Cycling and Cinema - Bruce Bennett 2019-04-30

A unique exploration of the history of the bicycle in cinema, from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films. *Cycling and Cinema* explores the history of the bicycle in cinema from the late nineteenth century through to the present day. In this new book from Goldsmiths Press, Bruce Bennett examines a wide variety of films from around the world, ranging from Hollywood blockbusters and slapstick comedies to documentaries, realist dramas, and experimental films, to consider the complex, shifting cultural significance of the bicycle. The bicycle is an everyday technology, but in examining the ways in which bicycles are

used in films, Bennett reveals the rich social and cultural importance of this apparently unremarkable machine. The cinematic bicycles discussed in this book have various functions. They are the source of absurd comedy in silent films, and the vehicles that allow their owners to work in sports films and social realist cinema. They are a means of independence and escape for children in melodramas and kids' films, and the tools that offer political agency and freedom to women, as depicted in films from around the world. In recounting the cinematic history of the bicycle, Bennett reminds us that this machine is not just a practical means of transport or a child's toy, but the vehicle for a wide range of meanings concerning individual identity, social class,

nationhood and belonging, family, gender, and sexuality and pleasure. As this book shows, two hundred years on from its invention, the bicycle is a revolutionary technology that retains the power to transform the world.

Simplified Signs - John D. Bonvillian 2020

"Simplified Signs presents a system of manual sign communication intended for special populations who have had limited success mastering spoken or full sign languages. It is the culmination of over twenty years of research and development by the authors. The Simplified Sign System has been developed and tested for ease of sign comprehension, memorization, and formation by limiting the complexity of the motor skills required to form each sign, and by ensuring that each sign visually resembles the meaning it conveys. Volume 1 outlines the research underpinning and informing the project, and places the Simplified Sign System in a wider

context of sign usage, historically and by different populations. Volume 2 presents the lexicon of signs, totalling approximately 1000 signs, each with a clear illustration and a written description of how the sign is formed, as well as a memory aid that connects the sign visually to the meaning that it conveys. While the Simplified Sign System originally was developed to meet the needs of persons with intellectual disabilities, cerebral palsy, autism, or aphasia, it may also assist the communication needs of a wider audience - such as healthcare professionals, aid workers, military personnel, travellers or parents, and children who have not yet mastered spoken language. The system also has been shown to enhance learning for individuals studying a foreign language. Lucid and comprehensive, this work constitutes a valuable resource that will enhance the communicative interactions of many different people, and will be of great interest to researchers and educators alike."--Publisher's website

Things My Son Needs to Know About The World -

Fredrik Backman 2019-06-06

Things My Son Needs To Know About The World is a tender and funny series of letters from a new father to his son about one of life's most daunting experiences: parenthood From the 13 million copy internationally bestselling author of A Man Called Ove _____ 'You can be whatever you want to be, but that's nowhere near as important as knowing that you can be exactly who you are' In between the sleep-obsessed lows and oxytocin-fuelled highs, Backman takes a step back to share his own experience of fatherhood and how he navigates such uncharted territory. Part memoir, part manual, part love letter to his son, this book relays the big and the small lessons in life. As he watches his son take his first steps into the world, he teaches him how to navigate both love - and IKEA - and tries to explain why, sometimes, his dad might hold his hand just a little bit too tightly. This is an irresistible and insightful collection from one of the world's most beautiful storytellers - the bestselling author of A Man Called Ove and Beartown. _____ Praise for Fredrick Backman: 'A mature, compassionate novel' Sunday Times 'Will, funny, and almost unbearably moving' Daily Mail 'You'll love this engrossing novel' People 'Backman is a masterful writer' Kirkus Review

The Sense of Style - Steven Pinker 2014-09-30
"Charming and erudite," from the author of Rationality and Enlightenment Now, "The wit and insight and clarity he brings . . . is what makes

this book such a gem." –Time.com Why is so much writing so bad, and how can we make it better? Is the English language being corrupted by texting and social media? Do the kids today even care about good writing—and why should we care? From the author of The Better Angels of Our Nature and Enlightenment Now. In this entertaining and eminently practical book, the cognitive scientist, dictionary consultant, and New York Times–bestselling author Steven Pinker rethinks the usage guide for the twenty-first century. Using examples of great and gruesome modern prose while avoiding the scolding tone and Spartan tastes of the classic manuals, he shows how the art of writing can be a form of pleasurable mastery and a fascinating intellectual topic in its own right. The Sense of Style is for writers of all kinds, and for readers who are interested in letters and literature and are curious about the ways in which the sciences of mind can illuminate how language works at its best.

Creating Customer Evangelists - Jackie Huba

2012-08

When customers are truly thrilled about their experience with a product or service, they have the potential to become one of its influential evangelists. Savvy marketing professionals know that this group of true believers can be leveraged

as a potent force to build word of mouth that leads to new customers. *Creating Customer Evangelists* explains how to develop marketing and sales strategies that create communities of passionate customers. By cultivating a dialogue and then creating emotion-driven relationships with customers, companies can inspire grassroots support. *Creating Customer Evangelists* shows how to convert good customers into exceptional ones who willingly spread the word. "Lessons of customer evangelism related through real life company stories make this book an absorbing read." -- Harvard Business School "I'll admit it: at first, I was a skeptic. But halfway through this savvy and compelling book, I became a convert. And by the time I'd turned the last page, I'd become an evangelist. Say it with me, brothers and sisters: customer evangelism is the future!" -- Dan Pink, author of *Drive* and *A Whole New Mind* "An inspiring and thorough book packed with real life examples, action items and insight." -- Emanuel Rosen, author of *The Anatomy of Buzz* Jackie Huba and Ben McConnell, authors of *Citizen Marketers*, popularized the term "customer evangelism." The Seth Godin-edited New York Times bestseller *The Big Moo* featured them among 33 of "the world's smartest business thinkers."

Man V Fat - Andrew Shanahan 2021-06-10

This is a black and white edition of the original book. *Man v Fat* is a practical and supportive

resource for men, written by a normal bloke who just wanted to lose some weight. One day Andrew Shanahan took a guttie to text to a mate. But once he had taken the photo, he couldn't stop looking at it. He realised how unhappy he was about his body and resolved to change it. However he soon learned that the dieting industry had turned its back on men. Men were expected to get fit, tone up and turn fat into a six-pack in six weeks. There was nothing for men who simply wanted to lose their beer belly, play football again and feel more confident. So Andrew decided to do something about this. In *Man v Fat*, Andrew Shanahan will give you everything you need to know in order to lose weight, breaking it down into three essential components: Stage 1: Understand why you got fat Stage 2: Learn how to lose weight Stage 3: Create a winning structure *Man v Fat* is not a diet book or a commercial diet plan. It will explain (and myth-bust) the various diets available, so you can choose the one that will work best for you - or even create your own. It will help you to supercharge your motivation, set specific goals and teach you how to track and review them, identify threats and create a support network, and of course troubleshoot common hurdles. There are plans to get you walking, running or cycling (optional activity) or make the most of obligatory activity. Plus a perfect week plan and perfect month plan to get you started. In the battle of man against fat, this book is your

ultimate weapon., ,

Disabled Village Children - David Werner 1987

... A book of information and ideas for all who are concerned about the well-being of disabled children. It is especially for those who live in rural areas where resources are limited ... Written by [the author] with the help of disabled persons and pioneers in rehabilitation in many countries, this book ... gives a wealth of clear, simple, but detailed information concerning most common disabilities of children: many different physical disabilities, blindness, deafness, fits, behavior problems, and developmental delay. It gives suggestions for simplified rehabilitation, low-cost aids, and ways to help disabled children find a role and be accepted in the community. Above all, the book helps us to realize that most of the answers for meeting these children's needs can be found within the community, the family, and in the children themselves. It discusses ways of starting small community rehabilitation centers and workshops run by disabled persons or the families of disabled children.-Back cover.

Archer's Voice - Mia Sheridan 2016-11-01

Fall in love with this emotional New York Times bestselling romance between two tortured souls who find their chance at happiness in the most unexpected way. I wanted to lose myself in the small town of Pelion, Maine. To forget everything I had left behind. The sound of rain. The blood. The coldness of a gun against my skin. For six months, each breath has been a reminder that I survived -- and my dad didn't. I'm almost safe again. But the moment I meet Archer Hale, my entire world tilts on its axis . . . and never rights itself again. Until I trespass into his strange, silent, and isolated world, Archer communicates with no one. Yet in his whiskey-colored eyes, something intangible happens between us. There's so much more to him than just his beauty, his presence, or the ways his hands communicate with me. On me. But this town is mired in secrets and betrayals, and Archer is the explosive center of it all. So much passion. And so much hurt. But it's only in Archer's silence that we might just find what we need to heal . . . and live. Includes an exclusive extended epilogue from Archer's POV! Named one of the "Top Romance Novels of All Time" by Goodreads! A New York Times, USA Today, and Wall Street Journal bestseller!

The Global Investigative Journalism Casebook - Mark Hunter 2012

Action Park - Andy Mulvihill 2020-06-30

"Citizen Kane does Adventureland." —The Washington Post The outlandish, hilarious, terrifying, and almost impossible-to-believe story of the legendary, dangerous amusement park where millions were entertained and almost as many bruises were sustained, told through the eyes of the founder's son. Often called "Accident Park," "Class Action Park," or "Traction Park," Action Park was an American icon. Entertaining more than a million people a year in the 1980s, the New Jersey-based amusement playland placed no limits on danger or fun, a monument to the anything-goes spirit of the era that left guests in control of their own adventures—sometimes with tragic results. Though it closed its doors in 1996 after nearly twenty years, it has remained a subject of constant fascination ever since, an establishment completely anathema to our modern culture of rules and safety. Action Park is the first-ever unvarnished look at the history of

this DIY Disneyland, as seen through the eyes of Andy Mulvihill, the son of the park's idiosyncratic founder, Gene Mulvihill. From his early days testing precarious rides to working his way up to chief lifeguard of the infamous Wave Pool to later helping run the whole park, Andy's story is equal parts hilarious and moving, chronicling the life and death of a uniquely American attraction, a wet and wild 1980s adolescence, and a son's struggle to understand his father's quixotic quest to become the Walt Disney of New Jersey.

Packing in all of the excitement of a day at Action Park, this is destined to be one of the most unforgettable memoirs of the year.

Playing It My Way - Sachin Tendulkar 2014-11-06

'I don't think anyone, apart from Don Bradman, is in the same class as Sachin Tendulkar.' -Shane Warne This is cricket icon, Sachin Tendulkar's life story in his own words - his journey from a small boy with dreams to becoming a cricket god. His amazing story has now been turned into a major film, A Billion Dreams, in which he stars. The greatest run-scorer in the history of cricket, Sachin Tendulkar retired in 2013 after an astonishing 24 years at the top. The most celebrated Indian cricketer of all time, he received the Bharat Ratna Award - India's highest civilian honour - on the day of his retirement. Now Sachin Tendulkar tells his own remarkable story - from his first Test cap at the age of 16 to his 100th international century and the emotional final farewell that brought his country to a standstill. When a boisterous Mumbai youngster's excess energies were channelled into cricket, the result was record-breaking schoolboy batting exploits that launched the career of a cricketing phenomenon. Before long Sachin Tendulkar was the cornerstone of India's batting line-up, his every move watched by a cricket-mad nation's devoted followers. Never has a cricketer been burdened with so many expectations; never has a cricketer performed at such a high level for so long and with such style - scoring more runs and making more centuries than any other player, in both Tests and one-day games. And perhaps only one cricketer could have brought together a

shocked nation by defiantly scoring a Test century shortly after terrorist attacks rocked Mumbai. His many achievements with India include winning the World Cup and topping the world Test rankings. Yet he has also known his fair share of frustration and failure - from injuries and early World Cup exits to stinging criticism from the press, especially during his unhappy tenure as captain. Despite his celebrity status, Sachin Tendulkar has always remained a very private man, devoted to his family and his country. Now, for the first time, he provides a fascinating insight into his personal life and gives a frank and revealing account of a sporting life like no other.

Watching the English - Kate Fox 2005-04-11

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of

behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Children With Cerebral Palsy - Archie Hinchcliffe
2007-02-06

A large number of children in developing countries are born with or develop cerebral palsy. The problem is made worse by inadequate knowledge and treatment facilities. As a result, thousands of children with cerebral palsy live in burdensome dependence upon their families. This tragic situation can be avoided to a great extent by giving treatment early in the child's life and also by guiding families on how to manage the children in ways that help them become independent. This book is a practical guide designed to help therapists and community workers understand and effectively treat children with cerebral palsy. It focuses on: - adequately assessing children with cerebral palsy - designing treatment programmes that can be carried out in partnership with parents and community workers - assessing and managing eating and drinking difficulties - making simple and cost-effective equipment - designing appropriate play activities during therapy - evaluating and dealing with sensory integration problems in children with cerebral palsy - closer integration of theory and practical skills.

EBOOK: Communication Skills For Adult Nurses - Abayomi McEwen 2010-09-16

"This book is a real gem - useful not only for nurses, but for all healthcare professionals, students and educators wanting to develop their communication skills. One is reminded that it is not always about 'what' is said, but 'how' it is said. This book will be a great resource for those advocating interprofessional working, while keeping the patient's perspective in the reader's mind throughout." Dr Susanne Lindqvist, Senior Lecturer in Interprofessional Education, University

of East Anglia, Norwich, UK. "This book is slim line and concise but covers a lot of vital points that all nurses and students of nursing should be aware of. It is well laid out with activities, case studies and vignettes to illustrate key issues... I thoroughly recommend this book to nursing students and those who work with people in any context." Jo Parham, third year adult nursing student at the University of the West of England.

"From a Nursing Student perspective this book is excellent. It deals with every aspect of communication from the fundamental skills, through the use of technology, challenging situations, communication in teams, to the legal and ethical aspects of communication." Conor Hamilton, Nursing student. Queens University, Belfast. An essential guide for all nurses!! With an emphasis on practical application, this lively and accessible guide will help nurses to hone and develop their communication skills. Full of examples from both a patient and a nurse perspective, the book covers: Barriers to communication Communication in teams The patient's perspective Making good use of email and phone Managing difficult conversations How good communication underpins the essence of

care Examples of both good and poor practice, taken from the real-life experiences of the authors, are included to encourage reflection and integration of theory and practice. The book includes common scenarios, activity points and suggestions for practice, to give nurses the tools to continue to develop and apply effective communication skills. Communication Skills for Adult Nurses will support both student nurses learning their craft and also offer a suitable handy reference for qualified nurses undertaking continuing professional development, or acting as mentors. Contributors: Bernard Anderson, Jayne Crow, Graham Harris, Vivian Jellis, Mary Northrop, Paula Sobiechowska, Jill Toocaram
