[Parking Principles; Subject Area: 53 Traffic Control and Operations](#) - National Research Council (U.S.). Highway Research Board 1971

In 1967 FHWA recommended that the HRB committee on parking develop a new publication to update and revise BPR's 1956 publication, "Parking guide for cities." In the present study, the committee attempts to view parking across the entire spectrum from the home to the central business district. Eight major topics are addressed: parking characteristics, zoning, parking programs, parking studies, location and design, operation, parking at transit stations, and curb parking. The three appendices comprise a glossary of terms, legal aspects of parking and public use, and change-of-mode facilities.

**Financial & Managerial Accounting** - Carl S. Warren 2016-09-14

Give your students a solid foundation in core accounting concepts while helping learners develop a true appreciation for why accounting is important to business and a prosperous society. Warren/Reeve/Duchac's FINANCIAL AND MANAGERIAL ACCOUNTING, 14E clearly demonstrates how accounting is much more than simply data and black and white rules. Instead, students see how accounting provides key information used to make critical business decisions. A new chapter schema provides context for how each chapter's content fits into the big picture. The book focuses on why accounting is important and consistently reinforces connections to the big picture by connecting journal entries to the accounting equation. Fresh organization progresses from the simplest to the more complex topics with reorganized and fully integrated coverage of the new Revenue Recognition standard, reorganized coverage of adjustments, and reorganized managerial accounting chapters Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
