*Counting Lions: Portraits from the Wild* - Katie Cotton 2015-10-13

A spectacular, visually stunning celebration of

wildlife—and gentle counting book—that can be enjoyed by the entire family. Exquisite charcoal drawings of ten endangered creatures—lions, elephants, giraffes, pandas, tigers, chimpanzees, penguins, turtles, macaws, and zebras—startle the viewer with their size and astonishing detail. A poetic text notes each creature's particular qualities and behavior, while providing a quiet counting exercise and a reminder that these animals must be cherished and protected.

**The Gentleman's Magazine** - 1802

Contains opinions and comment on other currently published newspapers and magazines, a selection of poetry, essays, historical events, voyages, news (foreign and domestic) including news of North America, a register of the month's new publications, a calendar of forthcoming trade fairs, a summary of monthly events, vital statistics (births, deaths, marriages), preferments, commodity prices. Samuel Johnson contributed parliamentary reports as "Debates of the Senate of Magna Lilliputia."

Brief captions describe habits of each species. Colorists will find this volume entertaining and educational; artists and designers will find practical use for the royalty-free illustrations. 40 black-and-white illustrations. Captions.

**Forever Wild, Forever Home** - Melanie and Mark Shellenbarger 2020-11-10

Forever Wild, Forever Home invites readers to discover the magic of The Wild Animal Sanctuary in Keenesburg, Colorado, the premier large carnivore sanctuary in the world. In 1980, Pat Craig rescued a baby jaguar he christened Freckles and took his first bold steps on a forty-year journey to combat the growing crisis of exotic animal captivity, abuse, and trafficking – one rescue at a time. Today more than 200 bears, 60 African lions, and 70 tigers, as well as jaguars, leopards, mountain lions, wolves, and other exotic animals, both large and small, enjoy peace, comfort, and contentment in enormous habitats on thousands of acres of The Wild Animal Sanctuary's prairie and canyonlands. Rescued from mostly horrific situations, they are survivors, with much to teach us about courage, resilience, and hope. Their lives resonate with our own. With over 100 color photos, this absorbing, thoughtful, and timely narrative offers an unprecedented, behind-the-scenes look at what it is really like to care for wild carnivores. Both heartwarming and humorous, Forever Wild, Forever Home honors the nobility and wellbeing of the animals who call the Sanctuary home, and the heroic and gratifying labors of those who care for them. Join Sanctuary teams

on rescues of giant Alaskan Kodiak bears languishing in the Florida tropics, a lion held captive by a fortune teller in a tiny Mexican town, two big cats marooned and starving on a typhoon-ravaged island in the Pacific Ocean, and thirty-nine tigers owned by Joe Exotic, the "Tiger King" of Netflix fame. Meet Colo Colo, an angry African lion from Bolivia; Tasha Joy, a tiger who didn't know she was a tiger; the ever-busy grizzly bears, Tiny who tips the scales at 1,000 pounds and his friend Natasha; Diego, a white tiger; Jumanji, a black leopard; Lambert, a lion who finally learns to roar – and many more. Learn how the Mile into the Wild Walkway, the longest elevated pedestrian footbridge in the world, enables sky-high visitors to see wild animals in vast habitats; how staff and volunteers create cozy houses and unique playgrounds for the Sanctuary's (mostly) furry residents; and what happens when it's time for a large carnivore to visit the doctor or dentist. At The Wild Animal Sanctuary, tigers chuff in greeting, bears bask under brilliantly blue skies, mountain lions purr with joy, and African lions roar in winter. The Sanctuary is often seen as the last hope for the animals who are rescued and brought here to their forever home. But the thousands of people who visit, support, work, and volunteer here know that this is the place where hope begins.

Where the Wild Things Were - Susan Goldsworthy 2019-10  
What did we do once we knew? This book is written for both children and adults to entertain and educate. Join storytime as Grandma recounts her adventures with an alphabet of wild animals to her granddaughter, Little Dove. But with species loss accelerating at an alarming rate, will there be any creatures left for Little Dove to play with? We have solutions that can make a

difference. Working together, we can step up to our responsibility to protect what we still can in this magical, more-than-human world. Then we can have hope that instead of talking about where the wild things were we can speak to our children and grandchildren about where the wild things are.

**Born Free** - Joy Adamson 2000-05-16

There have been many accounts of the return to the wild of tame animals, but since its original publication in 1960, when The New York Times hailed it as a "fascinating and remarkable book," Born Free has stood alone in its power to move us. Joy Adamson's story of a lion cub in transition between the captivity in which she is raised and the fearsome wild to which she is returned captures the abilities of both humans and animals to cross the seemingly unbridgeable gap between their radically different worlds. Especially now, at a time when the sanctity of the wild and its inhabitants is increasingly threatened by human development and natural disaster, Adamson's remarkable tale is an idyll, and a model, to return to again and again. Illustrated with the same beautiful, evocative photographs that first enchanted the world forty years ago and updated with a new introduction by George Page, former host and executive editor of the PBS series Nature and author of Inside the Animal Mind, this anniversary edition introduces to a new generation one of the most heartwarming associations between man and animal.

Little Lion - Anna Brett 2022-06-07

Little Lion is a fact-filled picture book story based on the everyday adventures of a Lion Cub and their WILD family. Learn what different members of the lion family get up to, and how the fun and games of a little lion help them develop the vital survival skills they will

need to use later on in life. This charming celebration of Lions will show children just how extraordinary these animals are and is a reminder that it is up to us to care for our planet and its creatures. This adorable story is followed by a fun factivity section packed with craft projects, case studies and a quiz section at the back of the book, so you can put everything you have learnt about Little Lion and their family to the test. In the Really Wild Families series, based on the everyday adventures of wild animals, discover what the littlest members of the family get up to! Through their eyes we will explore the habitats, family dynamics and how they play, grow and survive as a family.

Boost Your STEAM Program with Great Literature and Activities - Liz Knowles 2018-06-01

You've created a STEAM program in your library, but how do you work literacy into the curriculum? With this collection of resource recommendations, direction for program development, and activities, you'll have students reading proficiently in no time. Many schools and libraries are implementing STEAM programs in the school library makerspace to promote problem solving by allowing students to create their own solutions to a problem through trial and error. In order to enhance literacy development in the STEAM program, however, they need resources for integrating literature into the curriculum. In this collection of resources for doing just that, veteran education professionals and practiced coauthors Liz Knowles and Martha Smith bring readers over eight hundred recommended and annotated books and web resources, selected based on research on successfully integrating STEAM and literacy programs and organized by the five STEAM areas. Titles are complemented by discussion questions and problem-solving activities that will aid educators in both adding and using the best literature to their STEAM programs for encouraging learning. In addition to promoting literacy, these resources will help to develop creativity, lateral thinking skills, and confidence in students.

**Popular Science** - 1924-12

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Lion Lessons - Jon Agee 2016-07-05

With the wit and read-aloud appeal of Peter Brown's Children Make Terrible Pets and William Steig's Pete's a Pizza, this funny, fierce picture book teaches kids just what it takes to be a great lion There are seven steps to becoming a proper lion, including Looking Fierce, Roaring, Prowling Around, and Pouncing. Our young hero, a rather meek and scrawny human boy, does his best to learn the necessary skills during his training with a master instructor (who just happens to be a real lion). After a grueling set of lessons, the boy discovers that that the final step—Looking Out for Your Friends—is the most important of all. That's how any kid can earn his lion diploma (not to mention the affection of every cat in town).

**1,2,3 Moose** - Andrea Helman 2003

Learn numbers by counting coyotes, wolves, bears, sea otters, and lots of other animals found in the Pacific Northwest.

**Cross-Curricular Projects** - Maria Angela Ceruti 2006-12

A to Zoo - Rebecca L. Thomas 2018-06-21

Whether used for thematic story times, program and curriculum planning, readers' advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply, with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive (as opposed to formal catalog) subject terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons, or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles.

**1, 2, 3 Moose** - Andrea Helman 2016-02-23

Can your little one find one wolf, 2 moose, 3 cougars and 12 sea lions? Treat your favorite young readers to this colorful counting book with amazing animal photos and

fun facts! 1 wolf 2 moose 3 cougars 4 auklets 5 orcas 6 eagles 7 owls 8 sea otters 9 elk 10 dall sheep 11 bears 12 sea lions

The African Wild Dog - IUCN/SSC Candid Specialist Group 1997

Over the last 30 years the African wild dog population has declined dramatically. Dogs have disappeared from 25 of the 39 countries where they were previously found, and only 6 populations are believed to number more than 100. Today it is believed that only between 3,000-5,500 dogs remain in 600-1,000 packs with most to be found in eastern and southern Africa. The dramatic reduction in their population is attributed to a number of factors including human population growth and activities, deterioration of habitat, and contact with domestic dogs and their diseases. This Action Plan explores some of

the reasons behind their disappearance and provides a number of proposed solutions split into 3 priority areas, ranging from habitat management and conservation to monitoring domestic dogs.

Christian the Lion - Anthony Bourke 2009-03-10

As Ace and John, two friends, are searching for holiday gifts in London, they come across a lion cub for sale in Harrods, the famous department store! Unable to bear the thought of leaving the cub, Ace and John take him home and name him Christian. After a year of fun and mischief Christian has grown up, and Ace and John realize that their pet needs to be among other lions and deserves to live free, in his natural environment. Luckily, friends help introduce Christian to the African wild. Christian the Lion tells the riveting true story of one animal's ability to adapt to life in the wild, and captures the unexpectedly enduring connection between man and animal.
