Get Money - Kristin Wong 2018-03-27

Learn how to live the life you want, not just the life you can afford in this highly engaging, step-by-step guide to winning at personal finance!

Managing your money is like going to the dentist or standing in line at the DMV. Nobody wants to do it, but at some point, it's inevitable: you need to clean your teeth, renew your license, and manage your personal finances like a grown-up. Whether you're struggling to pay off student loan debt, ready to stop living paycheck to paycheck, or have finally accepted that your Beanie Baby collection will never pay off, tackling your finances may seem immensely intimidating. But it doesn't have to be. In fact, by approaching it as a game--or something that requires you to set clear goals, as well as face challenges you must "beat"--personal finance can not only be easy to understand, but it can also be fun! In Get Money, personal finance expert Kristin Wong shows you the exact steps to getting more money in your pocket without letting it rule your life. Through a series of challenges designed to boost your personal finance I.Q.,

interviews with other leading financial experts, and exercises tailored to help you achieve even your biggest goals, you'll learn valuable skills such as: Building a budget that (gasp) actually works Super-charging a debt payoff plan How to strategically hack your credit score Negotiating like a shark (or at least a piranha) Side-hustling to speed up your money goals Starting a lazy investment portfolio...and many more! Simply put, with this gamified guide to personal finance, you'll no longer stress about understanding how your finances work--you'll finally "get" money.

The True Cost of Happiness - Stacey Tisdale 2009-12-09

Personal money management advice that make sense In *The True Cost of Happiness*, financial journalist Stacey Tisdale and expert financial planner Paula Boyer Kennedy combine their extensive financial experience with a powerful series of interviews and real-world stories to help you make personal money management decisions that make more sense. They begin by discussing how the factors that drive our financial choices and behavior not only run deep, but also represent the way we define

ourselves. From there, they reveal how this truth will determine if you can create the kind of financial harmony that not only supports the life you want, but also makes an honest statement of who you really are. The questions they pose are challenging, but essential, because if your financial choices and behavior are not aligned with your true values, you'll always feel like "something" is missing. And it is this disconnect that is at the root of most anxiety and unhappiness over money. Reveals how the first lessons we learn about money as children play out in our adult

behavior Discusses how the messages that society sends us about the ways in which we should behave with money affect our financial choices Explores factors that can blind us to our true values, and prevent us from making the best decisions possible on issues such as debt, saving, and investing Illustrates how to create a financial plan that supports a truly happy life Filled with in-depth insights and practical advice, *The True Cost of Happiness* will put you in a better position to enjoy a life that doesn't compromise who you are.
