Dalton, a professor of racist studies and an expert on inferior people of all ethnicities, genders, religions, and sexual preferences, everyone should be hated. **A Practical Guide to Racism** takes a satirical look at long-standing stereotypes and

draws them out to their mad and illogical conclusions. At its core, this deeply sarcastic body of evidence suggests that, by the standards of racism, every race is terrible in its own right. **A Practical Guide to Racism** contains sparkling bits of wisdom on such subjects as: · The good life enjoyed by blacks, who shuffle through life unhindered by the white man's burdens, to become accomplished athletes, rhyme smiths, and dominoes champions · A close look at the bizarre, sweet-smelling race known as women, who are not very good at anything - especially ruling the free world · The sad story of the industrious, intelligent Jews, whose entire reputation is sullied by their taste for the blood of Christian babies · A crucial manual to Arabs, a people so sensitive they are liable to blow up at any time. Literally.

**But... You're a Horse** - David Bussell 2015-03-23

As featured in *The Guardian*. From the internet mischief-maker who brought you the "Knock Knock Hijack," in which he ran away with a friend's Facebook joke to hilarious effect, and "Hotel Graffiti," a series of peculiar messages hidden in hotel rooms around the world, comes "But... You're a Horse," a collection of pranks, anecdotes and gags that have nothing whatsoever to do with the cover of the book containing them. David Bussell's work has been featured in *The Telegraph*, *The Huffington Post*, *Buzzfeed*, *B3TA*, *Digital Spy*, and (quite without his permission) *The Daily Mail*. Things people have said about David Bussell: "Hilarious" Graham Linehan (*Father Ted*, *The IT Crowd*). "Really good" Shane Allen (BBC Controller of Comedy Commissioning). "Ha " Sam Bain (*Peep Show*, *Fresh Meat*).

**Men Are Better Than Women** - Dick Masterson 2008-04-08

Through a process of exhaustive man research he calls "keeping his eyes open," Dick Masterson has compiled a Magnum-size list of the ways men are better than women. It is an infallible compendium of man's greatness, filled with the most egregiously fallacious arguments ever put to words, but with some kind of miraculous, rock-solid man logic dripping like motor oil from every sentence. It is a manifesto more memorable than bullshit like *High Fidelity* or which *Axe* baby powder Maxim thinks you should slap on your nuts before clubbing, more chock-full of devastating man quotes than Oscar Wilde with two wangs. Most important, it is the only one of its kind. In *Men Are Better Than Women*, Dick Masterson dispenses logic from his man mouth into the eyes of his male readers like some kind of mighty mother man eagle with nutrient-rich word vomit. It's a book that makes you feel like driving a train into a dynamite factory and then tearing a telephone book apart with your bare hands, just because that's the way men have always done it. Masterson's chapters are simple and self-

contained, demand no commitments from readers, and have an immediate payoff. *Men Are Better Than Women* is a dangerous work of satire -- not dangerous in a revolutionary sense, but dangerous in that it walks the razor-thin line between cruelty and absurdity. That line is called hilarious.

**The Stray Shopping Carts of Eastern North America** - Julian Montague  
2023

"Abandoned shopping carts are everywhere, and yet we know so little about them. Their complexity and history baffles even the most careful urban explorer. How can we understand abandoned carts without a comprehensive and well-documented taxonomy? Spanning the categories of Damaged, Fragment, Plaza Drift, Bus Stop Discard, Plow Crush, and 28 more, Julian Montague's incomparable classification and documentation of this ubiquitous feature of the urban landscape helps us see the natural and man-made worlds-and perhaps even ourselves-anew. **97 Ways to Make a Cat Like You** - Carol Kaufmann 2015-04-07

From the publisher of B. Kliban's *Cat, All I Need to Know I Learned from My Cat, and Bad Cat*, comes a new book that answers the question all cat lovers ask: How do I make my cat like me? *97 Ways to Make a Cat Like You* is the perfect interactive guide to these mysterious, fickle, seemingly aloof--yet really, just particular--pets. Paired with a full-color photograph of friendly, extroverted, happy cats (in case you've forgotten what a cat looks like when he "likes" you), the 97 inspired, occasionally silly but always behaviorally-based tips and tricks prove that when a cat is treated right, he or she will respond in kind. Within reason. There's the "Eye on the Ball"--record a tennis match or a Ping-Pong game on TV to play back for your cat when he needs a bit of exercise. "Cat Burrito"--wrap your cat in a towel, burrito-style, which is particularly good for anxious pets or trips to the vet. The "Boing, Boing!"--wind pipe cleaners around a pencil in a spiral shape to create springs. Carefully slide off the pencil so the spirals go "boing" when pressed. The classic "Tickle, Tickle"--tickle Kitty under her chin and softly say "gitchy, gitchy, gitchy" in your highest-pitched voice. And for the cat owner willing to go the distance, the "There's No Business Like Show Business"--practice your best Ethel Merman by belting out favorite show tunes for your cat. Kitty won't care if you're off-key and she'll enjoy the stimulation.

*Stuck Up!* - Rich E. Dreben 2011-11-08

A very funny collection of 100 X-ray images showing foreign objects ingested or inserted into human bodies, accidentally or on purpose. The

human imagination truly knows no limits. Without it, there would be no great art, no advances in science and technology, and no extreme sports. Without it, we'd also be deprived of the many insights into human nature that we get out of witnessing other people do shockingly imprudent things and then try to rationalize them. Stuck Up! capitalizes on this human capability of coming up with creative applications for everyday (and not-so everyday) items way beyond their designated uses, and features 100 X-ray images of foreign objects inserted into human bodies, accidentally or on purpose. "It was a million-to-one shot, Doc." "My hands were full." "I fell." These and many other ludicrous excuses are what emergency room

doctors hear every day from patients who check in with various items inserted where the sun don't shine, stuck in various orifices, or ingested in other ways. How exactly did that cell phone end up there? Was it on vibrate? And is the rectum truly the best place to store your bronzed baby shoes? It is at least somewhat understandable to find a rectal thermometer in its intended place, but how about your six-year-old daughter's Barbie doll? Start browsing this hilarious collection of images – you'll be surprised at the patients' creativity and the medical information provided. And: Don't try this at home....
