Multinational Enterprises and the Global Economy - John H. Dunning 2008-01-01

For many years to come this volume. . .is surely going to be the ultimate reference work on international business. . . thanks to Dunning and Lundan, have at their disposal, a wealth of relevant data, as well as theoretical and empirical analyses, which will enable them to assess the capabilities, contributions and challenges posed by the multinational enterprises to the global economy. Seev Hirsch, International Business Review Multinational Enterprises and the Global Economy has become a classic in international business. . . Yet , the book s second edition is even better than the first, in part because of Professor Dunning s wise decision to choose Dr Lundan as his co-author and to draw upon her deep knowledge of various strands of research on business government relations and the societal effects of firm behaviour. . . In addition to being a remarkably useful reference book, *Multinational Enterprises and the Global Economy* is the first book any IB doctoral student should read to understand the significance and richness of IB scholarship as it has developed over the past 50 years. Alain Verbeke, Journal of International Business Studies The second edition of *Multinational Enterprises and the Global Economy* provides unparalleled coverage not only of the literature relevant to IB research but also of the evolution of IB in the world economy. Dunning and Lundan offer powerful insights into the societal effects of MNEs and the role of business government relations in the IB context. Journal of International Business Studies This wonderful book offers the definitive synthesis of the modern literature on the economic aspects of international business. It is encyclopedic yet full of incisive insights. It is a creative masterpiece which unbundles the DNA of the multinational enterprise and shows how it is the cornerstone of the field of international business. Alan M. Rugman, University of Reading, UK The rise of the multinational enterprise, and the consequent globalisation of the world economy, was arguably the single most important phenomenon of the second half of the twentieth century. This magisterial book, written by two leading authorities, examines this phenomenon in depth. It explains how foreign investment by multinationals diffused advanced technologies and novel management methods, driving productivity growth in Europe, Asia and North America; however, economic inequalities were reinforced as rich countries attracted more foreign investment than poor ones. This new edition of a classic work is not only an authoritative guide to contemporary multinational business, but a major historical resource for the future. Mark Casson, University of Reading, UK This thoroughly updated and revised edition of a widely acclaimed, classic text will be required reading for academics, policymakers and advanced students of international business worldwide. Employing a distinctive and unified framework, this book draws together research across a range of academic fields to offer a synthesis of the determinants of MNE activity, and its effects on the economic and social well-being of developed and developing countries. Unique to the new edition is its focus on the institutional underpinnings of the resources and capabilities of MNEs, and the role of MNE activity in transmitting and facilitating institutional change. Since the initial publication of this book more than a decade ago, the economic, managerial and social implications of globalisation and technological advancement have become even more varied and prominent. Accompanying these developments, there has been a rise in scholarly interest in interdisciplinary research addressing the important challenges of an ever-changing physical and human environment.

Drawing on articles and books from international business and economics, as well as economic geography, political economy and strategic management, a systematic overview of the developments in scholarly thinking is prese

Peak 40 - Marc Bubbs 2021-05-20

Work smarter, not harder. The first guide to truly holistic health and fitness for those in their 40s From Tom Brady to Serena Williams, Tiger Woods and Roger Federer athletes are increasingly peaking later in their careers. Let Dr Marc Bubbs be your personal trainer in this accessible guide— aimed exclusively at those in their 40s. Create a customized program that works for YOU—from diet, to sleep, type of training and mindset, this book has all the tools you need. Peak 40 is for anyone wanting to rediscover the best version of themselves coming into their 40s. Author Dr Marc Bubbs is a performance nutritionist with a portfolio of professional and Olympic athletes - but he is also the dad of three girls, all under 7! Dr. Bubbs is here with you, in the eye of the mid-life storm, and he has created the ultimate book to help you through it. For fans of Joe Wicks and Michael Mosley, Dr. Bubbs offers simple, evidence-based and time-efficient strategies to help you reignite your energy and passion. His realistic, grown-up and non-judgemental approach is to explain the effect some food groups and lack of exercise and sleep have on our body. The information presented is easy to digest and he offers advice that can be tailored to your body and personality type. In his expert opinion, small changes such as ‘not eating after 8pm for five out of seven days’ can have a big impact on weight loss and positive mood. Rather than eliminating certain food groups like fats and carbohydrates, he looks at ‘turning the dial’ on them depending on individual needs. If life has become too sedentary, he provides ways to increase suppleness so that you can start to reintroduce movement into your life without causing pain. Guiding us through the myriad of confusion lifestyle messages, Dr. Bubbs teaches us: How to increase flexibility How to train with achy joints, knees, back, shoulders... Whether a plant-based diet is right How to maintain bone health Whether to lift weights Who should do HIIT (and who shouldn’t) The importance of glucose control in your diet Advice on dealing with anxiety and low mood How to set realistic expectations "[Bubbs] dives into the nutrition and science—where it’s been and where it’s heading."—Zack Bitter, world record-holding ultra marathoner, as heard on "The Joe Rogan Experience" "Dr. Bubbs's advice on nutrition, health, and recovery for peak performance has been a game changer!"—Kevin Pangos, point guard, Barcelona FC Basketball

The Sailor's Book of Small Cruising Sailboats - Steve Henkel 2010-01-15

For the first time ever, a comparative survey of 95 percent of the fiberglass pocketcruising sailboats ever built Author Steve Henkel has researched hundreds of cruising sailboats less than 26 feet long--pocket cruisers--to create this definitive gallery and handbook of the small cruising sailboats built in the last 45 years. With detailed plans, specifications, performance indexes, and commentary for every model the author could find (360 in all!), *The Sailor's Book of Small Cruising Sailboats* is your ideal core reference for the used and new boats you see on the water.

Those People - Louise Candlish 2019-06-27

FROM THE BESTSELLING AUTHOR OF OUR HOUSE, WINNER OF THE CRIME & THRILLER BOOK OF THE YEAR AWARD 'One of this summer's most anticipated thrillers' Stylist 'Scarily plausible' Observer MEET THE NEIGHBOURS YOU'LL LOVE TO HATE Until Darren and Jodie move in, Lowland Way is a suburban paradise. Beautiful homes. Friendly neighbours. Kids playing out in the street. But Darren and Jodie don't follow the rules and soon disputes over loud music and parking rights escalate to threats of violence. Then, early one Sunday, a horrific crime shocks the street. As the police go house-to-house, the residents close ranks and everyone's story is the same: They did it. But there's a problem. The police don't agree. And the door they're knocking on next is yours. Praise for *Those People*: 'Guaranteed to have you vibrating with impotent fury ... a carefully crafted psychological thriller' Laura Wilson,

Guardian 'A feverish atmosphere is built up, with Candlish again skewering the peccadilloes and prejudices of her middle-class characters' Sunday Times 'You're in for a treat!' Lisa Jewell 'Those People is nail-bitingly tense from the first page to the last. Louise Candlish shows us the dark side of suburbia - and of ourselves' Erin Kelly 'Sharp satire and a plot that builds to a roiling boil with a couple of oh-so-clever final twists' Sarah Vaughan 'Beautifully modulated and terrifically suspenseful' Washington Post 'Twists aplenty, and such wonderful observation - I loved it' Clare Mackintosh 'An addictive, twisty page-turner about the neighbours from hell' Alice Feeney 'A delicious slice of suburban noir. I loved it' Harriet Tyce 'Candlish is a master at peeling away the veneer of middle-class respectability, and utterly nails the trials of living cheek-by-jowl with awful neighbours. You'll be asking yourself, "How far would I go?"' heat 'Booth's boorish presence causes sleep-deprived couples to bicker hatefully and grown siblings to become enraged with one another, until the whole community seems to turn on itself - with fatal consequences' Wall Street Journal 'A smart and twisty tale... a compelling read' Woman & Home 'A devilishly good thriller... with a wicked ending. Loved it' Laura Kemp 'Utterly gripping' RED 'A read that will make you rejoice for nice neighbours!' Prima 'Louise Candlish captures the mores of middle-class life and our worst, curtain-twitching tendencies like no one else' RED, online 'Full of marvellously toxic characters' Best 'An unsettling, darkly funny, artfully composed novel about the way we live now' Irish Times
