Maternity and Paternity at Work -

Laura Addati 2014-05-13

This report provides a picture of where we stand and what we have learned so far about maternity and paternity rights across the world. It offers a rich international comparative analysis of law and practice relating to maternity protection at work in 185 countries and territories, comprising leave, cash benefits, employment protection

and non-discrimination, health protection, breastfeeding arrangements at work and childcare. Expanding on previous editions, it is based on an extensive set of new legal and statistical indicators, including coverage in law and in practice of paid maternity leave as well as statutory provision of paternity and parental leave and their evolution over the last 20 years. The report also takes account of the recent economic crisis and austerity measures. It shows how well national laws and practice conform to the ILO Maternity Protection Convention, 2000 (No. 183), its accompanying Recommendation (No. 191) and the Workers with Family Responsibilities Convention, 1981 (No. 156), and offers guidance on policy design and implementation. This report shows that a majority of countries have established legislation to protect and support maternity and paternity at work, even

if those provisions do not always meet the ILO standards. One of the persistent challenges is the effective implementation of legislation, to ensure that all workers are able to benefit from these essential labour rights.

Heidi - Johanna Spyri 2016-10-02
Heidi is an orphaned girl initially raised by her aunt Detie in Maienfeld, Switzerland after the early deaths of her parents, Tobias and Adelheid (Detie's sister and brother-in-law). Detie brings 6-year-old Heidi to her paternal grandfather's house, up the mountain from Dorfli. He has been at odds with the villagers and embittered against God for years and lives in seclusion on the alm. This has earned him the nickname Alm-Uncle. He briefly resents Heidi's arrival, but the girl's evident intelligence and cheerful yet unaffected demeanor soon

earn his genuine, if reserved, affection. Heidi enthusiastically befriends her new neighbors, young Peter the goatherd, his mother, Bridget, and his blind maternal grandmother, who is "Grannie" to everyone. With each season that passes, the mountaintop inhabitants grow more attached to Heidi.

Bahadur Chettri 2007-12-07
Since its publication in the late 1950s, Mountains Painted with Turmeric has struck a chord in the hearts of hundreds of thousands of Nepali readers. Set in the hills of far eastern Nepal, the novel offers readers a window into the lives of the people by depicting in subtle detail the stark realities of village life. Carefully translated from the original text, Mountains Painted with Turmeric tells the story of a peasant farmer named Dhané (which means, ironically, "wealthy one") who is struggling to provide for his wife and son and arrange the marriage of his beautiful younger sister. Unable to keep up with the financial demands of the "big men" who control his village, Dhané and his family suffer one calamity after another, and a series of quarrels with fellow villagers forces them into exile. In haunting prose, Lil Bahadur Chettri portrays the dukha, or suffering and

sorrow, endured by ordinary peasants; the exploitation of the poor by the rich and powerful; and the social conservatism that twists a community into punishing a woman for being the victim of a crime. Chettri describes the impoverishment, dispossession, and banishment of Dhané's family to expose profound divisions between those who prosper and those who are slowly stripped of their meager possessions. Yet he also conveys the warmth and intimacy of village society, from which Dhané and his family are ultimately excluded.
