual awareness and enlightenment.

**Inner Engineering** - Sadhguru 2016-09-20

NEW YORK TIMES BESTSELLER • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. "A loving invitation to live our best lives and a profound reassurance of why and how we can."—Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds: Learning to Be Creative* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young daredevil who crossed the

Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means "dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life." The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.

**THERAPEUTIC TAROT TRAINING - Volume 1 -MAJOR ARCANA -**  
Veet Pramad 2020-07

The book "THERAPEUTIC TAROT TRAINING- Volume 1 - MAJOR ARCANA" is a highly didactic treatise that, starting from the basic principles of esotericism, unveils the 78 Arcana. It does not place the objective of the work in divination or in advising on specific matters, but in the self-knowledge and transformation of the human being. It was taking shape from the notes that I had been giving for my students since 1986, so that it is accessible to laymen as very enriching for the initiates. This innovative and progressive work makes the connection between the ancient tradition of the Arcana with modern psychotherapy, also accompanying the paradigm shift that marks the entry into a New Age. With a holistic approach, the meanings of the letters are elaborated through a systematic study of their symbols, present mythology and astrological, numerological and kabbalistic correspondences, showing how all these paths converge towards the same wisdom. Of the various tarots shown, the deck studied in greater depth is that of Aleister Crowley & Frieda Harris, concluded in 1944, cleansed of moralisms and ancient doctrines and therefore more suitable for diving and understanding the psyche of the current human being. MAIN THEMES COVERED: - Study of the 22 Arcana as phases of the growth of human consciousness.- Origins and history of the Tarot.- Presentation of the ritual and THERAPEUTIC READING, created by me resignifying the Celtic Cross. This reading studies: 1- The internal impulses and brakes that the person is feeling at this moment. 2- The crystallized behavior patterns, which block the individual's achievement. 3- Children's programming. 4- The Voice of the Essence. 5- The working method to remove the behavior patterns and tune into the Essence. 6- The Growth Path or possible evolution of the table if the proposed keys are used.- Extensive study of each Major Arcana from its most universal or archetypal level to the most everyday level; breaking with the stereotypical and expired vision that some cards had accumulated.- Summary of meanings and key words.- Introduction to the Tree of Life. Finally, the book "TRAINING IN THERAPEUTIC TAROT - Volume 1 - ARCANOS MAYORES" is not just for reading, but also for living. Enjoy. With love. Veet Pramad

**Moksha** - Aldous Huxley 1999-04-01

Selected writings from the author of Brave New World and The Doors of Perception on the role of psychedelics in society. • Includes letters and lectures by Huxley never published elsewhere. In May 1953 Aldous Huxley took four-tenths of a gram of mescaline. The mystical and transcendent experience that followed set him off on an exploration that was to produce a revolutionary body of work about the inner reaches of the human mind. Huxley was decades ahead of his time in his anticipation of the dangers modern culture was creating through explosive population increase, headlong technological advance, and militant nationalism, and he saw psychedelics as the greatest means at our disposal to "remind adults that the real world is very different from the misshapen universe they have created for themselves by means of their culture-conditioned prejudices." Much of Huxley's writings following his 1953 mescaline experiment can be seen as his attempt to reveal the power of these substances to awaken a sense of the sacred in people living in a technological society hostile to mystical revelations. Moksha, a Sanskrit word meaning "liberation," is a collection of the prophetic and visionary writings of Aldous Huxley. It includes selections from his acclaimed novels Brave New World and Island, both of which envision societies centered around the use of psychedelics as stabilizing forces, as well as pieces from The Doors of Perception and Heaven and Hell, his famous works on consciousness expansion.

**Psychology and the East** - C.G. Jung 2018-09-03

'These writings of his are strongly alive; in most instances Jung does not present us with final solutions and last words about any of the great East-West problems, but rather with suggestions for a deeper kind of approach, thus opening up new planes of investigation.' - Journal of Analytical Psychology "My own world of European consciousness had become peculiarly thin... it is quite possible that India is the real world and that the white man lives in a madhouse of abstractions." C.G. Jung was inspired to write these words after his very first visit to India.

Long concerned with the hold that myth and archetype had on the human psyche, it was inevitable that the legendary psychoanalyst would turn his attention to Eastern modes of thought. Psychology and the East collects together many of Jung's most memorable writings on the subject, including his Psychological commentaries on the I Ching and The Tibetan Book of the Dead, his thoughts on Buddhism and Islam and a full travelogue of that fateful first encounter with India in 1936.

**In Love with Life** - Osho 2015-01-13

In his preface to *Ecce Homo*, Friedrich Nietzsche says

this: "With [Thus Spoke Zarathustra] I have given mankind the greatest present that has ever been made to it so far. This book, with a voice bridging centuries, is not only the highest book there is, the book that is truly characterized by the air of the heights—the whole fact of man lies beneath it at a tremendous distance—it is also the deepest, born out of the innermost wealth of truth, an inexhaustible well to which no pail descends without coming up again filled with gold and goodness." Perhaps only a contemporary mystic like Osho could truly understand what Nietzsche meant by this statement. In *Love with Life* shares Osho's understanding of both Nietzsche the man and of his seminal work, with extraordinary clarity and relevance to readers in the 21st century. Ten chapters have been selected from a series of 43 talks given by Osho, first published as two volumes: *Zarathustra: A God that Can Dance*, and *Zarathustra: The Laughing Prophet*. Here, Nietzsche is rescued from any remaining taint brought on by the Nazi misunderstanding and appropriation of his work, and we also learn much about the mysterious and revolutionary Persian mystic Zarathustra (Zoroaster), whom Nietzsche chose as a spokesperson. The result is an enchanting journey through a world where life is celebrated, not renounced, and where timeless truths prevail over the lies and distortions that continue to cripple our efforts to become healthy and whole.
