The Cambridge Handbook of World Englishes - Daniel Schreier 2020-01-02

The plural form 'Englishes' conveys the diversity of English as a global language, pinpointing the growth and existence of a large number of national, regional and social forms. The global spread of English and the new varieties that have emerged around the world has grown to be a vast area of study and research, which intersects multiple disciplines. This Handbook provides a comprehensive and authoritative survey of World Englishes from 1600 to the present day. Covering topics such as variationist sociolinguistics, pragmatics, contact linguistics, linguistic anthropology, corpus- and applied linguistics and language history, it combines discussion of traditional topics with a variety of innovative approaches. The chapters, all written by internationally acclaimed authorities, provide up-to-date discussions of the evolution of different Englishes around the globe, a comprehensive coverage of different models and approaches, and some original perspectives on current challenges.

The Varieties of Religious Experience - William James 2009-01-01

Harvard psychologist and philosopher William James' *The Varieties of Religious Experience: A Study in Human Nature* explores the nature of religion and, in James' observation, its divorce from science when studied academically. After publication in 1902 it quickly became a canonical text of philosophy and psychology, remaining in print through the entire century. "Scientific theories are organically conditioned just as much as religious emotions are; and if we only knew the facts intimately enough, we should doubtless see 'the liver' determining the dicta of the sturdy atheist as decisively as it does those of the Methodist under conviction anxious about his soul. When it alters in one way the blood that percolates it, we get the Methodist, when in another way, we get the atheist form of mind."

Visual Global Politics - Roland Bleiker 2018-02-13

We live in a visual age. Images and visual artefacts shape international events and our understanding of them. Photographs, film and television influence how we view and approach phenomena as diverse as war, diplomacy, financial crises and election campaigns. Other visual fields, from art and cartoons to maps, monuments and videogames, frame how politics is perceived and enacted. Drones, satellites and surveillance cameras watch us around the clock and deliver images that are then put to political use. Add to this that new technologies now allow for a rapid distribution of still and moving images around the world. Digital media platforms, such as Twitter, YouTube, Facebook and Instagram, play an important role across the political spectrum, from terrorist recruitment drives to social justice campaigns. This book offers the first comprehensive engagement with visual global politics. Written by leading experts in numerous scholarly disciplines and presented in accessible and engaging language, *Visual Global Politics* is a one-stop source for

students, scholars and practitioners interested in understanding the crucial and persistent role of images in today's world.

Nike: Better Is Temporary - Sam Grawe 2021-01-25

At Nike, the desire to be the best is a journey, not a destination--better is always temporary. Phaidon commemorates the company's influence with *Nike: Better is Temporary*, a landmark publication that charts Nike's transformation from rebellious upstart to global phenomenon. This immersive visual survey offers an unprecedented, behind-the-scenes exploration into Nike's ethos-driven design formula, placing industry-defining innovations and globally recognized products alongside previously unpublished designs, prototypes, insider stories, and more. Beginning with "Breaking2," an introduction detailing Nike's 2017 attempt to facilitate a sub-two-hour marathon, the book lays out in five thematic chapters Nike's focus on performance, brand expression, collaboration, inclusive design, and sustainability. The book's extraordinary design also nods to its contents. The striking cover features overlapping silkscreened layers of Nike's proprietary Volt yellow and Hyperpunch pink colors overlaying an image of world-champion marathoner Eliud Kipchoge printed in a half-tone dot pattern. The book's spine, visible through the clear jacket, showcases a series of colored tabs that extend from its interior pages and which are referenced in the book's bonus chapter, "Crafting Color." Combining 500 color illustrations with stories, insights, knowledge, passion, and history shared by Nike's remarkable team, *Nike: Better is Temporary* will serve as a manual of innovation and inspiration for generations to come.

Musical Instruments of the Arab World: Level 13 (Collins Big Cat Arabic Reading Programme) - Fatima Abdulkazem 2019-02

Collins Big Cat Arabic Reading Programme is a guided reading series for ages 3 to 11. The series is structured with reference to the learning progression of Arabic at nursery and primary schools researched especially for Collins. Fulla, the Small Elephant: Level 8 (Collins Big Cat Arabic Reading Programme) - Collins Uk 2016-08

Collins Arabic Big Cat is a guided reading series for ages 3 to 11. The series is structured with reference to the learning progression of Arabic at nursery and primary schools researched especially for Collins. This carefully graded approach allows children to build up their reading knowledge of Arabic step by step. Level 8

books are becoming more complex, although still strongly patterned but to a lesser extent than level 7. Although the focus remains on vowelings to aid the flow of reading with verbal sentences of up to 8-10 words, level 8 books have more events and episodes, fewer repeated patterns, and more complex vocabulary. Non-fiction titles use non-fiction tools - including signs, labels, captions and diagrams - where necessary. Double spacing is used between words to ensure children see where each new word in a sentence begins and ends. Fulla the baby elephant doesn't like being the smallest elephant in her group. When she meets Faris the mouse, though, Fulla realises that it's not how big you are on the outside that matters! A beautifully illustrated story by well-known children's book author Jane Simmons. Children can recap things in the story that Fulla was scared of using the story map on pages 14-15.

The United Nations World Water Development Report - UNESCO World Water Assessment Programme 2021-03-22

Water is a finite and non-substitutable resource. As the foundation of life, societies and economies, it carries multiple values and benefits. But unlike most other natural resources, it has proven extremely difficult to determine its true 'value'. The 2021 edition of the United Nations World Water Development Report, titled "Valuing Water" assesses the current status of and challenges to the valuation of water across different sectors and perspectives and identifies ways in which valuation can be promoted as a tool to help improve its management and achieve global sustainable development.

Phenomenology of Perception - Maurice Merleau-Ponty 2013-04-15

First published in 1945, Maurice Merleau-Ponty's monumental *Phénoménologie de la perception* signalled the arrival of a major new philosophical and intellectual voice in post-war Europe. Breaking with the prevailing picture of existentialism and phenomenology at the time, it has become one of the landmark works of twentieth-century thought. This new translation, the first for over fifty years, makes this classic work of philosophy available to a new generation of readers. *Phenomenology of Perception* stands in the great phenomenological tradition of Husserl, Heidegger, and Sartre. Yet Merleau-Ponty's contribution is decisive,

as he brings this tradition and other philosophical predecessors, particularly Descartes and Kant, to confront a neglected dimension of our experience: the lived body and the phenomenal world. Charting a bold course between the reductionism of science on the one hand and "intellectualism" on the other, Merleau-Ponty argues that we should regard the body not as a mere biological or physical unit, but as the body which structures one's situation and experience within the world. Merleau-Ponty enriches his classic work with engaging studies of famous cases in the history of psychology and neurology as well as phenomena that continue to draw our attention, such as phantom limb syndrome, synaesthesia, and hallucination. This new translation includes many helpful features such as the reintroduction of Merleau-Ponty's discursive Table of Contents as subtitles into the body of the text, a comprehensive Translator's Introduction to its main themes, essential notes explaining key terms of translation, an extensive Index, and an important updating of Merleau-Ponty's references to now available English translations. Also included is a new foreword by Taylor Carman and an introduction to Merleau-Ponty by Claude Lefort. Translated by Donald A. Landes.

Cultural Symbiosis in Al-Andalus - 2004

King of the Wind - Marguerite Henry 2012-12-11

He was named "Sham" for the sun, this golden-red stallion born in the Sultan of Morocco's stone stables. Upon his heel was a small white spot, the symbol of speed. But on his chest was the symbol of misfortune. Although he was swift as the desert winds, Sham's pedigree would be scorned all his life by cruel masters and owners. This is the classic story of Sham and his friend, the stable boy Agba. Their adventures take them from the sands of the Sahara to the royal courts of France, and finally to the green pastures and stately homes of England. For Sham was the renowned Godolphin Arabian, whose blood flows through the veins of almost every superior thoroughbred. Sham's speed—like his story—has become legendary.

[Political Aesthetics of Global Protest](#) - Pnina Werbner 2014-07-30

From Egypt to India, and from Botswana to London, worker, youth and middle class rebellions have taken on the political and bureaucratic status quo. When most people can no longer earn a decent wage, they pit themselves against the privilege of small, wealthy and often corrupt elites. A remarkable feature of the protests from the Arab Spring onwards has been the salience of images, songs, videos, humour, satire and dramatic performances. This collection explores the central role the aesthetic played in energising the massive mobilisations of young people, the disaffected, the middle classes and the apolitical silent majority. Discover how it fuelled solidarities and alliances among democrats, workers, trade unions, civil rights activists and opposition parties.
