*Transitioning from the Informal to the Formal Economy* - International Labour Conference 2013

Provides an overview of the phenomenon of the informal economy, its impact on the attainment of decent work for all workers and employers and the ILO's approach to the transition to formality, as set out in the 2002

Conclusions. Looks at the regulatory environment relating to the informal economy at the international and national levels, with examples of existing

laws and practice from different regions, legal systems, traditions and circumstances adopted by ILO constituents to ensure a progressive transition to the formal economy. Examines the need for an integrated policy framework, encompassing the ILO's four strategic objectives (fundamental principles and rights at work, employment, social protection and social dialogue) adapted to the national context of each member State for a progressive transition to the formal economy and decent work.

[2018-19 Annual Report](#) - Centre for Invasive Species Solutions 2019

**Water Consumption and Sustainable Water Resources Management** - OECD 1998-03-25

This report presents the discussions and conclusions of the OECD workshop on sustainable water consumption. It examines progress made on a range of key water policy issues and examines some of the more innovative attempts to put into practice a wider vision of integration.

**La Transition de L'économie Informelle Vers L'économie Formelle** - International Labour Conference 2015
