Hot Pterodactyl Boyfriend - Alan Cumyn 2016-04-07

Prepare to be blown away - or rather, carried away on huge muscular wings - by this blissfully outlandish, bracingly smart and completely original YA novel! Sheils is very happy with her perfectly controlled life. She's smart, powerful, the Student Body Chair, and has a doting boyfriend. What more could a girl ask for? But everything changes when the first-ever interspecies transfer student, a pterodactyl (what?) named Pyke, enrolls at her school. There's something about him - something primal - that causes the students to lose control whenever he's around. When Pyke's band plays at the Autumn Whirl dance, his music sends the whole school into a literal frenzy. The next day no one can even remember what happened at the dance, but Shiels learns that she danced far too long with Pyke, her nose has turned purple, and she may have done ... something that she shouldn't have... Who is this winged boy, with incredible pecs and rock-star talent that has swooped in on her carefully constructed life? Hilarious and relatable (despite the dinosaur), Hot Pterodactyl Boyfriend is about breaking free and discovering your true self. Oh, and finding out that going primal isn't always a bad thing.

Le pterodactyle rose et autres dinosaures - Robert T. Bakker 1986

The Book of the Damned - Charles Fort 2020-09-28

"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you"--Taken from Good Reads website.

Les Livres disponibles - 2000

La liste exhaustive des ouvrages disponibles publiés en langue française dans le monde. La liste des éditeurs et la liste des collections de langue française.

Pop-Up Dinosaurs - Fiona Watt 2023-09-06

Beware! Open this book and all kinds of dinosaurs will pop out - huge ones, tiny ones, hungry ones, and a very, very noisy one. The 3D scenes show long-necked brachiosaurs munching leaves, nodding triceratops with sharp horns, and a scary T. rex with a very big ROAR. With simple text, this is a delightful book to share with little children.

Madame Pamplemousse and the Enchanted Sweet Shop - Rupert Kingfisher 2010-09-06

It's winter in Paris and Madeleine is having problems at school. A new girl, Mirabelle, is bullying her. Madeleine is too ashamed to ask for help from her friends, Madame Pamplemousse and Camembert, but she's befriended by a woman called Madame Bonbon, who runs an alluring-looking sweet shop. The sweets Madame Bonbon gives Madeleine have the most bewitching effect, at first making her feel much stronger and able to confront Mirabelle. However, soon they start drawing her into a strange, enchanted world from which she finds she cannot escape. Madame Bonbon is really someone else in disguise - an old enemy from Madame Pamplemousse's past, who has come to Paris seeking her revenge . . .

L'Événement du jeudi - 1992-07

Большая история вселенной. Попытка познать непознаваемое, осмыслить немислимое - Андрей Буровский 2022-06-13

«Как ученый, я испытываю огромный интерес к вопросам глобальной эволюции. Собственно, для занятия чем бы то ни было и не нужно других оснований. Но работы в этом направлении у меня есть и другие причины: философские, мировоззренческие. Как философ, я сторонник направления, которое получило нелепое название „русский космизм“... Он не русский и не космизм, а скорее научный универсализм. Если угодно, натурфилософия на новом витке. Развивать эту мысль можно долго, называя направления философов и работы. Если я когда-либо сделаю это, то в другой работе. Здесь скажу коротко – учение о принципиальном единстве мира – мое учение. И к идеям Глобальной эволюции я пришел через развитие идей биосферы и создание концепции Земного шара, преобразованного деятельностью человека. Кроме того, я

считаю глобальный эволюционизм вершиной научной мысли и основой для всего дальнейшего развития фундаментальной науки. Это ведь некая „сумма познаний“ в том смысле в какой Фома Аквинский пи сал о „Сумме теологии“, а Станислав Лем – о „Сумме технологий“. Наука – это, по сути, доведенный до предела рациональный подход к явлениям окружающей жизни. Нам повезло – мы дожило до рождения „суммы наук“. Утверждая глобальный эволюционизм как мировоззренческую парадигму, мы утверждаем рационализм, логику, идею прогресса и могущества человеческого разума. Мировоззренческая и методологическая база научного познания приобретает особый смысл в эпоху агрессивного невежества, культа иррациональных представлений, пропаганды мракобесия и самых архаичных представлений». Автор.
Livres hebdo - 1998

The Last Dinosaur - Jim Murphy 1991-09-01
Depicts what life might have been like for the last dinosaurs on earth.
Livres de France - 1994

The Reign of the Phallus - Eva C. Keuls 1993-04-27
At once daring and authoritative, this book offers a profusely illustrated history of sexual politics in ancient Athens, where the phallus dominated almost every aspect of public life. Complementing the text are 345 reproductions of Athenian vase paintings depicting the phallus.

Inside the World of Comic Books - Jeffery Klaehn 2007
From gutter business to art form, an engaging, provocative look at all things comic book.

Born at Midnight - C. C. Hunter 2011-03-29
Welcome to Shadow Falls, nestled deep in the woods of a town called Fallen... Kylie Galen has never felt normal. One night she finds herself at the wrong party, with the wrong people, and it changes her life forever. Her mother ships her off to Shadow Falls—a camp for troubled teens—but within hours of arriving, it becomes clear that her fellow campers aren't "troubled." Here at Shadow Falls, vampires, werewolves, shapeshifters, witches and fairies train side by side—learning to harness their powers, control their magic, and live in the normal world. They insist Kylie is one of them, and that she was brought to Shadow Falls for a reason. As if life wasn't complicated enough, enter Derek and Lucas. Derek's a half Fae who's determined to be her boyfriend, and Lucas is a brooding werewolf with whom Kylie shares a secret past. Both Derek and Lucas couldn't be more different, but they both have a powerful hold on her heart. Even though Kylie is uncertain about everything, she starts to realize that Shadow Falls is exactly where she belongs... Don't miss this spectacular, New York Times bestselling, young adult paranormal romance series from C. C. Hunter! Born at Midnight will steal your heart and haunt your dreams.

Discusses the discovery and classification of dinosaurs and examines individual species.
TimeRiders: Day of the Predator (Book 2) - Alex Scarrow 2010-08-05

Liam O'Connor should have died at sea in 1912. Maddy Carter should have died on a plane in 2010. Sal Vikram should have died in a fire in 2029. But all three have been given a second chance - to work for an agency that no-one knows exists. Its purpose - to prevent time travel destroying history . . . When Maddy mistakenly opens a time window where and when she shouldn't have, Liam is marooned sixty-five million years ago in the hunting ground of a deadly - and until now - undiscovered species of predator. Can Liam make contact with Maddy and Sal before he's torn to pieces by dinosaurs - and without endangering history so much that the world is overtaken by a terrifying new reality?

Dinosaur Tales - Ray Bradbury 2003

Four short stories and two poems featuring one of the author's great loves: dinosaurs.

Children of The Fog - Cheryl Kaye Tardif

* International & National Bestseller with over 200,000 copies sold worldwide YOU HAVE 10 SECONDS TO MAKE A DECISION: Let A Kidnapper Take Your Child, Or Watch Your Son Die. Choose! Sadie O'Connell is a bestselling author and a proud mother. But her life is about to spiral out of control. After her six-year-old son Sam is kidnapped by a serial abductor, she nearly goes insane. But it isn't just the fear and grief that is ripping her apart. It's the guilt. Sadie is the only person who knows what the kidnapper looks like. And she can't tell a soul. For if she does, her son will be sent back to her in "little bloody pieces". When Sadie's unfaithful husband stumbles across her drawing of the kidnapper, he sets into play a series of horrific events that sends her hurtling over the edge. Sadie's descent into alcoholism leads to strange apparitions and a face-to-face encounter with the monster who abducted her son--a man known only as...The Fog. *CHILDREN OF THE FOG has a unique tie-in to Tardif's newest thriller, SUBMERGED. "Tardif spins mystery, suspense, and horror into a page-turning morsel in Children of the Fog." –USA Today bestselling author Jean Rabe

Nos oiseaux - 1992

If I Had a Dinosaur - Gabby Dawnay 2018-01-04

As read by Eddie Redmayne for CBeebies Christmas Day Bedtime StoryWINNER of the 'Best Preschool Book' - Made For Mums Awards 2018A little girl dreams of having her very own pet. But what kind of animal would make the best companion? A mouse is too small; a cat is too ordinary; and a fish is too... wet! As she plays with her toy dinosaur, inspiration strikes. What about a real, live dinosaur? She could ride it to school. It would need lots of food to eat, a swimming pool to drink from, and a dino flap so it could come and go. At the end of a day spent busily imagining, the girl trudges up to bed with her little plastic dinosaur. As she falls asleep, the dinosaur from her daydreams stands in the garden with its head poking through the bedroom window, making her dreams come true.

To Your Scattered Bodies Go - Philip Jose Farmer 2013-01-24

All those who ever lived on Earth have found themselves resurrected - healthy, young, and naked as newborns - on the grassy banks of a mighty river, in a world unknown. Miraculously provided with food, but with no clues to the meaning of their strange new afterlife, billions of people from every period of Earth's history - and prehistory - must start again. Sir Richard Francis Burton would be the first to glimpse the incredible way-station, a link between worlds. This forbidden sight would spur the renowned 19th-century explorer to uncover the truth. Along with a remarkable group of compatriots, including Alice Liddell Hargreaves (the Victorian girl who was the inspiration for Alice in Wonderland), an English-speaking Neanderthal, a WWII Holocaust survivor,

and a wise extraterrestrial, Burton sets sail on the magnificent river. His mission: to confront humankind's mysterious benefactors, and learn the true purpose - innocent or evil - of the Riverworld . . . Winner of the Hugo Award for best novel, 1972

La Renaissance des dinosaures - Xabier PEREDA-SUBERBIOLA
2022-05-30

Avec quelques explications et définitions simples, les auteurs résument l'histoire des dinosaures et de leur réussite évolutive. Ils expliquent comment, au gré des découvertes d'ossements fossiles, d'une recherche active et de l'évolution des techniques d'analyses, d'imageries et de modélisations modernes, des paléontologues ont révisé les hypothèses initiales des naturalistes. Ces scientifiques se sont orientés vers de nouvelles pistes, alimentant de nombreux débats, par exemple sur leur métabolisme, leur extinction, l'histoire évolutive des oiseaux, la couleur, leurs modes de vie etc. Les auteurs évoquent aussi à quel point ces animaux ont fasciné la littérature et le cinéma, rendant les dinosaures

tellement vivant dans l'esprit collectif. Au passage, ils en profitent pour signaler quelques idées reçues sur nos vedettes des musées d'histoire naturelle et les paléontologues...

Arvida - Samuel Archibald 2015

Finalist for the 2015 Giller Prize Finalist for the 2016 Best Translated Book Award Like a Proust-obsessed Cormac McCarthy, Samuel Archibald's portrait of his hometown is filled with innocent children and wild beasts, attempted murder and ritual mutilation, haunted houses and road trips to nowhere, bad men and mysterious women. Gothic, fantastical, and incandescent, filled with stories of everyday wonder and terror, longing and love, *Arvida* explores the line which separates memory from story, and heralds the arrival of an important new voice.

Géochronique - 1991

It was the War of the Trenches - Jacques Tardi 2010

The experiences of World War I from the perspectives of soldiers on the battle field and their families at home.

Van bacterie tot Lucy - J.-M. Cordy 1994
