The Book of the Seventh Service

Battalion the Royal Inniskilling  
Fusiliers - G. A. Cooper Walker  
2012-09-06  
In September 1914 the 16th (Irish)  
Division was formed, comprised of

47th, 48th and 49th Brigades, and among the infantry battalions allocated to the 49th Brigade was the 7th R Inniskilling Fusiliers, formed on 2nd October 1914. In the initial stages recruiting was difficult but a gradual improvement received an almighty set-back when in June 1915 the battalion was required to send a draft of 300 to the 10th Irish Division then in England, getting ready to embark for Gallipoli. This nearly resulted in the disbandment of the battalion, which had to start all over again, but by the time the division began its move to England in September 1915 the battalion was about 700 strong. After final training the division embarked for France in December, less the artillery and 49th Brigade which eventually crossed in February 1916.

All this is recounted in Part I of the history. Part II is the story of the battalion on the Western front where it served till August 1917 when, on the 23rd, during Third Ypres, heavy losses resulted in amalgamation with the 8th Bn and henceforward it was the 7th/8th Bn. At this point the story ends. The battalion's introduction to trench warfare was in the Loos salient where it spent six months, and the memorial to this period is the plot in Philosophe Cemetery where 115 officers and men lie side by side in five rows; at the end of the book there is a plan of the cemetery showing the graves and who is buried in them. The battalion also fought on the Somme, notably at Ginchy and Guillemont. 7th Inniskillings were to the fore in the assault on Messines

Ridge on 7th June 1917; in this major attack the battalion lost only 22 killed and died of wounds. It was after this assault that the feature known as 'Unnamed Wood' became 'Inniskilling Wood.' The battalion's final action before amalgamating with the 8th Bn was at Langemarck during Third Ypres. Almost the last photo in the book is one of the survivors of the original "Seventh" taken in March 1918 - they number twenty-two. At the end is the Roll of Honour. This is a competent and well written account, based on the War Diary, Battalion orders, records and personal memoirs. The author, who served as Signal Officer in the battalion for nearly two and a half years, stresses he took special care to avoid matters which might have led to political, military, or religious controversy.

**The Patton Papers** - Martin Blumenson  
2009-07-21

One of World War II's most brilliant and controversial generals, George S. Patton (1885-1945) fought in North Africa and Sicily, as commander of the Third Army, spearheaded the Allies' spectacular 1944-1945 sweep through France, Belgium, and Germany. Martin Blumenson is the only historian to enjoy unlimited access to the vast Patton papers. his many books include Masters of the Art of Command (available from Da Capo Press) and Patton: The Man Behind the Legend.

Postwar Soldiers - Jörg Echternkamp

2020-03-20

Contemporary historians have transformed our understanding of the German military in World War II, debunking the “clean Wehrmacht” myth that held most soldiers innocent of wartime atrocities. Considerably less attention has been paid to those soldiers at the end of hostilities. In *Postwar Soldiers*, Jörg Echternkamp analyzes three themes in the early history of West Germany: interpretations of the war during its conclusion and the occupation period; military veteran communities’ self-perceptions; and the public rehabilitation of the image of the German soldier. As Echternkamp shows, public controversies around these topics helped to drive the social processes that legitimized the democratic postwar order.

The Life of Stuart O. Van Slyke an Autobiography - Stuart O. Van Slyke  
2007-10

Smart continues the story of his life, beginning when he was discharged from active duty with the Army following WW II. He recounts the trials and tribulations of being part owner of a hardware store, commanding an infantry battalion (reserve), and attending various Army Schools. After meeting and marrying his wife, he was called to active duty as an instructor at the Command and General Staff College. At the end of the Korean War he was in Korea, in Civil Affairs, with the 7 Infantry Division and later with KACC (Koreas Civil Assistance Command) a United Nations Unit, whose mission it was to help in

the rehabilitation of Korea which was devastated by the war, Stuart includes many pictures and documents of this era. This is a detailed, accurate, real life account of what really took place in Korea. Then he was assigned to Fort Lewis, Washington, where he served as the Post 0-2, a battalion commander and as a regimental executive officer. Each one of Stuart's books is a detailed, accurate, interesting account of his life, the times he lived in, and his beliefs and concerns. This autobiographical series is certain to become a treasured part of American history.

*Cold War Warriors* - David Stone  
1998-09-01

With over four years research, the author draws upon the regimental archives and journals, anecdotes, personal and official diaries, and a wide range of other documents and interviews. The book's recurring themes are the changing nature of infantry soldiering, the constant battle of the Army to recruit, and the traditions and the 'oneness' of an infantry regiment. Special emphasis and extensive coverage is also given to the 1st Battalion's operational activities and to the Northern Ireland campaign in particular.

*Flying for Something* - Marty Hall  
2010-07-30

Flying For Something FLY NAVY is a story that jets through suspenseful currents of Navy life in raw form. Formerly titled Airman Mark for protagonist Airman Mark Kramer, this F-14 Fighter Squadron rookie gets exposed to everything an innocent young recruit never imagined existed in military service: greed, power, lust, murder, and betrayal of the Uniform Code of Military Justice by the Navy's highest ranking officials. Surrounded by a cadre of fighter pilots and enlisted contemporaries, Airman Mark becomes embroiled in a real-life battle to prove his patriotic beliefs are worth the

ultimate fight. He follows the squadron through sea trials and deployment to exotic ports about the world, coming full circle in realizing what a sinister definition can encompass those two famous words: FLY NAVY!

Supplements include the phonetic alphabet, ranks, formal orders and military grouping symbols. 'An invaluable handbook' - Soldier Magazine of the British Army  
The Drive on Moscow, 1941 - Niklas Zetterling 2013-05-07

How Nazi forces were driven back by the Soviets amid mud and freezing temperatures: "Excellent . . . well researched, fast paced and enjoyable

to read.” –Military Review At the end of September 1941, more than a million German soldiers lined up along the frontline just 180 miles west of Moscow. They were well-trained, confident, and had good reasons to hope that the war in the East would be over with one last offensive. Facing them was an equally large Soviet force, but whose soldiers were neither as well-trained nor as confident. When the Germans struck, disaster soon befell the Soviet defenders. German panzer spearheads cut through enemy defenses and thrust deeply to encircle most of the Soviet soldiers on the approaches to Moscow. Within a few weeks, most of the Russian soldiers marched into captivity, where a grim fate awaited them. Despite the overwhelming initial German success, however, the

Soviet capital did not fall. German combat units, as well as supply transport, were bogged down in mud caused by autumn rains. General Zhukov was called back to Moscow and given the desperate task to recreate defense lines west of Moscow. The mud allowed him time to accomplish this, and when the Germans again began to attack in November, they met stiffer resistance. Even so, they came perilously close to the capital, and if the vicissitudes of weather had cooperated, would have seized it. Though German units were also fighting desperately by now, the Soviet build-up soon exceeded their own. The Drive on Moscow, 1941 is based on numerous archival records, personal diaries, letters, and other sources. It recreates the battle from the perspective of the soldiers as

well as the generals. The battle had a crucial role in the overall German strategy in the East, and its outcome reveals why the failure of the German assault on Moscow may well have been true turning point of World War II.

*British Army on the Rampage*

(*B.A.O.R.*) - Sean Connolly 2014-02-03  
It's the autobiographical novels that tell it how it was – warts and all. This is what the British Army really got up to in Belize! British Army on the Rampage is a down-to-earth, witty account of a humble British soldier on his tour of duty in the Caribbean country of Belize in 1982. It is the first military account of this operational tour, detailing how the task was carried out by an individual and a 'team of lunatics', under difficult and sometimes stressful conditions. It takes more than training, education, teamwork and leadership to make it through a squaddie's working day. *B.A.O.R.* proves that sometimes, it is only with sheer determination, camaraderie and a sense of belonging to the 'military family' that pulls soldiers

through the difficult times they often face. The book is filled with humorous anecdotes, including the accidental destruction of the warden's new hut with a grenade launcher, the export of frozen tarantulas, windsurfing with bull-sharks, biting the heads off chickens, insulting the memory of Bob Marley, causing a riot, breaking a toe on a frog and the near-death experience of a dislocated finger... Along with the author's account of this operation, B.A.O.R. also includes an analysis of the balance between patriotism, professionalism and sheer lunacy. Humorous and honest, it will appeal to serving, ex-services and veteran armed forces personnel, and those who enjoy military history and are interested in the British Army.

*Seals: Rolling Thunder* - Jack Terral 2007-03-27

THE EXPLOSIVE SPECIAL FORCES MILITARY ACTION SERIES They are America's ultimate weapon in the war on terror. On the sea, in the air, or over land, they go where no one else will go, and do what no one else can do... Brannigan's Brigands are billeted aboard the attack ship USS Daley in

the Arabian Sea when they are handed a mission: patrol a sector of Afghanistan near the Iranian border. But the routine assignment puts them dangerously close to a large, mobile corps of Iranian Special Forces who have their own agenda. They plan to organize the scattered jihadists across the Middle East into a giant, cohesive army—starting with a rebel force already in the Afghanistan highlands. Now, Brannigan and his SEALs are targeted to be the first infidels to die in the terrorists' quest to establish no less than a modern day Persian Empire...

**That Shade of Green** - Robert Poindexter 2010-05

In February of 1971, twenty-two-year-old Robert Poindexter involuntarily entered the U.S. Army for a two-year tour of duty. A recent college

graduate, his plan for a career in advertising would have to wait. In this memoir, Poindexter provides a firsthand, and often humorous, look at his military experiences. Based on journal entries written during the period, Poindexter narrates his entire experience from being drafted; to the induction ceremony; traveling from Chicago to Fort Campbell, Kentucky, for basic training; attending Air Defense School in Fort Bliss, Texas; and thirteen months of serving in Korea. Making the best of his situation, he tells how he was determined to find a niche in the Army where a man could serve two years without getting shot. Sharing some fond and not-so-fond memories, That Shade of Green narrates Poindexter's nineteen-month stint in the Army and shows his transformation

from a twenty-two-year-old kid just out of college to a twenty-four-year-old man.

**The Devil's Own War** - John Crawford  
2009-09-01

The first (hardback) edition of this book sold out before its official publication date, and public demand has been so great that a paperback edition will now be published. Brigadier-General Herbert Hart landed at Gallipoli on 26 April 1915, commanded the Wellington Battalion during the closing stages of that campaign, then served as a battalion and brigade commander on the Western Front between 1916 and 1918. Throughout the war he kept a diary, in which he recorded his experiences in the great battles on Gallipoli, the Somme and Passchendaele. Hart's diary is now widely regarded as one

of the most important personal sources relating to the New Zealand Expeditionary Force. Exceptionally well written, it includes gripping descriptions of both combat and life behind the front line and on leave in France and United Kingdom. While Hart can appear quite detached at times, he is also a very human observer of the events around him, understanding the plight of his men, finding humour in the most unlikely situations and noticing unexpected details at moments of high tension. As a first-hand account of life in the firestorm of World War One, *The Devil's Own War* is hard to beat.

**Chronicle of Thailand** - Nicholas Grossman 2009

Featuring more than 2,000 news stories and over 1,000 colour and black & white illustrations, *Chronicle of Thailand* offers a grandstand view of some of the most important events in Thailand's modern history. Starting on June 9, 1946 with the coronation of Bhumibol Adulyadej, the current King of Thailand, this volume presents a vivid eyewitness account of the country's development by reliving the major news events as they unfolded - the suppression of Communism, the Vietnam War, the October 1973 Uprising, economic booms, great sporting moments, cultural firsts, unforgettable tragedies, and quirky aspects of daily life that just happened to make the news.
