The South American Handbook - 2010

Soft Nut Bike Tour of Burma: Exploring the less travelled roads of Myanmar - Tracy Stanley 2020-08-30
The Soft Nut Bike Tour of Burma was led by our friend Chris. Boundless

resourcefulness and a refusal to accept defeat are just two of his many skills. Snapped chains, grinding gears and punctures are fixed in a flash and if it all gets too much for our less than youthful bodies, he'll conjure up a truck or train to get us to the next outpost of civilisation. This book describes a ten-day tour of the less travelled area of Southern Myanmar. It's called the Soft Nut Tour because there was also a Tough Nut one which required a level of fitness and fortitude which we no longer possessed - if we ever did. *Bikers' Britain* - Simon Weir 2016-03
Bikers' Britain--The Tours is all about the best touring routes in the UK, handpicked and written by the Deputy Editor of immensely popular RiDE magazine. The book includes more than 40 of the best touring routes

for motorcyclists which have been pre-ridden by experts. It features advice on preparing for a long trip, sights to see, and things to do along the route, as well as an overview of touring from outside the UK. Each ride will have a clear route map and color photos and can be used as a top box essential or bedtime reading. The book is designed to be durable and fit snugly into a tank bag for use during a ride.

The Tour De France, 1903-2003 - Hugh Dauncey 2004-08-02

This book analyses the Tour de France over its long history both as France's most prestigious and famous sporting event and as a European and, increasingly, a world cycling competition. This study provides interdisciplinary and varied perspectives on the sporting,

cultural, social, economic and political significance of the Tour within and outside France, giving a comprehensive and authoritative investigation of up-to-the minute thinking on what the Tour means, now and in the past, to competitors, to France, to the French public, to the cultural history of sport, and the sport of cycling itself.

Great British Cycling - Ellis Bacon
2014-08-28

In 1868, the first ever documented bicycle race was held in a Paris park, and to the locals' chagrin, was won by a Briton. Yet while cycling culture became ingrained in continental European culture, riders this side of the Channel were engaged in constant battles with the authorities to pursue their sport - road racing was in fact banned as early as 1890. Its rise in popularity over the past 150 years, and the many triumphs of British cyclists in that time, have therefore been phenomenal.

Never before has the full story of the sport been documented in one book, and in Great British Cycling, Ellis Bacon guides you through the development of our bike racing world, from weekend outings to British riders being able to compete in, then finish and win stages of the Tour de France. It takes you from cycling clubs and iconic frame-builders to a post-war explosion in cycling participation inspired by the likes of Brian Robinson, Tommy Simpson, Barry Hoban and Beryl Burton, from huge crowds witnessing the Tour of Britain and other races up and down the land to the modern era of glorious success by the likes of Mark Cavendish, Bradley Wiggins and Chris Froome. As the Tour de France returns to these shores for the fourth time, with Great Britain now firmly

established at the top of the world of cycling, this is the ideal time for fans of the sport, both new and old, to explore its wonderful history.

He died a tragic early death during the 1967 Tour. the obsessive will to win which was ultimately to cost him his life. Put Me Back on My Bike revisits the places and people associated with Simpson to produce the definitive story of Britain's greatest ever cyclist. The fully revised and updated edition of William Fotheringham's classic biography features a new foreword and postscript further exploring the truth behind the legend. Lone Rider - Elspeth Beard 2017-07-06
In 1982, at the age of just twenty-three and halfway through her architecture studies, Elspeth Beard left her family and friends in London and set off on a 35,000-mile solo adventure around the world on her 1974 BMW R60/6. Reeling from a recent breakup and with only limited savings from her pub job, a tent, a few clothes and some tools, all packed on

the back of her bike, she was determined to prove herself. She had ridden bikes since her teens and was well travelled. But nothing could prepare her for what lay ahead. When she returned to London nearly two and a half years later she was stones lighter and decades wiser. She'd ridden through unforgiving landscapes and countries ravaged by war, witnessed civil uprisings that forced her to fake documents, and fended off sexual attacks, biker gangs and corrupt police convinced she was trafficking drugs. She'd survived life-threatening illnesses, personal loss and brutal accidents that had left permanent scars and a black hole in her memory. And she'd fallen in love with two very different men. In an age before email, the internet, mobile phones, satnavs and, in some

parts of the world, readily available and reliable maps, Elspeth achieved something that would still seem remarkable today. Told with honesty and wit, this is the extraordinary and moving story of a unique and life-changing adventure.

Cycling is My Life - Tommy Simpson
2011-03-15

The cyclist Tom Simpson is a legend. The first British world champion, the first Briton to pull on the fabled yellow jersey of the Tour de France - he brought professional cycling to a nation and inspired generations of riders. His autobiography, *Cycling is My Life*, was written the year before he died tragically on the barren moonscape of Mont Ventoux during the 1967 Tour aged just twenty-nine. Forty years on, hundreds of fans still make the pilgrimage to the windswept memorial which marks the spot where he died. In an age where

each Tour de France seems more blighted by scandal than the next, Simpson's story is as relevant now as it was then. A man of contradictions, Simpson was one of the first cyclists to admit to using banned drugs, yet the dapper 'Major Tom' inspired awe and affection from the British public for the obsessive will to win which was ultimately to cost him his life. First published in 1966, Simpson's autobiography is essential reading for every dedicated cycling fan and an engaging story of the life of an iconic sportsman.

Celebrity Chefs, Food Media and the Politics of Eating - Joanne Hollows
2022-08-11

Working across food studies and media studies, Joanne Hollows examines the impact of celebrity chefs on how we think about food and how we cook, shop and eat. Hollows explores how celebrity chefs emerged in both restaurant and media industries, making chefs like Jamie Oliver and Gordon Ramsay into global stars. She also shows how blogs and YouTube enabled the emergence of new types of branded food personalities such as Deliciously Ella and BOSH! As well as providing a valuable introduction to existing research on celebrity chefs, Hollows uses case studies to analyse how celebrity chefs shape food practices and wider social, political and cultural trends. Hollows explores their impact on ideas about veganism, healthy eating and the Covid-19 pandemic and how their advice is

bound up with class, gender and race. She also demonstrates how celebrity chefs such as Jamie Oliver, Hugh Fearnley-Whittingstall, Nadiya Hussain and Jack Monroe have become food activists and campaigners who intervene in contemporary debates about the environment, food poverty and nation.

Visiting France, Italy and Switzerland, the TMB passes through some of Europe's most spectacular mountain scenery, with views of the peaks and glaciers of

the magnificent Mont Blanc massif. **Albania** - Gillian Gloyer 2018-03-05 This new, thoroughly updated sixth edition of Bradt's Albania remains the only standalone guide to this dynamic and rapidly modernising eastern European country, from the capital, Tirana, a lively European city, with shopping malls, cycle paths, museums, galleries and historic buildings, to remote outposts where traditional ways of life prevail. Updated by expert author Gillian Gloyer, it includes all developments since the last edition, reflecting changes such as continued investment in the road network and construction of fast highways connecting main cities, improved hotel provision and new museums dedicated to Albania's communist history. Despite such

modernisation, Albania is one of very few European countries where it is still possible to immerse yourself in traditional lifestyles and culture, and Bradt's Albania provides details of where to experience this for yourself. In highland villages, people tend their livestock and gather their crops with little or no mechanisation; they milk their cows and goats by hand, they make their own cheese and bread, they distil home-made spirits from local fruits and berries. In addition, many villagers have opened up their traditional homes as guest-houses, offering a wonderful opportunity to experience their culture first-hand. Bradt's Albania also includes details of watching the country's rare wildlife, such as wildcats, lynx, wolves and bears, and of visiting its

three World Heritage Sites: the archaeological site and national park of Butrint and the Ottoman cities of Berat and Gjirokastra. Iso-polyphony, the traditional music of the south-west, is also listed as part of World Heritage by UNESCO. With rigorously researched historical and archaeological background information, detailed notes on popular and less well-known hiking routes and other outdoor activities, specialist contributors on wildlife, military history and other topics, and an unparalleled wealth of practical advice for the independent traveller, Bradt's Albania is the ideal companion for discovering this intriguing country.

Roule Britannia - William Fotheringham 2005

Roule Britannia celebrates the fiftieth anniversary of a Briton first completing the Tour de France, the half-century of cultural exchange, and British cycling's fight for recognition that followed. During those fifty years only two Tours would take place without at least one Briton on the start line, and more than fifty British cyclists have taken part. Through exclusive interviews with and profiles of all those who have competed, William Fotheringham gives us the definitive record of their achievement, from those first stumbling efforts and the death of Tom Simpson, to the golden era of Sean Yates and Robert Millar,

right up to Chris Boardman, David Millar and the present day, when the issue of banned drug use has clouded the great race.
