Hidden away in the Record Department of the sprawling Ministry of Truth, Winston Smith skilfully rewrites the past to suit the needs of the Party. Yet he inwardly rebels against the totalitarian world he lives in, which demands absolute obedience and controls him through the all-seeing telescreens and the watchful eye of

Big Brother, symbolic head of the Party. In his longing for truth and liberty, Smith begins a secret love affair with a fellow-worker, Julia, but soon discovers the true price of freedom is betrayal.

Clyde Fans – Seth 2021-10-20
Legendary Canadian cartoonist Seth's magnus opus Clyde Fans, two decades in the making, appeared on twenty best of 2019 lists, including those

from the New York Times, the Guardian, and Washington Post, and was nominated for an Eisner Award and the Giller Prize. Clyde Fans peels back the optimism of mid-twentieth century capitalism, showing the rituals, hopes, and delusions of a vanished middle-class-garrulous self-made men in wool suits extolling the virtues of their wares to taciturn shopkeepers. Much like the myth of an ever-growing economy, the Clyde Fans family business is a fraud. The patriarch has abandoned it to mismatched sons, one who strives to keep the company afloat and the other who retreats into his memories. Abe and Simon Matchcard are brothers, struggling to save their archaic family business selling oscillating fans in a world switching to air conditioning. Simon flirts with becoming a salesman as a last-ditch effort to leave the protective walls of the family home, but is ultimately unable to escape Abe's critical voice

in his head. As Clyde Fans Co. crumbles, so does the relationship between the two men, who choose very different life paths but both end up utterly unhappy. Seth's intimate storytelling and gorgeous art allow cityscapes and detailed period objects to tell their own stories as the brothers struggle to find themselves suffocating in an airless home. Twenty years in the making, Clyde Fans peels back the optimism of mid-twentieth century capitalism. Legendary Canadian cartoonist Seth lovingly shows the rituals, hopes, and delusions of a middle-class that has long ceased to exist in North America-garrulous men in wool suits extolling the virtues of the wares to taciturn shopkeepers with an eye on the door. Much like the myth of an ever-growing economy, the Clyde Fans family unit is a fraud-the patriarch has abandoned the business to mismatched sons, one who strives to keep the business afloat and the

other who retreats into the arms of the remaining parent. Abe and Simon Matchcard are brothers, the second generation struggling to save their archaic family business of selling oscillating fans in a world switching to air conditioning. At Clyde Fans' center is Simon, who flirts with becoming a salesman as a last-ditch effort to leave the protective walls of the family home, but is ultimately unable to escape Abe's critical voice in his head. As the business crumbles so does any remaining relationship between the two men, both of whom choose very different life paths but still end up utterly unhappy. Seth's intimate storytelling and gorgeous art allow urban landscapes and detailed period objects to tell their own stories as the brothers struggle to find themselves suffocating in an airless city home. An epic time capsule of a storyline that begs rereading.

The Complete Maus - Art Spiegelman
1991

On the occasion of the twenty-fifth anniversary of its first publication, here is the definitive edition of the book acclaimed as "the most affecting and successful narrative ever done about the Holocaust" (Wall Street

Journal) and "the first masterpiece in comic book history" (The New Yorker). The Pulitzer Prize-winning Maus tells the story of Vladek Spiegelman, a Jewish survivor of Hitler's Europe, and his son, a cartoonist coming to terms with his father's story. Maus approaches the unspeakable through the diminutive. Its form, the cartoon (the Nazis are cats, the Jews mice), shocks us out of any lingering sense of familiarity and succeeds in "drawing us closer to the bleak heart of the Holocaust" (The New York Times). Maus is a haunting tale within a tale. Vladek's harrowing story of survival is woven into the author's account of his tortured relationship with his aging father. Against the backdrop of guilt brought by survival, they stage a normal life of small arguments and unhappy visits. This astonishing retelling of our century's grisliest news is a story of survival, not only of Vladek but of the children who

survive even the survivors. Maus studies the bloody pawprints of history and tracks its meaning for all of us.

The Art of Flying - Antonio Altarriba
2015-05-07

When published in 2009, The Art of Flying was hailed as a landmark in the history of the graphic novel in Spain for its deeply touching synthesis of individual and collective memories. A deeply personal testament, Altarriba's account of what led his father to commit suicide at the age of ninety is a detective novel of sorts, one that traces his father's life from an impoverished childhood in Aragon, to service with Franco's army in the Civil war, escape to join the anarchist FAI, exile in France when the Republicans are defeated, to return to Spain in 1949 and the stultifying existence to which Republican sympathisers were consigned under Francoism. The Art of

Flying is immensely moving and vivid, beautifully drawn by Kim. It was highly praised in Spain on first publication, where it was compared to Art Spiegelman's Maus. It went on to win six major prizes, including the 2010 National Comic Prize.

The Ghosts of Ellis Island - 2015
The Unframed Ellis Island project is about bringing alive the memory of Ellis Island, the entry point to America for millions of immigrants. Coming from all over the world, leaving their belongings, their family and their past behind them, with the fear that they may be sent back to it, the presence of these people who have shaped the modern American identity can still be felt in the buildings, although abandoned for the past 70 years. This is the opportunity to interpret the stories of these people through art.

Maus I, II - Art Spiegelman 2014
Art Spiegelman se aproxima al tema del Holocausto relatando la

experiencia de su propia familia en forma de memoria gráfica. Maus es la biografía de Vladek Spiegelman, judío polaco superviviente de los campos de exterminio nazis, contada por su hijo Art, dibujante de cómics que quiere dejar memoria de la persecución sufrida en Europa por millones de personas y de sus consecuencias en la vida cotidiana de las generaciones posteriores.

Street Cop - Robert Coover 2021-06-10

Along the way, Tomine tackles modern culture, sexual mores, and racial politics with brutal honesty and lacerating, irreverent humor, while deftly bringing to life a cast of painfully

real anti-hero characters. A frequent contributor to *The New Yorker*, Tomine has acquired a cult-like fan following and has earned a status as one of the most widely-acclaimed cartoonists of our time. *Shortcomings* was serialized in Tomine's iconic comic book series *Optic Nerve* and was excerpted in *McSweeney's Quarterly Concern* #13.

Maus - Art Spiegelman 2007
Maus es la historia de un superviviente de Auschwitz, Vladek Spiegelman narrada a su hijo Art, el autor del libro. Pero además, en *Maus* el autor también realiza un retrato de su padre en la actualidad (en el

momento en que se entrevista con él para que le relate sus recuerdos de la guerra) así como de su difícil y tensa relación con él. En Maus, Spiegelman va más allá del Holocausto para instalarse en la psicología del superviviente en un intento de deshacer la maraña de su relación paterno-filial, de la sombra de una madre suicida y del fantasma de un hermano santificado al que nunca conoció. Hay que mencionar que en Maus los personajes se nos muestran con rasgos faciales de animales, característica que se usa con fines narrativos; así, por ejemplo, los judíos son presentados ratones, mientras que los nazis como gatos.

Box Office Poison - Alex Robinson

2005

Winner of the Eisner Award for Talent Deserving Wider Recognition, the International Comics Festival Award for Best Debut Graphic Novel (Angouleme, France), and voted by Wizard Magazine as the best indy graphic novel of all time. "A convincing, absorbing and satisfying fictional portrait of post-college life in New York City."-- Publishers Weekly "A salute to comics, an exploration of the human condition, and a solid, absorbing, and riotously snide tale about at least half of the things that make life important."-- Tasha Robinson, The AV Club "Box Office Poison is a novel complex enough to provoke Book Talk. I even marked panels with post-it notes as I was reading so that I'd remember to show them to my friends."-- Kelly Sue DeConnick, Artbomb.com "The comic book equivalent of the world's best pineapple upside-down cake: layer upon layer of rich dramatic

goodness."-- Matthew Craig, Robotfist.com "Box Office Poison is to the comic book culture as Almost Famous is to that of rock and roll."-- Chris Tamarri, The Daily Targum This 608-page epic story of Sherman, Dorothy, Ed, Stephen, Jane, and Mr. Flavor is a true comics masterpiece. Alex Robinson's completely natural and inspiring knack for dialogue makes this story of dreary jobs, comic books, love, sex, messy apartments, girlfriends (and the lack thereof), undisclosed pasts, and crusty old professionals one of the most delightful and whimsical graphic novels to hit the stands in years. **Bunuel in the Labyrinth of the Turtles** - Fermín Solís 2020-11-14 A fascinating portrait of a pivotal period in the life of Spanish filmmaker Luis Buñuel Buñuel in the Labyrinth of the Turtles depicts a decisive moment in the life of the great Spanish filmmaker Luis Buñuel: the moment when he doubted surrealism

and contemplated embracing a more social type of cinema. At this crucial turning point in his career, he wanted to change the world by showing the hidden heart of reality. Buñuel was deeply affected by the harshness of Las Hurdes and the extreme misery of the people who live in this remote region, so with his friend, the movie producer Ramón Acín, he began work on the pseudo-documentary Land Without Bread. But in the mind of the great surrealist, reality inevitably clashed with dreams and childhood memories, threatening both the film and his friendship with Acín. It is at this moment that the Buñuel of the future was born.

Mandela and the General - John Carlin
2018-11

"Will the Freedom Struggle End in a Bloodbath? Nelson Mandela, the anti-apartheid hero and first leader of the new South Africa, is an international symbol of the power of

a popular movement to fight structural racism. But that nonviolent struggle for equality and justice very nearly spiraled into an all-out race war that would have only ended in "the peace of graveyards." As the first post-apartheid elections approach in 1994, with South African blacks poised to take power, the nation's whites fear reprisal. White nationalist militias claiming 50,000 well-armed former soldiers stand ready to fight to the death to defend their cause. They need someone who can lead and unite them. That man is General Constand Viljoen, former chief of apartheid South Africa's military. Mandela knows that he can't avert a bloodbath on his own. He will have to count on his archenemy. Throughout those historic months, the two men meet in secret. Can they trust each other? Can they keep their followers and radical fringe elements from acts of violence? The mettle of these two men will determine the

future of a nation. The drama of this contest and the history that pivoted on it comes vividly to life in visual form. Veteran British journalist John Carlin teams up with Catalan artist Oriol Malet to create a historically and artistically rich graphic novel with obvious relevance to today's polarized politics."--Provided by publisher.

Persepolis - Marjane Satrapi

2003-04-29

BEST SELLER • A NEW YORK TIMES NOTABLE BOOK • Wise, funny, and heartbreaking, Persepolis is Marjane Satrapi's acclaimed graphic memoir of growing up in Iran during the Islamic Revolution. "A wholly original achievement.... Satrapi evokes herself and her schoolmates coming of age in a world of protests and disappearances.... A stark, shocking impact." -The New York Times: "The 50 Best Memoirs of the Past 50 Years" In powerful black-and-white comic strip images, Satrapi tells the coming-of-age story of her life in Tehran from ages six to fourteen, years that saw

the overthrow of the Shah's regime, the triumph of the Islamic Revolution, and the devastating effects of war with Iraq. The intelligent and outspoken only child of committed Marxists and the great-granddaughter of one of Iran's last emperors, Marjane bears witness to a childhood uniquely entwined with the history of her country. Persepolis paints an unforgettable portrait of daily life in Iran and of the bewildering contradictions between home life and public life. Marjane's child's-eye view of dethroned emperors, state-sanctioned whippings, and heroes of the revolution allows us to learn as she does the history of this fascinating country and of her own extraordinary family. Intensely personal, profoundly political, and wholly original, Persepolis is at once a story of growing up and a reminder of the human cost of war and political repression. It shows how we carry on,

with laughter and tears, in the face of absurdity. And, finally, it introduces us to an irresistible little girl with whom we cannot help but fall in love.

Be a noise! - Art Spiegelman 2009-11

In the Shadow of No Towers - Art Spiegelman 2004

Once she was found safe in her school at the foot of the burning towers he returned home, to meditate on the trauma, and to work on a comic strip. Subversive, iconic, and burningly articulate, *In the Shadow of No Towers* is New Yorker Art Spiegelman's extraordinary account of 'the hijacking on 9.11 and the subsequent hijacking of those events' by America.

Pyongyang - Guy Delisle 2017-05-04
Famously referred to as part of the 'Axis-of-Evil', North Korea remains one of the most secretive and mysterious nations in the world today. A series of manmade and natural catastrophes have also left it one of the poorest. When the fortress-like country recently opened the door a crack to foreign investment, cartoonist Guy Delisle found himself in its capital Pyongyang on a work visa for a French film animation company, becoming one of the few Westerners to witness current conditions in the surreal showcase city. Armed with a smuggled radio and a copy of 1984, Delisle could only explore Pyongyang and its countryside while chaperoned by his translator and a guide. But among the statues, portraits and propaganda of leaders Kim Il-Sung and his son Kim Jong-Il - the world's only Communist dynasty - Delisle was able to observe more than was intended of the culture

and lives of the few North Koreans he encountered. His astute and wry musings on life in the austere and grim regime form the basis of this remarkable graphic novel. Pyongyang is an informative, personal and accessible look at an enigmatic country.

Breakdowns - Art Spiegelman

2008-10-07

The creator of the Pulitzer Prize-winning Maus explores the comics form ... and how it formed him! This book opens with Portrait of the Artist as a Young %@&*!, creating vignettes of the people, events, and comics that shaped Art Spiegelman. It traces the artist's evolution from a MAD-comics obsessed boy in Rego Park, Queens, to a neurotic adult examining the effect of his parents' memories of Auschwitz on his own son. The second part presents a facsimile of Breakdowns, the long-sought after collection of the artist's comics of the 1970s, the book that triggers these memories.

Breakdowns established the mode of formally sophisticated comics that transformed the medium, and includes the prototype of Maus, cubist experiments, an essay on humor, and the definitive genre-twisting pulp story "Ace Hole-Midget Detective." Pulling all this together is an illustrated essay that looks back at the sixties as the artist pushes sixty, and explains the obsessions that brought these works into being. Poignant, funny, complex, and innovative, Breakdowns alters the terms of what can be accomplished in a memoir.

Celestia - Manuele Fior 2021-07-20

This highly anticipated new graphic novel from Manuele Fior (The Interview and 5,000 KM Per Second) showcases his singular talents as a once-in-a-generation visual artist and a deeply empathetic writer who uses science fiction to look to the future of humanity. The "Great Invasion" originated from the sea. It

moved north across the mainland. Many fled, while some took refuge on a small concrete island called Celestia, built over a thousand years ago. Now cut off from the mainland, Celestia has become an outpost for criminals and other misfits, as well as a refuge for a group of young telepaths. Events push two of them, Dora and Pierrot, to flee the island and set sail to the mainland. There, they discover a world on the precipice of a metamorphosis, though also a world where adults are literally prisoners of their own fortresses, unintentionally preserving the "old world" at a time when a new generation could guide society towards a better humanity. Celestia is the most ambitious and successful graphic novel to date by one of the world's most exciting storytellers.

Maus II: A Survivor's Tale - Art Spiegelman 1991

Seven Pleasures - Willard Spiegelman
2009-04-27

What does it mean to be happy? Americans have had an obsession with "the pursuit of happiness" ever since the Founding Fathers enshrined it—along with life and liberty—as our national birthright. Whether it means the accumulation of wealth or a more

vaguely understood notion of self-fulfillment or self-actualization, happiness has been an inevitable, though elusive, goal. But it is hard to separate "real" happiness from the banal self-help version that embraces mindless positive thinking. And though we have two booming "happiness industries"—religion, with its promise of salvation, and psychopharmacology, with its promise of better living through chemistry—each comes with its own problems and complications. In *Seven Pleasures*, Willard Spiegelman takes a look at the possibilities for achieving ordinary secular happiness without recourse to either religion or drugs. In this erudite and frequently hilarious book of essays, he discusses seven activities that lead naturally and easily to a sense of well-being. One of these—dancing—requires a partner, and therefore provides a lesson in civility, or good citizenship, as one

of its benefits. The other six—reading, walking, looking, listening, swimming, and writing—are things one performs alone. *Seven Pleasures* is a marvelously engaging guide to the pursuit of happiness, and all its accompanying delights.

Body Music – Julie Maroh 2017–11–20
Julie Maroh's first book, *Blue Is the Warmest Color*, was a graphic novel phenomenon; it was a New York Times bestseller and the controversial film adaptation by French director Abdellatif Kechiche won the Palme d'Or at the Cannes Film Festival in 2013. Maroh's latest book, *Body Music*, marks her return to the kind of soft, warm palette and impressionistic sensibility that made her debut book so sensational. Set in the languid, European-like

neighborhoods of Montreal, *Body Music* is a beautiful and moving meditation on love and desire as expressed in their many different forms?between women, men, and gender non-conformists alike, all varying in age and race. In twenty separate vignettes, Maroh explores the drama inherent in relationships at different stages: the electricity of initial attraction, the elation of falling in love, the trauma of breaking up, the sweet comfort of a long-standing romance. Anyone who's ever been in a relationship will see themselves in these intimate stories tinged with raw emotion. *Body Music* is an exhilarating and passionate graphic novel about what it means to fall in love, and what it means to be alive. Julie Maroh studied comic art at the Institute Saint-Luc in Brussels and lithography and engraving at the Royal Academy of Arts in Brussels. She started writing her bestselling book *Blue Is the*

Warmest Color at the age of nineteen.

The Crossed Out Notebook - Nicolas Jacobone 2019-10-03

'This stylish debut novel by an Oscar-winning Argentine screenwriter (he co-wrote Birdman) is a suspenseful, darkly funny exploration of the creative process and the porous boundary between reality and fiction. Highly recommended' The Mail on Sunday, 'The Best New Fiction'

From the Academy Award-winning co-writer of Birdman, a wonderfully eccentric, suspenseful debut in the tradition of Misery and Kiss of the Spiderwoman about a screenwriter kidnapped by a world-famous director who orders him to compose a masterpiece. Pablo, a failed Argentine novelist-turned-screenwriter, has been kidnapped by the greatest Latin American film director of all time and is kept in a basement where he works, day after day, on what he is told must at all costs be a great, world-changing screenplay. Every night, after finishing work on the script, Pablo writes in his notebook and every morning he crosses out what he wrote the night before. The Crossed-Out Notebook is Pablo's diary of this time: being brought food by a maid; being threatened with a gun; vociferously arguing with the director about what he's written the previous day. The clash between the

two men and their different approaches leads to a movie being made, a gun going off, an unlikely escape, and a final confrontation. In the end, *The Crossed-Out Notebook* is a darkly funny novel full of intrigue and surprise about the essence of the

creative process; a short, crazy ode to any artist whose brilliance shines through strangeness and adversity. *Co-Mix. A Retrospective of Comics, Graphics, and Scraps* -
