Reading Germany - Gideon Reuveni 2006
By closely examining the interaction between intellectual and material culture in the period before the Nazis came to power in Germany, the author comes to the conclusion that, contrary to widely held assumptions, consumer culture in the Weimar period, far from undermining reading, used reading culture to enhance its goods and values. Reading material was marked as a consumer good, while

reading as an activity, raising expectations as it did, influenced consumer culture. Consequently, consumption contributed to the diffusion of reading culture, while at the same time a popular reading culture strengthened consumption and its values. Gideon Reuveni is Director of the Centre for German Jewish Studies at the University of Sussex. He is the co-editor of *The Economy in Jewish History* (Berghahn, 2010) and several other books on different aspects of Jewish history. Presently he is working on a book on consumer culture and the making of Jewish identity in Europe.

Felidae - Akif Pirinçci 1994

The Emergent Manager examines the process of becoming a manager within organizations and considers how people relate the ways in which they 'manage' their lives to their development as managers in the workplace. At the heart of the book is the idea of the individual engaged in a continual process of 'becoming'. Focusing on the reported experiences of managers, the book is richly illustrated throughout with examples drawn from a variety of workplaces, including the civil service, academia, the retail industry, construction and engineering, banking and the prison service. Tony Watson and Pauline Harris together provide a new understanding of the nature of the management role and the ways in which people make sense of their lives as managers. Accessible and innovative, this book will be of interest to students and academics in management and organization studies as well as practising managers.

Bulemanns Haus - Theodor Storm
2017-09-21

Nach dem Tod seines Vaters kehrt Herr Bulemann nach in Obersee verbrachten Jahren in seine Heimatstadt zurück und zieht in das Haus seines Vaters. Seine Frau und seine Kinder hat er auf der Oberfahrt an Sklavenhändler verkauft - so erzählt man sich. Stattdessen hat Herr Bulemann zwei

große Katzen mitgebracht. In seinem Vaterhaus findet er allerlei Pfandgüter - sein Vater war Pfandleiher - vor, die er widerrechtlich verkauft. In den folgenden Jahren suchen ihn Pfandgläubiger auf, welche ihre Pfandgüter auslösen wollen und die er bestechen muss, damit sie sein widerrechtliches Handeln nicht ausplaudern. Er wird immer unleidlicher und menschenscheuer, bis sein einziger Kontakt zur Außenwelt seine Haushälterin ist, die ihn verachtet. Schließlich weist er schroff seine Halbschwester zurück, als sie ihn wegen ihres kranken Sohnes um Hilfe anfleht und verschuldet letztlich den Tod seines Neffen. Seine Schwester verflucht ihn, woraufhin sich die beiden Katzen nach und nach schauerlich verwandeln und ihn für immer in seinem Haus festhalten, aus dem die Haushälterin inzwischen geflohen ist.

Venice - Cees Nooteboom 2020-09-03
"You might think there is little new to say about Venice, but Cees Nooteboom strolls down many under-explored alleyways in the city, his insights coloured by his knowledge of art and literature as well as his past experiences . . . Witty and meditative by turns, the overall effect is like being shown around by a wonderfully self-effacing, but impressively erudite guide" The Sunday Times BOOKS OF THE YEAR
"Nooteboom has achieved the impossible: to say something new about the ageless city about which everything has been said" ALBERTO MANGUEL "The whole book is the illuminating testimony of a man who cannot look away and so sees things that others, even those with more specialist knowledge, have missed, whether it be the color and consistency of the ropes on the vaporetta, the glistening hues and squirming movements of the fish at

the market, or the wondrous effects that Tintoretto could achieve with dabs of white in 'the gleam of armour, the folds in a sleeve, the windings of a turban, the halo of a man of the air who, as in the Last Judgment, is flying through space, in a wide flowing cloak . . .'" GREGORY DOWLING, Wall Street Journal VENICE: "A dream of palaces and churches, of power and money, dominion and decline, a paradise of beauty." By the author of *Roads to Santiago* and *Roads to Berlin* With this treasury of his time spent in Venice over a period of fifty-five years, *Nooteboom* makes himself the indispensable companion for all lovers of "the sailing, amphibious city", and for every new visitor. Because he is a master storyteller with an inexhaustible curiosity, and always with a suitcase of books (to which new discoveries are added), he brings vividly and poetically to life not only the tumultuous history of the Republic but along the way its doges, its villains, its heroes, its magnificent painters, its architects, its scholars, its skies, its canals and piazzas and alleyways, and on his expeditions its "bronze voices of time". Those who know and love this city and its literature will recognise *Nooteboom* - in Laura Watkinson's fine translation - as the dazzling heir and companion to Montaigne, Thomas Mann, Rilke, Ruskin, Proust, Brodsky, and Donna Leon. His homage to Venice is a generous introduction, learned and enchanting, and worthy of its magnificent subject. "His writing is lyrical and densely textured. He is a poet of time and memory" - COLIN THUBRON Translated from the Dutch by Laura Watkinson

The Author of Himself - Marcel Reich-Ranicki 2020-09-08

Marcel Reich-Ranicki is remarkable for both his unlikely life story and

his brilliant career as the "pope of German letters." His sublimely written autobiography is at once a fascinating adventure tale, an unusual account of German-Jewish relations, a personal rumination on who's who in German culture, and a love letter to literature. Reich-Ranicki's life took him from middle-class childhood to wartime misery to the heights of intellectual celebrity. Born into a Jewish family in Poland in 1920, he moved to Berlin as a boy. There he discovered his passion for literature and began a complex affair with German culture. In 1938, his family was deported back to Poland, where German occupation forced him into the Warsaw Ghetto. As a member of the Jewish resistance, a translator for the Jewish Council, and a man who personally experienced the ghetto's inhumane conditions, Reich-Ranicki gained both a bird's-eye and ground-level view of Nazi barbarism. Written with subtlety and intelligence, his account of this episode is among the most compelling and dramatic ever recorded. He escaped with his wife and spent two years hiding in the cellar of Polish peasants—an incident later immortalized by Günter Grass. After liberation, he joined and then fell out with the Communist Party and was temporarily imprisoned. He began writing and soon became Poland's foremost critical commentator on German literature. When Reich-Ranicki returned to Germany in 1958, his rise was meteoric. In short order, he claimed national celebrity and notoriety as the head of the literary section of the leading newspaper and host of his own television program. He frequently flabbergasted viewers with his bold pronouncements and flexed his power to make or break a writer's career. His list of friends and enemies rapidly expanded to include every influential player on

the German literary scene, including Grass and Heinrich Böll. This, together with his keen critical instincts, makes his memoir an indispensable guide to contemporary German culture as well as an absorbing eyewitness history of some of the twentieth century's most important events.

Literature, Theory, and Common Sense
- Antoine Compagnon 2004-07-26
Publisher Description

To Be Continued... - Robert C. Allen
2002-01-04

To Be Continued... explores the world's most popular form of television drama; the soap opera. From Denver to Delhi, Moscow to Manchester, audiences eagerly await the next episode of *As the World Turns*, *The Rich Also Weep* or *Eastenders*. But the popularity of soap operas in Britain and the US pales in comparison to the role that they play in media cultures in other parts of the world. To Be Continued... investigates both the cultural specificity of television

soap operas and their reception in other cultures, covering soap production and soap watching in the U.S., Asia, Europe, Australia and Latin America. The contributors consider the nature of soap as a media text, the history of the serial narrative as a form, and the role of the soap opera in the development of feminist media criticism. To Be Continued... presents the first scholarly examination of soap opera as global media phenomenon.

The Antichrist - Adam B Foltin

Some plays are filled with meaning. But what if meaning is scarce, and cannot be imagined? My meaning is deadly and wants to be something other than what it is. These works are inspired by Shakespeare and Waiting for Godot. Everyone is waiting for them. Surely they will be greater than any play ever written, or we will fall into darkness.

Animal Languages - Eva Meijer
2019-11-14

'A rich compendium of incidents, anecdotes and studies illustrating the linguistic abilities of animals . . . a rewarding book' Sunday Times
Dolphins and parrots call each other by their names. Fork tailed drongos mimic the calls of other animals to scare them away and then steal their dinner. In the songs of many species of birds, and in skin patterns of squid, we find grammatical structures . . . If you are lucky, you might meet an animal that wants to talk to you. If you are even luckier, you might meet an animal that takes the time and effort to get to know you. Such relationships can teach us not only about the animal in question, but also about language and about ourselves. From how prairie dogs describe intruders in detail -- including their size, shape, speed and the colour of their hair and T-shirts -- to how bats like to gossip, to the impressive greeting rituals of monogamous seabirds, *Animal Languages* is a fascinating and philosophical exploration of the ways animals communicate with each other, and with us. Researchers are discovering that animals have rich and complex languages with grammatical and structural rules that allow them to strategise, share advice, give

warnings, show love and gossip amongst themselves. *Animal Languages* will reveal this surprising hidden social life and show you how to talk with the animals.

The Museum of You - Carys Bray
2016-06-16

Clover Quinn was a surprise. She used to imagine she was the good kind, now she's not sure. She'd like to ask Dad about it, but growing up in the saddest chapter of someone else's story is difficult. She tries not to skate on the thin ice of his memories. Darren has done his best. He's studied his daughter like a seismologist on the lookout for waves and surrounded her with everything she might want - everything he can think of, at least - to be happy. What Clover wants is answers. This summer, she thinks she can find them in the second bedroom, which is full of her mother's belongings. Volume isn't important, what she is looking for is essence; the undiluted bits: a collection of things that will tell the full story of her mother, her father and who she is going to be. But what you find depends on what you're searching for.

Veit Harlan - Frank Noack 2016-04-08
Veit Harlan (1899--1964) was one of

Germany's most controversial and loathed directors. After studying with theatre and film pioneer Max Reinhardt and beginning a promising career, he became one of Joseph Goebbels's leading filmmakers under the National Socialist regime. Harlan's *Jud Süß* (*Jew Suss*, 1940), in particular, stands as one of the most artistically distinct and morally reprehensible films produced by the Third Reich. His involvement with this movie has led to many critical questions: Was the director truly forced to make the film under penalty of death? Is anti-Semitism a theme in his other productions? Can and should his work be studied in light of the horrors of Nazism and the Holocaust? The first English-language biography of the notorious director, Veit Harlan presents an in-depth portrait of the man who is arguably the only Nazi filmmaker with a distinct authorial style and body of work. Author Frank Noack reveals that both Harlan's life and work were marked by creative vision, startling ambiguities, and deep moral flaws. His meticulously detailed study explores the director's influence on German cinema and places his work within the contexts of World War II and film history as a whole. Rivalled only by Leni Riefenstahl, Veit Harlan remains one of Germany's most infamous filmmakers, and virtually every book on Nazi cinema contains at least one chapter about Harlan or an analysis of one of his movies. This biography -- supplemented by production histories and rare interviews with actors, actresses, and cameramen -- offers the first comprehensive analysis of the director and his work and adds new perspective to the growing body of scholarship on filmmaking under the Third Reich.
