PRIX GONCOURT-WINNING
AUTHOR Any man—or woman—who wants to hear nothing—or no more—about love should put this book down. Anna and Louise could be sisters, but they don't know each other. They are both married with children, and for the most part, they are happy. On almost the same day, Anna, a psychiatrist, crosses paths with Yves, a writer, while Louise, a lawyer, meets Anna's analyst, Thomas. Love at first sight is still possible for those into their forties and long-married. But when you have already mapped out a life path, a passionate affair can come at a high price. For our four characters, their lives are unexpectedly turned upside down by the deliciously inconvenient arrival of love. For Anna, meeting Yves has brought a flurry of excitement to her life and made her question her values, her reliable husband, and her responsibilities to her children. For Louise, a successful career

woman in a stable and comfortable marriage, her routine is uprooted by the youthful passion she feels for Thomas. Thought-provoking, sophisticated, and, above all, amusing, Enough About Love captures the euphoria of desire through tender and unflinching portraits of husbands, wives, and lovers.

Martians, Go Home - Fredric Brown 2011-09-29

THEY WERE GREEN, THEY WERE LITTLE, THEY WERE BALD AS BILLIARD BALLS AND THEY WERE

EVERYWHERE! Luke

Devereaux was a science fiction writer, holed up in a desert shack waiting for inspiration. He was the first to see a Martian - but he certainly wasn't the last. It was estimated that one billion of them had arrived - one to every three human beings on Earth. Obnoxious green creatures who could be seen and heard (but not harmed) and who probed private sex lives as shamelessly as they exposed government secrets. No one

knew why they had come. No one knew how to make them go away - except perhaps, Luke Devereaux. Unfortunately he was going slightly bananas, so it wouldn't be easy. But for a science fiction writer nothing was impossible...

barbaric wonder and perverse evil ... and only if he succeeds will he avert the doom of all the world ...

Elric The Stealer of Souls -

Michael Moorcock 2008-02-19

“The stories here are the raw heart of Michael Moorcock. They are the spells that first drew me and all the numerous admirers of his work with whom I am acquainted into Moorcock’s luminous and captivating web.” -from the Foreword by Alan Moore, creator of V for Vendetta When Michael Moorcock began chronicling the adventures of the albino sorcerer Elric, last king of decadent Melniboné, and his sentient vampiric sword, Stormbringer, he set out to create a new kind of fantasy adventure, one that broke with tradition and reflected a more up-to-date sophistication of theme and style. The result was a bold and unique hero-weak in body, subtle in mind, dependent on

drugs for the vitality to sustain himself-with great crimes behind him and a greater destiny ahead: a rock-and-roll antihero who would channel all the violent excesses of the sixties into one enduring archetype. Now, with a major film in development, here is the first volume of a dazzling collection of stories containing the seminal appearances of Elric and lavishly illustrated by award-winning artist John Picacio-plus essays, letters, maps, and other material. Adventures include “The Dreaming City,” “While the Gods Laugh,” “Kings in Darkness,” “Dead God’s Homecoming,” “Black Sword’s Brothers,” and “Sad Giant’s Shield.” An indispensable addition to any fantasy collection, Elric: The Stealer of Souls is an unmatched introduction to a brilliant writer and his most famous-or infamous-creation. “The most significant UK author of sword and sorcery, a form he has both borrowed from and transformed.” -The Encyclopedia of Fantasy From

the Trade Paperback edition.

Sagara 2016-06-01

A powerful young warrior must return to the perilous city she escaped years ago in the New York Times–bestselling author’s fantasy series debut.

Seven years ago Kaylin fled the crime-riddled streets of Nightshade, knowing that something was after her.

Children were being murdered—and every victim had the same odd markings that had mysteriously appeared on her own skin. . . . Since then, Kaylin has learned to read, she’s learned to fight, and she’s become one of the vaunted Hawks who patrol and police the City of Elantra.

Alongside the winged Aerians and the immortal Barrani, she’s made a place for herself, far from the mean streets of her birth. But now children are dying once again. And a dark and familiar pattern is emerging. Kaylin is ordered back into Nightshade with a partner she knows she can’t trust, a dragon for a companion, and a device to

contain her powers—powers that no other human has. Her task is simple—find the killer, stop the murders . . . and survive the attentions of those who claim to be her allies . . .

Mother London - Michael

Moorcock 2016-06-30

Shortlisted for the Whitbread prize, MOTHER LONDON is a dazzling journey through the heart of a city that the author loved. Spanning generations of characters across a variety of boroughs from the Blitz to the mid-eighties, this is a book about the real London that tourists will never find, a London which is being erased by the spread of high-rise flats and shining skyscrapers.

Following a group of released mental patients across the years and streets of London, Moorcock creates a vivid impressionistic portrait of the city, from its downtrodden pubs to its green parks. All of the lead characters hear voices - but are they the murmurings of their damaged minds, or the true voice of the city?

The Rejection of

Consequentialism - Samuel

Scheffler 1994-08-11

In contemporary philosophy, substantive moral theories are typically classified as either consequentialist or deontological. Standard consequentialist theories insist, roughly, that agents must always act so as to produce the best available outcomes overall. Standard deontological theories, by contrast, maintain that there are some circumstances where one is permitted but not required to produce the best overall results, and still other circumstances in which one is positively forbidden to do so. Classical utilitarianism is the most familiar consequentialist view, but it is widely regarded as an inadequate account of morality. Although Professor Scheffler agrees with this assessment, he also believes that consequentialism seems initially plausible, and that there is a persistent air of paradox surrounding typical deontological views. In this book, therefore, he undertakes to reconsider the rejection of consequentialism. He argues

that it is possible to provide a rationale for the view that agents need not always produce the best possible overall outcomes, and this motivates one departure from consequentialism; but he shows that it is surprisingly difficult to provide a satisfactory rationale for the view that there are times when agents must not produce the best possible overall outcomes. He goes on to argue for a hitherto neglected type of moral conception, according to which agents are always permitted, but not always required, to produce the best outcomes.

[The Vanishing Tower](#) - Michael Moorcock 1987

Silverheart - Michael Moorcock 2005-09-06

This is a novel set at the very heart of Michael Moorcock's multiverse, in Karadur, city of metal, steam, and ancient families, the mighty clans of the metal. In six days, Max Silverskin, thief and trickster, must discover the secrets of his heritage or die from the witch

mark - the silverheart - which will devour his heart. Captain Cornelius Coffin, head of the clans' security forces, is in love with Lady Rose and obsessed with capturing Max. And there are others, in Shriltsi, Karadur's underworld twin, who know the prophecy which says that only Max Silverskin can save both realms. In Silverheart, Michael Moorcock and Storm Constantine have combined their talents to produce a novel that is both surreal and gothic. [The Golden Barge](#) - Michael Moorcock 2013-04-11 Jephraim Tallow went naked to

his mirror and viewed his strange body - stranger now for the absence of a navel. The blood had gone and so had his navel. Tallow deliberated upon this discovery and then, frowning, returned to bed. A number of hours later, Tallow awoke, put his hand into his mouth and found no blood, slid his large hand down his scrawny length and found no navel. He sighed and arose, donned his sackcloth clothes, opened the door of the hovel and looked out into the dark day full of mist. The mist was coming off the river, close by. This is the story of Jephraim Tallow's obsession with a mysterious golden barge, which he follows down-river, in the belief that, should he be able to board it, the answers to the mystery of his existence will be made clear.
