A Scientific Autobiography - Aldo Rossi 1981
Postscript by Vincent Scully Based on notebooks composed since 1971, Aldo Rossi's memoir intermingles his architectural projects, including discussion of the major literary and artistic influences on his work, with his personal history. His ruminations range from his obsession with theater to his concept of architecture as ritual. The illustrations-photographs, evocative images, as well as a set of drawings of Rossi's major architectural projects prepared particularly for this publication were personally selected by the author to augment the text.

Trzej Królowie. Biografia - Roman Zajac
2020-11-25

Potężni magowie znający się na astrologii czy efekt rozbuchanej wyobraźni jednego z Ewangelistów? Kim byli Kacper, Melchior i Baltazar? Być może nie istnieli, raczej nie było ich trzech, a już na pewno nie byli żadnymi królami. Prędzej mędrkami lub perskimi magami. Czy byli wyznawcami wielkiej, o wiele starszej

niż judaizm religii? Czy ich potomkowie władali otoczonym islamskimi kalifatami niezwykłym państwem, do którego podróżowali papiescy wysłannicy? Jakie były ich związki z Atlantydą? Czy mogli znać się z Herkulesem? I co wspólnego ma z nimi Marco Polo? Trzej królowie to jedni z najbardziej tajemniczych bohaterów Biblii. Napisało w niej o nich dwanaście zdań, do których tradycja dopisała setki następnych, sprawiając, że Kacper, Melchior i Baltazar weszli do świata popkultury. Dlaczego od wieków Kościół taką czią otacza mężczyzn, o których tak naprawdę niezbyt wiele wiadomo? Co sprawiło, że stali się bohaterami wielu obrazów, książek i filmów, a o ich relikwie wybuchły wojny? Z jakiej przyczyny stali się jednymi z najbardziej rozpoznawalnych świętych Kościoła? Roman Zajac jako pierwszy zebrał całą dostępną wiedzę dotyczącą mędrców ze Wschodu. Ta książka to podróż przez wieki, koncepcje i teorie w ślad za gwiazdą zmierzającą do Betlejem.

The Historical Atlas of the Bible - Ian Barnes

Dr. 2014-10-01

This is a fascinating exploration of the most influential collection of writings in Western history. By placing the events and people described in the Bible into their social and geographical context, it seeks to provide new insights into the scriptures and illuminate a truly significant period in the development of Western civilization. The authoritative, engrossing text is accompanied throughout with quotes from the Bible, showing the link between the historical events described and the scriptures. There are 100 beautifully detailed maps illustrating the movements of people and the development of nations, and there are over 100 color photographs and illustrations of archaeological sites and artifacts. This is a comprehensive account of what is undoubtedly the key book in the development of Western civilization. As such, it is sure to be of great interest to believers and non-believers alike.

The Franks Casket - Leslie Webster 2012

The Franks Casket has intrigued and puzzled viewers since its rediscovery in the 19th century. Made in northern England in the 8th century, the sides and lids of the casket care some of the most intricate carvings known from Anglo-Saxon times. This book explores the meaning, function and history of this piece.

Scarecrow - Matthew Reilly 2009-09-18

As 'Scarecrow' Schofield watches his mission to eliminate a Siberian turn into a bloodbath, he realises he has been tricked -- and now become the prey rather than the predator. For a shadowy consortium of staggering power and wealth has included his name on a list of fifteen targets to be eliminated without fail by twelve noon that same day. Now every high-powered bounty hunter on the planet is on his trail, while he must simultaneously track down the

perpetrators of a conspiracy about to reduce many of the major cities of the world to ashes. From Arctic Russia to the Afghan border, to France's Atlantic Coast, to a speed-of-light conflict over the Suez Canal, every form of ultra-tech weaponry comes into play in a spellbinding action drama unfolding within a mere twenty-four hours.

Europe and Islam - Franco Cardini 2001-07-05
In this book Franco Cardini examines the ideas, prejudices, disinformation and anti-information that have formed and coloured Europe's attitude towards Islam over 1500 years.

St. Paul's Corinth - Jerome Murphy-O'Connor
1987

The Proof of the Gospel - Eusebius of Caesarea
2013-06-06

"The Holy Scriptures foretell that there will be unmistakable signs of the Coming of Christ. Now there were among the Hebrews three outstanding offices of dignity, which made the

nation famous, firstly the kingship, secondly that of prophet, and lastly the high priesthood. The prophecies said that the abolition and complete destruction of all these three together would be the sign of the presence of the Christ. And that the proofs that the times had come, would lie in the ceasing of the Mosaic worship, the desolation of Jerusalem and its Temple, and the subjection of the whole Jewish race to its enemies. The holy oracles foretold that all these changes, which had not been made in the days of the prophets of old, would take place at the coming of the Christ, which I will presently shew to have been fulfilled as never before in accordance with the predictions."

The Oxford Inklings - Colin Duriez 2015
Tells the story of the friendships, mutual influence, and common purpose of the Inklings.

Moralizing Cinema - Daniel Biltereyst
2014-11-20

This volume is part of the recent interest in the study of religion and popular media culture

(cinema in particular), but it strongly differs from most of this work in this maturing discipline. Contrary to most other edited volumes and monographs on film and religion, *Moralizing Cinema* will not focus upon films (cf. the representation of biblical figures, religious themes in films, the fidelity question in movies), but rather look beyond the film text, content or aesthetics, by concentrating on the cinema-related actions, strategies and policies developed by the Catholic Church and Catholic organizations in order to influence cinema. Whereas the key role of Catholics in cinema has been well studied in the USA (cf. literature on the Legion of Decency and on the Catholic influenced Production Code Administration), the issue remains unexplored for other parts of the world. The book includes case studies on Argentina, Belgium, France, Ireland, Italy, Luxemburg, the Netherlands, and the USA.

The Gospel and the Church - Alfred Loisy
2001-08-29

Loisy's book was originally written as a response to Adolf von Harnack's *What is Christianity?* Its importance revolves around both the crucial debate with Harnack and the intrinsic merit of its own scholarly position. Loisy's *The Gospel and the Church* serves to remind Catholics of their own inherited past and offers a view of the Protestant past from the point of view of an outsider. For the Protestant reader in particular, it offers an alternative view to Protestant understanding of the relationship of Jesus to the Church.

The Romanov Prophecy - Steve Berry
2008-05-15

History is being made and Miles Lord has a ringside seat. The people of Russia have voted to bring back the tsar, a ruler to be selected from the distant relatives of Nicholas II, who was murdered along with the rest of the Romanov family in 1918. Miles has been asked to run a background check on one of the candidates. But excitement turns to terror when Miles is nearly killed by gunmen. Suddenly, he is racing across continents with only a cryptic utterance by Rasputin, made at the time of the Romanov massacre, as his guide. The implications of this

prophecy are earth-shattering -- not only for the future tsar and mother Russia, but for Miles himself.

Sainthood in the Later Middle Ages - Andri Vauchez 2005-02-17

This is a standard work of reference for the study of the religious history of western Christianity in the later middle ages which, since its original publication in French in 1981, has come to be regarded as one of the great contributions to medieval studies of recent times. Hagiographical texts and reports of the processes of canonisation - a mode of investigation into saints' lives and their miracles implemented by the popes from the end of the twelfth century - are here used for the first time as major source materials. The book illuminates the main features of the medieval religious mind, and highlights the popes' attempts to gain firmer control over the wide variety of expressions of faith towards the saints in order to promote a higher pattern of devotion and moral behaviour

among Christians.

The First Christian Historian - Daniel Marguerat 2002-09-05

As the first historian of Christianity, Luke's reliability is vigorously disputed among scholars. The author of the Acts is often accused of being a biased, imprecise, and anti-Jewish historian who created a distorted portrait of Paul. Daniel Marguerat tries to avoid being caught in this true/false quagmire when examining Luke's interpretation of history. Instead he combines different tools - reflection upon historiography, the rules of ancient historians and narrative criticism - to analyse the Acts and gauge the historiographical aims of their author. Marguerat examines the construction of the narrative, the framing of the plot and the characterization, and places his evaluation firmly in the framework of ancient historiography, where history reflects tradition

and not documentation. This is a fresh and original approach to the classic themes of Lucan theology: Christianity between Jerusalem and Rome, the image of God, the work of the Spirit, the unity of Luke and the Acts.

The World in Venice - Bronwen Wilson 2005

Positing a dynamic relationship between print culture and social experience, Bronwen Wilson's The World in Venice focuses on the printed image during a century of profound transformation. City views, costume illustrations, events, and portraits of locals and foreigners are brought together to show how printmakers responded to an expanding image of the world in Renaissance Venice, and how, in turn, prints influenced the ways in which individuals thought about themselves. Woodcuts and engravings of cities and inhabitants of Europe, and those of distant lands, initiated a sudden and pervasive experience with alterity that redefined the relations of Europeans to the world. By condensing the world into pictures, print

enabled a radically novel and vicarious experience of others. Wilson explores the overlapping and evolving relations between space, vision, print, and identity, and engages with current scholarly debates concerning ethnicities, gender and geography, copies and originals, travel, nationhood, fashion, urban life, visuality, and the body. Venice was one of the largest cities in Renaissance Europe, a trading crossroads, and a centre of print. The World in Venice shows how Venetian identity came to be envisioned within the growing global context that print constructed for it.

Le porte dell'anno: cerimonie stagionali e mascherate animali - Enrico Comba 2020-01-23
Cinquecento anni fa le persone vivevano in un mondo popolato di spiriti, sia buoni che malvagi: demoni e spiriti della foresta e del deserto, ma anche entità che minacciavano la vita quotidiana. Numerose erano anche le entità presenti sul fronte opposto, dominato da Dio, ma popolato da un'infinità di santi, spiriti benevoli, esseri protettori, e così via, che mescolavano

disinvoltamente, soprattutto nel mondo popolare delle campagne, temi della religione cristiana dominante con elementi che traevano la loro origine dalle forme religiose pre-cristiane. I carnevali nascono in questo mondo e ne costituiscono parte integrante. Essi rivelano una concezione secondo la quale l'ordine sociale tiene a bada un caos primordiale, che costituisce sia il suo avversario sia la fonte di ogni energia. Lo sforzo necessario per tenere a bada il disordine e mantenere l'ordine della società umana era destinato ad estenuarsi, qualora tale ordine non venisse periodicamente immerso nuovamente nelle energie primordiali del caos per riemergere con forza rinnovata. I carnevali esprimevano tale concezione di un equilibrio precario che doveva essere periodicamente sconvolto e al tempo stesso ritemprato dall'irrompere delle forze del disordine. /spanNasce così il progetto che sta alla base di questo lavoro: il tentativo di costruire un percorso a ritroso, che porta ad attraversare

tempi e civiltà del passato, alla ricerca di una genealogia dei motivi mitici e simbolici che sono identificabili nel sistema delle feste carnevalesche, ma che rivelano una serie di connessioni con molteplici aspetti del passato. Un esercizio di regressione attraverso il tempo, osservando come quei motivi si sono trasformati nel corso delle epoche e delle civiltà, che rivela trasformazioni e continuità, un intreccio complesso di somiglianze e di differenze.
Lord Jeffrey - Thomas Carlyle 1881

The Birth of Purgatory - Jacques Le Goff
1986-12-15

Noting that the doctrine of Purgatory does not appear in the Latin theology of the West before the late twelfth century, the author identifies the profound social and intellectual changes which caused its widespread acceptance.

Men and Bears - AA.VV. 2020-01-23

The time of Carnival represents a “wild” time at the end of winter and pointing to the beginning

of a new season. It is characterized by the irruption of border figures, animal masks, characters which recall the world of the dead and which bring within themselves the germ of a vital force, of the energy that produces the reawakening of nature and announces the growth and fertility of the new crops. This wild domain shows itself under the shapes of a contiguity between human and animal: the costumes, the masks, refer to a world in which the characteristics of the human and those of the animal are fused and intertwined. Among these figures, in particular, emerge those of the Wild Man, the human being who takes on animal-like attributes and aspects, and of the Bear, the animal that, more than all the others, gets as close as possible to the human and seems to reflect a deformed image of it. Such symbolic images come from far off times and places to tell a story that belongs to our common origins. The bear assumes attributes and functions alike in very different cultural contexts, such as the Sámi

of Finland or North-American hunter-gatherers, and represents a boundary between the world of nature and the human world, between the domain of animals and the difficult construction of humanity: a process continued for centuries, perhaps millennia, and which cannot still be said complete.

The Shroud at Court - 2019-03-27

The Shroud at the Court analyses the ties between the Shroud and the Savoy court from the fifteenth to twentieth centuries, when rituals, ceremonies, and images made the relic an essential source of legitimacy and propaganda for the Savoy dynasty.

The Origins of Fascist Ideology 1918-1925 - Emilio Gentile 2005-08-01

The masterwork by Gentile fills a broad gap in

the understanding of the origins of a major political movement of the 20th Century: fascism. This is the first detailed and definitive study of the development and initial success of fascism as it originated in Italy right after the First World War. the author traces each major influence and gives us a complete understanding of the birth of the doctrine that changed the face of Europe and found imitators of Mussolini around the world for decades.

The Thirty Pieces of Silver - Lucia Travaini 2022-01-19

The Thirty Pieces of Silver: Coin Relics in Medieval and Modern Europe discusses many interconnected topics relating to the most perfidious monetary transaction in history: the betrayal of Jesus by Judas for thirty pieces of silver. According to medieval legend, these coins had existed since the time of Abraham's father and had been used in many transactions recorded in the Bible. This book documents fifty specimens of coins which were venerated as holy

relics in medieval and modern churches and monasteries of Europe, from Valencia to Uppsala. Most of these relics are ancient Greek silver coins in origin mounted in precious reliquaries or used for the distribution of their wax imprints believed to have healing powers. Drawing from a wide range of historical sources, from hagiography to numismatics, this book will appeal to students and academics researching Late Antique, Medieval, and Early Modern History, Theology, as well as all those interested in the function of relics throughout Christendom. *The Thirty Pieces of Silver* is a study that invites meditation on the highly symbolic and powerful role of money through coins which were the price, value, and measure of Christ and which, despite being the most abject objects, managed to become relics.

Il sacro Graal - Emilio Renda 2006

Simon Magus in Patristic, Medieval and Early Modern Traditions - Alberto Ferreiro 2021-11-29

This book is an exploration of the post-New Testament figure of Simon Magus spanning the patristic era, Middle Ages, and the early modern period as found in art, vernacular literatures, heresiologies, theological texts, hagiographies and homilies.

Magi - Adrian Gilbert 1999-09-01

Written by the co-author of "The Orion Mystery" and "The Mayan Prophecies", this book takes the reader through the past, revealing how secret knowledge was both preserved in the East in the form of monumental architecture and at the time of the Crusades, passed westwards to the fledgling states of Europe.; One of the best known stories of the Bible is the journey of the Magi as witnesses of the Nativity of Jesus, yet who were these "wise men"? Where did they come from and what could possibly have been their motive in making their journey to Bethlehem? In this book, such questions are answered in an exploration of the Magi legend. Threaded into an epic story are the results of

Adrian Gilbert's extensive research.;The author claims the truth is that not only was the birth of Jesus widely expected throughout the Middle East, but that Christianity itself has its deepest roots in the "pagan" mysteries of Egypt, Persia and Mesopotamia.
