Marcovaldo - Italo Calvino 2012-10-26

A charming portrait of one man's dreams and schemes, by "the greatest Italian writer of the twentieth century" (The Guardian). In this enchanting book of linked stories, Italo Calvino charts the disastrous schemes of an Italian peasant, an unskilled worker in a drab northern industrial city in the 1950s and '60s, struggling to reconcile his old country habits with his current urban life.

Marcovaldo has a practiced eye for spotting natural beauty and an unquenchable longing for the unspoiled rural world of his imagination. Much to the continuing puzzlement of his wife, his children, his boss, and his neighbors, he chases his dreams and gives rein to his fantasies, whether it's sleeping in the great outdoors on a park bench, following a stray cat, or trying to catch wasps. Unfortunately, the results are never quite what he anticipates. Spanning from the 1950s to the 1960s, the twenty stories in Marcovaldo are alternately comic and melancholy, farce and fantasy. Throughout, Calvino's unassuming masterpiece "conveys the sensuous, tangible qualities of life" (The New York Times).

Our Lady of the Turks - Carmelo Bene 2022-01-31

Carmelo Bene (1937-2002) was a notorious Italian actor, writer, and director who inaugurated his theater in 1959 with Camus' *Caligula* then exploded onto the artistic scene with his outré *Christ '63*. Later, he collaborated with Pasolini, Glauber Rocha, Bussotti and others as well as philosophers, like Gilles Deleuze. His novel *Our Lady of the Turks* (1964) recounts the bizarre, eccentric rituals of a young actor on a knightly quest, in the manner of the Crusaders, to hone his art so that he may ultimately become an idiot, if not a saint. C.B. describes *Our Lady of the Turks* as the *jeu de cartes* of a perverse novel on the idiolect. It is an amusing and merciless parody of "interior life," risibly entrusted to the third-person narrative form: a monody peopled by a thousand and one voices. A setting and a vision of a south of the south of the saints (the "homegrown" baroque, the Moorish kitsch of a palace, the cathedral-ossuary of the Otranto martyrs, etc.), "crusts" summoned to feed an ethnic fire... The music is elsewhere. The only novel in C.B.'s prodigious oeuvre, *Our Lady of the Turks* was (re)elaborated on stage (1966; 1973) and in images in an eponymous film, which Bene calls "a 1968 film, or better yet, the 'anti-1968 film' par excellence [that was] misunderstood to the bitter end." Translated by Carole Viers-Andronico, this is the second in a series of three separate volumes of Bene's writings that *Contra Mundum* will publish. As one of the only true 'spiritual' heirs of Artaud, Anglophones must at last reckon with Bene's genuinely radical transvaluation of every form of aesthetics.

Liar Moon - Ben Pastor 2012-02-21

"Rivets the reader with its twist of historical realities. A historical piece, it faithfully reproduces the grim canvas of war. A character study, it captures the thoughts and actions of real people, not

stereotypes."—*The Free Lance-Star* "And don't miss *Lumen* by Ben Pastor. . . . An interesting, original, and melancholy tale."—*Literary Review Italy*, September 1943. The Italian government switches sides and declares war on Germany. The north of Italy is controlled by the fascist puppets of Germany; the south liberated by Allied forces fighting their way up the peninsula. Having survived hell on the Russian front, Wehrmacht major and aristocrat Baron Martin von Bora is sent to Verona. He is ordered to investigate the murder of a prominent local fascist: a bizarre death threatening to discredit the regime's public image. The prime suspect is the victim's twenty-eight-year-old widow Clara. Haunted by his record of opposition to SS policies in Russia, Bora must watch his step. Against the backdrop of relentless anti-partisan warfare and the tragedy of the Holocaust, a breathless chase begins. Biodiversity of Vegetable Crops, A Living Heritage - Massimiliano Renna 2019-04-09

Intensive agriculture has generally resulted in higher productivity, but also in a trend towards decreasing levels of agro-biodiversity, which represents a key point in ensuring the adaptability and resilience of agro-ecosystems in the global challenge to produce more and better food in a sustainable way. The biodiversity of vegetable crops includes genetic diversity—both as species diversity (interspecific diversity) and as a diversity of genes within a species (intraspecific diversity) with regard to the vegetable varieties grown—and the diversity of agro-ecosystems (agro-biodiversity). The purpose of this Special Issue is to publish high-quality research papers addressing recent progress and perspectives on different aspects related to the biodiversity of vegetable crops. Original, high-quality contributions that have not yet been

published, or that are not currently under review by other journals have been sought. The papers in this Special Issue cover a broad range of aspects and report recent research results regarding agrobiodiversity, which continues to be of significant relevance for both genetic and agricultural applications. All contributions are of significant relevance and could stimulate further research in this area.

Under Arturo's Star - Stefania Lucamante 2006
Elsa Morante has long been recognized internationally as one of the most significant, innovative, and important writers of the 20th century Italy. Nonetheless, there has, to date, been no full-length study in English dedicated to her work. Critical perspectives on Morante's literary achievement have shifted dramatically in recent years, and while this volume proposes to offer the first comprehensive evaluation of Morante to appear outside Italy, it also aims to take into account modern critical and theoretical developments. The authors' aim is to underline Morante's centrality in a broader context which goes beyond Italian national frontiers and deserves critical attention across a range of transcultural disciplines, departing from the traditional realm of philological analysis to encompass approaches informed by cultural and interdisciplinary studies. This volume gives a comprehensive insight into current thinking on and understanding of Elsa Morante's work. This book places her work in a much wider context of European culture, and traces her influence on a younger generation of writers.

Into the War - Italo Calvino 2014

"These three stories, set during the summer of 1940, draw on Italo Calvino's memories of his own adolescence during the Second World War, too young to be forced to fight in Mussolini's army but old enough to be conscripted into the Italian youth brigades. The callow narrator of these tales observes the mounting unease of a city girding itself for war, the looting of an occupied French town, and nighttime revels during a blackout. Appearing here

in its first English translation, *Into the War* is one of Calvino's only works of autobiographical fiction. It offers both a glimpse of this writer's extraordinary life and a distilled dram of his wry, ingenious literary voice."--from cover, page [4].

A History of Reading - Alberto Manguel 2014-08-26

At one magical instant in your early childhood, the page of a book—that string of confused, alien ciphers—shivered into meaning, and at that moment, whole universes opened. You became, irrevocably, a reader. Noted essayist and editor Alberto Manguel moves from this essential moment to explore the six-thousand-year-old conversation between words and that hero without whom the book would be a lifeless object: the reader. Manguel brilliantly covers reading as seduction, as rebellion, and as obsession and goes on to trace the quirky and fascinating history of the reader's progress from clay tablet to scroll, codex to CD-ROM.

2 Out of 2 - Andrea De Carlo 2010

The two protagonists who are as different as chalk from cheese. The charismatic dare-devil Guido, though endowed with immense personal charm, and innate abilities as a leader of men (as well as being the darling of all the girls), is subtly flawed, and unable to match his own significant aspirations. Guido's prophetic idealism, and his frustrated attempts to escape his lower-class origins and change the world, nevertheless seem doomed to failure. He eventually writes a best-selling book, highly acclaimed by the critics, in which he condemns the social mores of the Italian seventies—corruption, terrorism, bombs and anarchy. Although, through his novel, he is initially acclaimed as a prophet of sorts, he predictably falls victim to vitriolic, self-serving critics who enjoy demolishing him. Eventually, despite his enormous talent, Guido will remain an eternal dreamer; whereas his closest friend who has always depended on him—the insecure narrator, Mario, always the more practical and circumspect of the two—will finally learn to actualize his own dreams, helping to change the world through actualizing his own dream of authenticity. Meanwhile, the alienated Guido will succumb to his own inevitable destiny.

The Lost Tetrads of Marshall McLuhan - Marshall McLuhan 2017-05

Marshall McLuhan was the visionary theorist best known for coining the phrase “the medium is the message.” His work prefigures and underlies the themes of writers and artists as disparate and essential as Andy Warhol, Nam June Paik, Neil Postman, Seth Godin, Barbara Kruger, and Douglas Rushkoff, among countless others. Shortly before his death, together with his media scholar son Eric, McLuhan worked on a new literary/visual code—almost a cross between hieroglyphics and poetry—that he called “the tetrads.” This was the ultimate theoretical framework for analyzing any new medium, a koan-like poetics that transcends traditional means of discourse. Some of the tetrads were published, but only a few. Now Eric McLuhan has recovered all the “lost” tetrads that he and his father developed, and accompanies them here with accessible explanations of how they function.

The Land of Cockayne - Matilde Serao 2021-05-20

The Land of Cockayne is an impactful Italian fiction based on the passion for gambling and the sinful effect of the national lottery in Naples on all the classes of society. The lottery proves to be fun but ultimately a curse for the Marquis of Formosa, Gaetano, the glove-maker, Carmela, the factory girl, and her bold lover Raffaele. Cesare, a rich pastry maker, loses everything he has in the hope of obtaining money from the lottery for a new journey. The Marquis is a wreck and is ready to sacrifice his weak daughter, Lady Bianca, to his awful passion. A medium he and his friends take advice from about gambling makes him believe that Bianca's virtue may call on the spirits to indicate the lucky numbers. The Marquis ruins her health and happiness, trying to push the powerless, frail girl to see ghosts. The novel covers many significant events that follow in a way that will move the reader. The story presents incredibly the details on Naples, its people, and their never-ending desire to get rich through gambling, no matter the consequences.

Sicilian Uncles - Leonardo Sciascia 2014-01-02

The expression 'Sicilian uncle' has the same sense in Italian as 'Dutch uncle' does in English, but with sinister overtones of betrayal and inconstancy. The four novellas in Sicilian Uncles, originally published in 1958, are political thrillers of a kind - the first fruits of Sciascia's maturity. In these stories, illusions about ideology and history are lost in mirth, suffering and abandoned innocence. Each novella has its historical moment: the Allied invasion of Sicily, the Spanish Civil War, the death of Stalin, the 'events' of 1848. These occasions and their consequences are registered in the lives of Sciascia's wonderfully drawn characters. Each has voice, wit and a private history which opens out onto the

wider circumstances of his time.

Obsolete Objects in the Literary Imagination -

Francesco Orlando 2008-10-01

Translated here into English for the first time is a monumental work of literary history and criticism comparable in scope and achievement to Eric Auerbach's *Mimesis*. Italian critic Francesco Orlando explores Western literature's obsession with outmoded and nonfunctional objects (ruins, obsolete machinery, broken things, trash, etc.). Combining the insights of psychoanalysis and literary-political history, Orlando traces this obsession to a turning point in history, at the end of eighteenth-century industrialization, when the functional becomes the dominant value of Western culture. Roaming through every genre and much of the history of Western literature, the author identifies distinct categories into which obsolete images can be

classified and provides myriad examples. The function of literature, he concludes, is to remind us of what we have lost and what we are losing as we rush toward the future.

The Armenians - Adriano Alpagò Novello 1986

Disclaimer - Renée Knight 2015-05-19

"Disclaimer is something special. . . an outstandingly clever and twisty tale that's been perfectly engineered to make heads spin. This novel's opening promise of menace is not overstated. Ms. Knight lives up to the initial deal she made with readers and delivers fully on the threat she used to hook them. That's a rare payoff in a genre full of letdowns. Its value can't be stressed enough." — Janet Maslin, *New York Times* A brilliantly conceived, deeply unsettling psychological thriller about a woman haunted by secrets, the consuming desire for revenge, and the terrible price we pay when we try to hide the truth. What if you realized the terrifying book you were reading was all about you? When a mysterious novel appears at documentary filmmaker Catherine Ravenscroft's bedside, she is curious. She has no idea who might have sent her *The Perfect Stranger*—or how it ended up on her nightstand. At first, she is intrigued by the suspenseful story that unfolds. And then she realizes this isn't fiction. *The Perfect Stranger* re-creates in vivid, unmistakable detail the day Catherine became hostage to a dark secret, a secret that only one other person knew—and that person is dead. Now that the past Catherine so desperately wants to forget is catching up with her, her world is falling apart. Plunged into a living nightmare, her only hope is to confront what really happened on that awful day . . . even if the shocking truth might destroy her.

One Flew Over the Cuckoo's Nest - Ken Kesey 2011-08-23

Pitching an extraordinary battle between cruel authority and a rebellious free spirit, Ken Kesey's *One Flew Over the Cuckoo's Nest* is a novel that epitomises the spirit of the sixties. Tyrannical Nurse

Ratched rules her ward in an Oregon State mental hospital with a strict and unbending routine, unopposed by her patients, who remain cowed by mind-numbing medication and the threat of electroshock therapy. But her regime is disrupted by the arrival of McMurphy - the swaggering, fun-loving trickster with a devilish grin who resolves to oppose her rules on behalf of his fellow inmates. His struggle is seen through the eyes of Chief Bromden, a seemingly mute half-Indian patient who understands McMurphy's heroic attempt to do battle with the powers that keep them imprisoned. The subject of an Oscar-winning film starring Jack Nicholson, *One Flew Over the Cuckoo's Nest* an exuberant, ribald and devastatingly honest portrayal of the boundaries between sanity and madness. 'A glittering parable of good and evil' *The New York Times Book Review* 'A roar of protest against middlebrow society's Rules and the Rulers who enforce them' *Time* 'If you haven't already read this book, do so. If you have, read it again' *Scotsman*

The Cuisine of Sacrifice Among the Greeks - Marcel Detienne 1989

For the Greeks, the sharing of cooked meats was the fundamental communal act, so that to become vegetarian was a way of refusing society. It follows that the roasting or cooking of meat was a political act, as the division of portions asserted a social order. And the only proper manner of preparing meat for

consumption, according to the Greeks, was blood sacrifice. The fundamental myth is that of Prometheus, who introduced sacrifice and, in the process, both joined us to and separated us from the gods—and ambiguous relation that recurs in marriage and in the growing of grain. Thus we can understand why the ascetic man refuses both women and meat, and why Greek women celebrated the festival of grain-giving Demeter with instruments of butchery. The ambiguity coded in the consumption of meat generated a mythology of the "other"—werewolves, Scythians, Ethiopians, and other "monsters." The study of the sacrificial consumption of meat thus leads into exotic territory and to unexpected findings. In *The Cuisine of Sacrifice*, the contributors—all scholars affiliated with the Center for Comparative Studies of Ancient Societies in Paris—apply methods from structural anthropology, comparative religion, and philology to a diversity of topics: the relation of political power to sacrificial practice; the Promethean myth as the foundation story of sacrificial practice; representations of sacrifice found on Greek vases; the technique and anatomy of sacrifice; the interaction of image, language, and ritual; the position of women in sacrificial custom and the female ritual of the Thesmophoria; the mythical status of wolves in Greece and their relation to the sacrifice of domesticated animals; the role and significance of food-related ritual in Homer and Hesiod; ancient Greek perceptions of Scythian sacrificial rites; and remnants of sacrificial ritual in modern Greek practices.

How to Set a Fire and Why - Jesse Ball 2016-07-05
A teenage girl. A shattering loss. An obsession with a secret arson club. This is the story of a girl who has nothing and will burn anything. Lucia's father is dead, her mother is in a mental hospital, and she's living in a garage-turned-bedroom with her aunt. And now she's been kicked out of school—again. Making her way through the world with only a book, a zippo lighter, a pocketful of stolen licorice, a biting wit, and the striking intelligence that she

tries to hide, Lucia spends her days riding the bus to visit her mother and following the only rule that makes any sense to her: Don't do things you aren't proud of. But when she discovers that her new school has a secret Arson Club, she's willing to do anything to be a part of it, and her life is suddenly lit up. As Lucia's fascination with the Arson Club grows, her story becomes one of misguided friendship and, ultimately, destruction.

The Flavors of Modernity - Gian-Paolo Biasin
2017-03-14

From Rabelais's celebration of wine to Proust's madeleine and Virginia Woolf's boeuf en daube in *To the Lighthouse*, food has figured prominently in world literature. But perhaps nowhere has it played such a vital role as in the Italian novel. In a book flowing with descriptions of recipes, ingredients, fragrances, country gardens, kitchens, dinner etiquette, and even hunger, Gian-Paolo Biasin examines food images in the modern Italian novel so as to unravel their function and meaning. As a sign for cultural values and social and economic relationships, food becomes a key to appreciating the textual richness of works such as Lampedusa's *The Leopard*, Manzoni's *The Betrothed*, Primo Levi's *Survival in Auschwitz*, and Calvino's *Under the Jaguar Sun*. The importance of the culinary sign in fiction, argues Biasin, is that it embodies the oral relationship between food and language while creating a sense of materiality. Food contributes powerfully to the reality of a text by making a fictional setting seem credible and coherent: a Lombard peasant eats polenta in *The Betrothed*, whereas a Sicilian prince offers a monumental macaroni timbale at a dinner in *The Leopard*. Similarly, Biasin shows how food is used by writers to connote the psychological traits of a character, to construct a story by making the protagonists meet during a meal, and even to call attention to the fictionality of the story with a metanarrative description. Drawing from anthropology, psychoanalysis, sociology, science, and philosophy, the author gives special attention to the metaphoric

and symbolic meanings of food. Throughout he blends material culture with observations on thematics and narrativity to enlighten the reader who enjoys the pleasures of the text as much as those of the palate. A Soldier's Daughter Never Cries - Kaylie Jones
2013-12-22

A girl comes of age in Paris with her expatriate family—and struggles with sibling rivalry—in a “delightful” novel that “captures the essence of childhood” (Library Journal). Based on the author’s life with her famous father, novelist James Jones, *A Soldier’s Daughter Never Cries* tells the story of

Channe Willis, who happily lives with her parents in Paris. But when they adopt a French boy named Benoit—ending Channe’s only-child status—her idyllic world is disrupted, and the relationships among this unusual family turn volatile. The basis for a Merchant Ivory film, this is a “discerning, ~~*Brightly & Darkly*~~ *Death of the Housewife* and loss (Library Journal). “Although we’ve gotten used to second-generation actors equaling or surpassing the accomplishments of their parents, the same hasn’t happened with second-generation novelists. Nonetheless there are a few . . . and added to their small number ought to be Kaylie Jones.” —The New York Times “Every page is a joy.” —Sue Harrison, *Self Magazine* Includes a new introduction by the author and a previously unpublished chapter
