

# Wasp By Eric Frank Russell

Right here, we have countless books **Wasp By Eric Frank Russell** and collections to check out. We additionally find the money for variant types and as well as type of the books to browse. The gratifying book, fiction, history, novel, scientific research, as capably as various further sorts of books are readily clear here.

As this Wasp By Eric Frank Russell, it ends in the works being one of the favored ebook Wasp By Eric Frank Russell collections that we have. This is why you remain in the best website to look the amazing books to have.

## **The Sociology of Science Fiction** - Brian M.

Stableford 1987  
Well-known critic Brian Stableford, a former professor at the University of Reading, contributes "a fascinating and valuable attempt to grapple with the questions of why SF authors write what they write, and why SF readers like what they like"-Interzone.

Contents: Introduction; Approaches to the Sociology of Literature; The Analysis of Communicative Functions; The Evolution of Science Fiction as a Publishing Category; The Expectations of the Science Fiction Reader; Themes and Trends in Science Fiction; and Conclusion: The Communicative Functions of Science Fiction.

Complete with Notes and References, Bibliography, and Index.  
**Ender's World** - Orson Scott Card 2013-04-02  
Experience the thrill of reading Ender's Game all over again Go deeper into the complexities of Orson Scott Card's classic novel with science fiction and fantasy writers, YA authors, military strategists, including: Ender prequel series coauthor Aaron Johnston on Ender and the evolution of the child hero Burn Notice creator Matt Nix on Ender's Game as a guide to life Hugo award-winning writer Mary Robinette Kowal on how Ender's Game gets away with breaking all the (literary) rules Retired US Air Force Colonel Tom Ruby on what the military could learn from Ender about leadership Bestselling YA author Neal Shusterman on the

ambivalence toward survival that lies at the heart of Ender's story Plus pieces by: Hilari Bell John Brown Mette Ivie Harrison Janis Ian Alethea Kontis David Lubar and Alison S. Myers John F. Schmitt Ken Scholes Eric James Stone Also includes never-before-seen content from Orson Scott Card on the writing and evolution of the events in Ender's Game, from the design of Battle School to the mindset of the pilots who sacrificed themselves in humanity's fight against the formics  
Darker Tides - Eric Frank Russell 2006-01-01

*Sleeping Planet* - William R. Burkett, Jr. 2022-03-23  
Science Fiction Encyclopedia described this as a "hard-edged" tale of the 24th-century conquest of Earth by an alien empire the humans

Downloaded from [id-blockchain.idea.gov.vn](https://id-blockchain.idea.gov.vn) on  
by guest

had judged too stupid to pull off such a coup. Only a handful of humans escaped the effects of a mutated narcoleptic drug that put humanity into protracted hibernation. The battle to liberate Earth is fought by those few with the aid of a vengeful ghost called "Gremper" by the aliens. The action is fast and furious, while the genius general of the invading fleet goes slowly insane at the disruption of his well-laid plans. "A natural-born storyteller," said bestselling author Frank G. Slaughter. A classic reprint of a sci-fi masterpiece.

*You Can Go Your Own Way*  
- Eric Smith 2021-11-02  
"A sweetly charming love story that leaves the reader with a lasting sense of hope." –Nicola Yoon, #1 New York Times bestselling author of *Everything, Everything* and *The Sun Is Also a*

Star "The perfect novel to snuggle up with."  
–Emily Henry, New York Times bestselling author of *Beach Read* A heartwarming and thoughtful enemies-to-lovers rom-com about two teens—one trying to save his family's failing pinball arcade, the other working for her tech genius dad who wants to take it over—who get trapped together in a snowstorm. Adam Stillwater is in over his head. But the pinball arcade is the only piece of his dad that Adam has left, and he's determined to protect it from Philadelphia's newest tech mogul, who wants to turn it into another one of his cold, lifeless gaming cafés. Whitney Mitchell doesn't know how she got here. Her parents split up. Her boyfriend dumped her. And now she's spending her senior year running

social media for her dad's chain of super successful gaming cafés—which mostly consists of trading insults with that decrepit old pinball arcade across town. But when a huge snowstorm hits, Adam and Whitney find themselves trapped inside the arcade. Cut off from their families, their worlds, and their responsibilities, the tension between them seems to melt away, leaving something else in its place. But what happens when the storm ends?

*With a Strange Device* -  
Eric Frank Russell  
1989-01-01

**Critical White Studies** -  
Richard Delgado  
1997-06-29

No longer content with accepting whiteness as the norm, critical scholars have turned their attention to whiteness itself. In

Critical White Studies: Looking Behind the Mirror, numerous thinkers, including Toni Morrison, Eric Foner, Peggy McIntosh, Andrew Hacker, Ruth Frankenberg, John Howard Griffin, David Roediger, Kathleen Heal Cleaver, Noel Ignatiev, Cherrie Moraga, and Reginald Horsman, attack such questions as: \*How was whiteness invented, and why? \*How has the category whiteness changed over time? \*Why did some immigrant groups, such as the Irish and Jews, start out as nonwhite and later became white? \*Can some individual people be both white and nonwhite at different times, and what does it mean to "pass for white"? \*At what point does pride in being white cross the line into white power or white supremacy? \*What can whites concerned

Downloaded from [id-blockchain.idea.gov.vn](http://id-blockchain.idea.gov.vn) on  
by guest

over racial inequity or white privilege do about it? Science and pseudoscience are presented side by side to demonstrate how our views on whiteness often reflect preconception, not fact. For example, most scientists hold that race is not a valid scientific category -- genetic differences between races are insignificant compared to those within them. Yet, the "one drop" rule, whereby those with any nonwhite heritage are classified as nonwhite, persists even today. As the bell curve controversy shows, race concepts die hard, especially when power and prestige lie behind them. A sweeping portrait of the emerging field of whiteness studies, *Critical White Studies* presents, for the first time, the best work from sociology, law, history, cultural

studies, and literature. Delgado and Stefancic expressly offer critical white studies as the next step in critical race theory. In focusing on whiteness, not only do they ask nonwhites to investigate more closely for what it means for others to be white, but also they invite whites to examine themselves more searchingly and to "look behind the mirror."

*Man Who Never Missed* - Steve Perry 2002-10-22

The first title in Perry's cult-classic *Matador* series is now back in print. Once a ruthless soldier, Emile Khadaji has disappeared from the Galactic Confederation--with a secret plan to destroy it all in the name of freedom. Reissue.

**The Great Explosion** - Eric Frank Russell 2016-03-28

MISSION OF EMPIRE  
Earthmen had colonized

Downloaded from [id-blockchain.idea.gov.vn](http://id-blockchain.idea.gov.vn) on  
by guest

hundreds of planets in the four centuries of deep space exploration-independent new civilizations founded by the discontented and adventurous of Terra. Trouble was, they were too independent—and the Terran government had ambitions for a space empire. A giant battle cruiser went out into the starlanes, with instructions to persuade the colonial planets to join the Empire—and with a couple of thousand troops to back up the persuasion ! It looked like an interesting, if easy, mission—after all, what kind of opposition could a bunch of backwoods planets offer to the most advanced military power in the Galaxy? Quite a lot, as it turned out ... and all of it wildly unexpected! One of the "old pros" of science-fiction, Eric Frank

Russell has, in THE GREAT EXPLOSION, written a fast-paced and compelling adventure—a fascinating look at a possible tomorrow. A satirical Classic.

**The Time Machine Did it**  
- John Swartzwelder 2004  
"Comical novel about Detective Frank Burly who get gets embroiled in time travel and criminal activity during his attempts at helping his new client--  
Wikipedia

**Future Peace** - Robert H. Latiff 2022-03  
Future Peace urges extreme caution in the adoption of new weapons technology and is an impassioned plea for peace from an individual who spent decades preparing for war. Today's militaries are increasingly reliant on highly networked autonomous systems, artificial intelligence, and advanced weapons that were previously the

Downloaded from [id-blockchain.idea.gov.vn](https://id-blockchain.idea.gov.vn) on  
by guest

domain of science fiction writers. In a world where these complex technologies clash with escalating international tensions, what can we do to decrease the chances of war? In *Future Peace*, the eagerly awaited sequel to *Future War*, Robert H. Latiff questions our overreliance on technology and examines the pressure-cooker scenario created by the growing animosity between the United States and its adversaries, our globally deployed and thinly stretched military, the capacity for advanced technology to catalyze violence, and the American public's lack of familiarity with these topics. *Future Peace* describes the many provocations to violence, how technologies are

abetting those urges, and explores what can be done to mitigate not only dangerous human behaviors but also dangerous technical behaviors as well. Latiff concludes that peace is possible but will require intense, cooperative efforts on the part of technologists, military leaders, diplomats, politicians, and citizens. *Future Peace* amplifies some well-known ideas about how to address the issues, and provides far-, mid-, and short-term recommendations for actions that are necessary to reverse the apparent headlong rush into conflict. This compelling and timely book will captivate general readers, students, and scholars of global affairs, international security, arms control, and military ethics.

*Soldier Extraordinaire* - Alfred E. Cornebise 2019 "Soldier Extraordinaire explores the colorful life and varied accomplishments of Brig. Gen. Frank "Pinkie" Dorn, an unusual player on the world stage during the 1920s and beyond World War II. Over the course of his 30-year Army career, Dorn manifested probing observations and analyses especially of Asia. He produced writings on subjects ranging from Philippine native tribes to Peking's Forbidden City and the origins of the Sino-Japanese War that began in 1937. Following the end of World War II, he was closely involved in Gen. Douglas MacArthur's brilliant occupation and pacification of Japan. Beyond his military successes, Dorn created world-class art, enjoyed cooking and writing

cookbooks, was renowned for his cartography skills, and relished opportunities to comment on the frequent maelstroms and interplay of relevant personalities on social and military scenes."-- Provided by publisher. *Eight Keys to Eden* - Mark Clifton 2014-02-01 Not long after landing on Eden, un-inhabited planet, every human made artifact disappears. When the colony goes silent and fails to answer any communications Earth's government goes into a panic and turns to the Extrapolators, a group of people who have been trained to question every belief. A probationary Extrapolator is sent to Eden in the expectation that he will graduate into the ranks of the Extrapolators if he solves whatever problems he finds there. Even

with his special training he is not prepared for the nature of the disaster that struck the colony, but eventually by an entirely new way of thinking he finds the key to what has happened.

**Three to Conquer** - Eric Frank Russell 1957

**Black Hornet** - James Sallis 2019-11-12

With this flashback novel to Lew Griffin's past, James Sallis takes readers to 1960s New Orleans, a sun-baked city of Black Panthers and other separatists. A sniper has fatally shot five people. When the sixth victim is killed, Lew Griffin is standing beside her. Though they are virtual strangers, it is left to Griffin to avenge her death, or at least to try and make some sense of it. His unlikely allies include a crusading journalist,

a longtime supplier of mercenary arms and troops, and a bail bondsman.

**The Best of Eric Frank Russell** - Eric Frank Russell 1986-06-12

A collection of thirteen tales of science fiction includes Mana, Weak Spot, Late Night Final, and Into Your Tent I'll Creep

**The Big Time** - Fritz Leiber 2023-06-04

At the time of the release of this ebook edition of The Big Time, it remains the only Hugo Award-winning work in the public domain. That makes it a very special treasure indeed! The Big Time tells the tale of a group of servicemembers who work in facilities isolated from regular space-time. They're involved in a war conducted by two shadowy groups that spans time itself, with all of humanity as pawns on an ever-changing historical

Downloaded from [id-blockchain.idea.gov.vn](https://id-blockchain.idea.gov.vn) on  
by guest

battlefield. It explores a fascinating range of themes including time travel, the purpose of war, isolation, and love in the face of it all.

**Lest Darkness Fall** -  
Lyon Sprague De Camp  
1963

One of the best examples of the alternate history genre.

*The Book of Skulls* -  
Robert Silverberg  
2018-05-08

How far will four friends go for immortality? This novel is Hugo and Nebula Award-winning author "Robert Silverberg at his very best" (George R. R. Martin). After Eli, a scholarly college student, finds and translates an ancient manuscript called *The Book of Skulls*, he and his friends embark on a cross-country trip to Arizona in search of a legendary monastery where they hope to find the secret of

immortality. On the journey with Eli, there's Timothy, an upper-class WASP with a trust fund and a solid sense of entitlement; Ned, a cynical poet and alienated gay man; and Oliver, a Kansas farm boy who escaped his rural origins and now wants to escape death. If they can find the House of Skulls where immortal monks allegedly reside, they'll undergo a rigorous initiation. But do those eight grinning skulls mean the joke will be on them? For a sacrifice will be required. Two must die so that two may live forever . . . Stretching the boundary between science fiction and horror, Robert Silverberg masterfully probes deeper existential questions of morality, brotherhood, and self-determined destiny in what Harlan Ellison refers to as

Downloaded from [id-blockchain.idea.gov.vn](http://id-blockchain.idea.gov.vn) on

“one of my favorite nightmare novels.” This ebook features an illustrated biography of Robert Silverberg including rare images from the author’s personal collection.

**The Blue World** - Jack Vance 2011-12-19

Over twelve generations the descendants of a space crash on a world completely covered in water had managed to adapt to their marine culture. Living in villages built on giant clumps of sea plants, they survived on the flora and fauna of the sea. But they have always been at the mercy of the kragen - gigantic squid-like monsters that prey on their fish flocks, and on them. The biggest of these is King Kragen, with whom the colonists can communicate, who has to be appeased. But one man has had enough of a life of slavery and

sacrifice. But how can he convince his fellow men that King Kragen must be killed? And how can that be achieved in a world without weapons?

**The Wasp Factory** - Iain Banks 2013-07-02

The polarizing literary debut by Scottish author Ian Banks, *The Wasp Factory* is the bizarre, imaginative, disturbing, and darkly comic look into the mind of a child psychopath. Meet Frank Cauldhame. Just sixteen, and unconventional to say the least: Two years after I killed Blyth I murdered my young brother Paul, for quite different and more fundamental reasons than I'd disposed of Blyth, and then a year after that I did for my young cousin Esmerelda, more or less on a whim. That's my score to date. Three. I haven't killed anybody for years, and don't intend to ever again. It was just a

stage I was going through.

**Next of Kin** - Eric Frank Russell 2007-10

81,82 new hostile worlds discovered: 83 - and then another five propulsors blew their linings simultaneously and Scout-Officer John Leeming knew he would have to make a crash landing. Soon he was a prisoner of the Zangastans - and filled with a determination to get back to Earth just as soon as possible. It took the failure of an orthodox escape attempt to make him realise that his alien life-form captors knew precious little of human nature. So unprompted corroboration from another Terran prisoner held by the Lathians, Zangasta's senior allies, that said Lathians had the Willies was good enough proof that Leeming's Eustace could be pretty

dangerous. Does this baffle you? Read on!  
*Are Clothes Modern?* - Bernard Rudofsky 1947

*How I Live Now* - Meg Rosoff 2005-06-30

*How I Live Now* is an original and poignant book by Meg Rosoff, now a film tie-in edition to celebrate the release of the major film starring Saoirse Ronan. *How I Live Now* is the powerful and engaging story of Daisy, the precocious New Yorker and her English cousin Edmond, torn apart as war breaks out in London, from the multi award-winning Meg Rosoff. *How I Live Now* has been adapted for the big screen by Kevin Macdonald. Fifteen-year-old Daisy thinks she knows all about love. Her mother died giving birth to her, and now her dad has sent her away for the summer, to live in the English countryside with cousins

Downloaded from [id-blockchain.idea.gov.vn](http://id-blockchain.idea.gov.vn) on  
by guest

she's never even met. There she'll discover what real love is: something violent, mysterious and wonderful. There her world will be turned upside down and a perfect summer will explode into a million bewildering pieces. How will Daisy live then? 'Fresh, honest, rude, funny. I put it down with tears on my face' - Julie Myerson, Guardian 'Assured, powerful, engaging . . . you will want to read everything that Rosoff is capable of writing' - Observer 'An unforgettable adventure' - Sunday Times Bestselling author Meg Rosoff has received great critical acclaim since the publication of her first novel How I Live Now (winner of the Guardian Children's Fiction Prize). Her other novels, Just in Case (winner of the 2007 Carnegie Medal), The

Bride's Farewell and What I Was which was described by The Times as 'Samuel Beckett on ecstasy', are also available from Puffin. Follow Meg on Twitter @megrosoff. Also by Meg Rosoff: How I Live Now; Just In Case; What I Was; The Bride's Farewell; There is No Dog  
Honor - James Bowman 2007  
"From the earliest records of human civilization until the dawn of the twentieth century, and in widely separated cultures throughout the world, the story of honor was inseparable from the story of mankind. Today, an acquaintance with the concept of honor is indispensable to understanding the culture of the Islamic world and its sense of grievance against the West, where honor has been disregarded or

actively despised for three-quarters of a century." "James Bowman draws from an wealth of sources across many centuries to illuminate honor's curious history in our own culture, and he discovers that Western honor was always different from that found elsewhere. Its idiosyncratic qualities derived partly from the classical tradition but mainly from the Judeo-Christian heritage, whose emphases on individual morality and, more recently, on sincerity and authenticity in private and personal life have acted as continual challenges to the traditional notion of honor as it is still maintained in other parts of the world. These challenges to honor and the accommodations with it that they ultimately produced are a

fundamental theme in our own culture's distinctive history; and the eventual collapse of the honor culture in the West is the background against which the War on Terror and the Clash of Civilizations ought to be seen."--Jacket.

*The Mindwarpers* - Eric Frank Russell 2017-06-21  
In this enthralling Cold War thriller, a scientist at a government research facility has suddenly recalled a gruesome crime he committed years before and takes flight – with a military intelligence agent hot on his trail.

**Wasp** - Eric Frank Russell 2013

The war had been going on for nearly a year and the Sirian Empire had a huge advantage in personnel and equipment. Earth needed an edge. Which was where James Mowry came in. If a small insect buzzing

Downloaded from [id-blockchain.idea.gov.vn](http://id-blockchain.idea.gov.vn) on  
by guest

around in a car could so distract the driver as to cause that vehicle to crash, think what havoc one properly trained operative could wreak on an unsuspecting enemy. Intensively trained, his appearance surgically altered, James Mowry is landed on Jaimec, the 94th planet of the Sirian Empire. His mission is simple: sap morale, cause mayhem, tie up resources, wage a one-man war on a planet of eighty million. In short, be a wasp. First published in 1957, *WASP* is generally regarded as Eric Frank Russell's finest novel, a witty and exciting account of a covert war in the heart of enemy territory.

*Bad Moon Rising* - Jonathan Maberry 2016-12-27

Residents of a small town prepare to battle for their lives—and their souls—in this horror trilogy finale by the Bram Stoker Award-winning author of *Ink*. In the Pennsylvania town of Pine Deep, a handful of brave souls prepare for an unspeakable evil that has been gathering strength for thirty years. On Halloween night, the legend that has haunted their community will return with a vengeance. The dead will rise, the damned will take human form, and a red wave of terror will consume every man, woman, and child. For the few left standing, time is running out. Daylight is fading, and the ultimate

Downloaded from [id-blockchain.idea.gov.vn](http://id-blockchain.idea.gov.vn) on  
by guest

battle between good and evil is about to begin . . . Praise for Ghost Road Blues “Maberry supplies plenty of chills, both Earth-bound and otherworldly, in this atmospheric horror novel . . . . This is horror on a grand scale, reminiscent of Stephen King’s heftier works.” –Publishers Weekly Praise for New York Times bestselling Author Jonathan Maberry “Jonathan Maberry’s horror is rich and visceral. It’s close to the heart . . . and close to the jugular.” –Kevin J. Anderson “Maberry has the chops to craft stories at once intimate, epic, real, and horrific.” –Bentley Little “Maberry spins great stories. His (Pine Deep) vampire novels are unique and masterful.” –Richard Matheson “Maberry’s works will be read for many, many years to come.” –Ray

Bradbury “Maberry will scare the hell out of you.” –Tess Gerritsen Major Ingredients - Eric Frank Russell 2000 Cordelia Naismith, Betan Survey Captain, was expecting the unexpected: hexapods, floating creatures, odd parasites . . . She was not, however, expecting to find hostile humans on an uninhabited planet. And she wasn't really expecting to fall in love with a 40-plus barbarian known to cosmopolitan galactics as the Butcher of Komarr.--From source other than Library of Congress.

**Fear the Sky** - Stephen Moss 2014-06-01 In eleven years time, a million members of an alien race will arrive at Earth. Years before they enter orbit, their approach will be announced by the flare of a thousand flames in the sky, their ships'

Downloaded from [id-blockchain.idea.gov.vn](http://id-blockchain.idea.gov.vn) on  
by guest

huge engines burning hard to slow them from the vast speeds needed to cross interstellar space. These foreboding lights will shine in our night sky like new stars, getting ever brighter until they outshine even the sun, casting ominous shadows and banishing the night until they suddenly blink out. Their technology is vastly superior to ours, and they know they cannot possibly lose the coming conflict. But they, like us, have found no answer to the destructive force of the atom, and they have no intention of facing the onslaught of our primitive nuclear arsenal, or the devastation it would wreak on the planet they crave. So they have flung out an advanced party in front of them, hidden within one of the countless asteroids randomly roaming the

void. They do not want us, they want our planet. Their Agents are arriving. "Fear the Sky is a brutal and powerful rendering of what would really happen if a race capable of interstellar travel set its sights on taking our planet from us. Book 1 in The Fear Saga sees very human protagonists pitted against an interesting and three-dimensional alien culture. It is as enjoyable as it is frightening." Reviewer - Chronicles Science Fiction Fantasy Community "Sometimes even a superior foe is worth fighting. Fear the Sky is an explosive story filled with awesome tech: from the best of today's military machines to the worst of tomorrow's death dealers." Reviewer - SyFy

**Fairyland** - Paul McAuley  
2010-12-30

The 21st century. Europe

ninety-fourth planet of the Sirian Empire. His mission is simple: sap morale, cause mayhem, tie up resources, wage a one-man war on a planet of eighty million. In short, be a wasp. First published in 1957, *WASP* is generally regarded as Eric Frank Russell's best novel, a witty and exciting account of a covert war in the heart of enemy territory. *Forward, Gunner Asch!* - Hans Hellmut Kirst 1956

*Engine Summer* - John Crowley 2013-01-10  
In the drowsy tranquility of Little Belaire, the Truthful Speakers lead lives of peaceful self-sufficiency ignoring the depopulated wilderness beyond their narrow borders. It is a society untouched by pain or violence and the self-destroying 'Angels' of the past are barely remembered. But when

*Rush That Speaks* leaves his home on a pilgrimage of self-enlightenment, he finds a landscape haunted by myths and memories. The overgrown ruins reflect a world outside that is stranger than his people ever dreamed ...

*Rethinking Ethnicity* - Eric P. Kaufmann  
2004-08-02

The impact of liberal globalization and multiculturalism means that nations are under pressure to transform their national identities from an ethnic to a civic mode. This has led, in many cases, to dominant ethnic decline, but also to its peripheral revival in the form of far right politics. At the same time, the growth of mass democracy and the decline of post-colonial and Cold War state unity in the developing world has opened the floodgates

for assertions of ethnic dominance. This book investigates both tendencies and argues forcefully for the

importance of dominant ethnicity in the contemporary world.  
**Sentinels from Space** -  
Eric Frank Russell 1968
