of Crete, the southernmost point of Europe, surrounded by an endless expanse of sea. To Oksana, who has come from Ukraine with her friends to recover from illness in the aftermath of Chernobyl, it seems like a dream to live in a blue-and-white house with a lemon tree. To Penelope, a Greek woman who was married off to an unsuitable man by nuns from the convent where she spent her teenage years, it is a kind of prison. Their two narratives, interwoven with other stories - of the other women of the sparse community, of their own past lives and loves - are skilfully combined with themes of otherness and the notions of 'foreign' and 'barbaric' in this poetic and timely short novel by acclaimed Macedonian writer Petar Andonovski, winner of the European Union Prize for Literature.

beautiful American girl who became the chatelaine of Highclere Castle, the setting for Julian Fellowes' award-winning drama *Downton Abbey*. Charming and charismatic, Catherine caught the eye of Lord Porchester (or 'Porchey', as he was known) when she was just 20 years old, and wearing a pale yellow dress at a ball. She had already turned down 14 proposals before she eventually married Porchey in 1922. But less than a year later Porchey's father died suddenly, and he became the 6th Earl of Carnarvon, inheriting a title and a Castle that changed both their lives forever. Catherine found herself suddenly in charge of a small army of household staff, and hosting lavish banquets and weekend house parties. Although the couple were very much in love, considerable challenges lay ahead for Catherine. They were immediately faced with the task of saving Highclere when debts threatened to destroy the estate. As the 1920s moved to a close, Catherine's adored

brother died and she began to lose her husband to the distractions London had to offer. When the Second World War broke out, life at the Castle would never be the same again. Drawing on rich material from the private archives at Highclere, including beautiful period photographs, the current Countess of Carnarvon transports us back to the thrilling and alluring world of the 'real *Downton Abbey*' and its inhabitants.

2015-05-19

Winner of the 2016 Lambda Literary Award for Bisexual Fiction "I read The Life and Death of Sophie Stark with my heart in my mouth. Not only a

dissection of genius and the havoc it can wreak, but also a thunderously good story."—Emma Donoghue, New York Times bestselling author of Room "This novel is perceptive, subtle, funny and lingers in unexpected ways. The analysis of a woman who puts her art above all else is equal parts inspiration and warning story. Anna North makes prose look easy."—Lena Dunham Gripping and provocative, The Life and Death of Sophie Stark is a haunting story of fame, love, and legacy told through the propulsive rise of an iconoclastic artist. Sophie Stark begins her filmmaking career by creating a documentary about her obsession, Daniel, a college basketball star. But when she becomes too invasive, she finds herself the victim of a cruel retribution. The humiliation doesn't stop her. Visionary and unapologetic, Sophie begins to use stories from the lives of those around her to create movies, and as she gains critical recognition and

acclaim, she risks betraying the one she loves most. Five Moral Pieces - Umberto Eco 2014-09-30

Embracing the web of multiculturalism that has become a fact of contemporary life from New York to New Delhi, Eco argues that we are more connected to people of other traditions and customs than ever before, making tolerance the ultimate value in today's world. What good, he asks in a talk delivered during the Gulf War, does war do in a world where the flow of goods, services, and information is unstoppable, and the enemy is always behind the lines? What makes news today, who decides how it will be presented and how does the way it is disseminated contribute to the widespread disillusionment with politics in general? In one of the most personal of the essays, Eco recalls experiencing liberation from fascism in Italy as a boy, and examines the various historical forms of fascism,

always with an eye toward such ugly manifestations today. And finally, in an intensely personal open letter to an Italian Cardinal, Eco reflects on a question underlying all the reflections in the book - what does it mean to be moral or ethical when one doesn't believe in God? As thoughtful and subtle as they are pragmatic and relevant, these essays present one of the world's most important thinkers at the height of his critical powers.

and Italy; Roma and Jewish Serbs; a Japanese who lives in Serbia; and LGBT writers. Half of those included are women. The poetry varies from very traditional forms to experimental, L=A=N=G=U=A=G=E inspired, writing. They speak of all things human: love, war, peace, struggle and loss. Many of the poets were inspired by Americans like T.S. Eliot, Ezra Pound, Allen Ginsberg, Gwendolyn Brooks, past US Poet Laureate Charles Simic (who was born in Serbia and has edited an anthology of Serbian poetry in the US), and Charles Bernstein, who has written the Preface, among others. Editors Biljana D. Obradović, who lives in New Orleans, and Dubravka Djurić, who lives in Belgrade, both poets and critics, have assembled a broad range of work translated by 31 distinguished translators from around the world, revealing a side of Serbia which people in the US and the West may not be familiar with--its deep traditions and its very modern
