Collected Essays - Joan Didion 2018-03-06
Three essential works that redefined the art of journalism by "one of our sharpest and most trustworthy cultural observers" (The New York Times). In these masterpieces of razor-sharp reportage, the National Book Award-winning and New York Times-bestselling author proves herself one of the premier essayists of the twentieth century, "an articulate witness to the most stubborn and intractable truths of our time" (Joyce Carol Oates, The New York Times Book Review). *Slouching Towards Bethlehem: America in the 1960s*—a pivotal era of social change and generational divide. Here is Joan Didion on the "misplaced children" of Haight-Ashbury as well as John Wayne in Hollywood; folk singer Joan Baez and reclusive billionaire Howard Hughes; the extremes of both Death Valley and Las Vegas. Named to Time magazine's list of the one hundred best and most influential nonfiction books, this is "a rare display of some of the best prose written today in this country" (The New York Times Book Review). *The White Album: A New York Times bestseller*, this landmark essay collection confronts the dark aftermath of the 1960s. From

a jailhouse visit to Huey Newton, cofounder of the Black Panther Party, to a recording session with The Doors, from the culture of shopping malls to the contradictions of the women's movement, Joan Didion captures the paranoia and absurdity of the era with irony and insight. And in the iconic title essay, she documents her uneasy state of mind during the years leading up to and following the Manson murders—a terrifying crime that, in her memory, surprised no one. After Henry: Whether reporting on a Hollywood murder or the "sideshow" of foreign wars, Joan Didion crystalizes her reputation as a brilliant essayist. Highlights include a portrait of the White House under the Reagans, two "actors on location"; an unexpected meditation on the Patty Hearst case; and an exposé on the racial divisions and class fault lines of New York City following the rape of the Central Park jogger. An indispensable collection from a writer on whom we can rely "to get the story straight" (Los Angeles Times).

Stars Over St. Edward's - Lunning, Jr. (Ev) 2019

Jabber (Second Edition) - Marcus Marcus Youssef 2022-09-07

Like many outgoing young women, Fatima feels rebellious against parents she sees as strict. It just so happens that she is Egyptian-born and wears a hijab. When anti-Muslim graffiti appears on the walls of her school, Fatima transfers to a new school. The guidance counsellor there, Mr. E., does his best to help Fatima fit in, but despite his advice she starts an unlikely friendship with Jorah, who has a reputation for anger issues. Maybe, just maybe, Fatima and Jorah start to,

like, like each other ... As their mutual attraction grows, the lines Fatima and Jorah cross as they grow closer become the subject of an intense exploration of boundaries - personal boundaries, cultural boundaries, and inherited religious and political boundaries. Fatima and Jorah discover that appearances matter; they've been exposed for their whole lives to images that begin to colour their relationship: images of the Middle East, the working class, and how teenage boys and teenage girls behave. Put all these reactive factors together in the social laboratory that is a high school and observe: is there a solution for Fatima and Jorah? High school, like no other social space, throws together people of all histories and backgrounds, and young people must decide what they believe in and how far they are willing to go to defend their beliefs. Inside a veritable pressure cooker, they negotiate cross-cultural respect and mutual understanding. Jabber does its part to challenge appearances - and the judgments people make based on those appearances.

Forgotten Albuquerque - Ty Bannerman 2008

In 1706, Spanish colonists founded the Villa de Alburquerque on the wooded banks of the Rio Grande. Three hundred years later, that once quiet farming community has grown to become Albuquerque, the largest city in the state of New Mexico. Over the centuries, this fascinating city's identity has metamorphosed many times. In 1862, it briefly became the western capital of the Confederate States of America, before Confederate hopes for the territory were destroyed at the Battle of Glorieta Pass. In 1880, the Atchison, Topeka, and Santa Fe Railroad brought industry and wealth from the east, as well as tuberculosis-infected "lungers" who came by the thousands to seek a cure in "the Heart of Health Country." Then, in 1926, Route 66 transformed the city into a neon-decked oasis for automobile travelers journeying through the newly accessible West. Though many of these identities have faded, their legacy lives on in the beating heart of an ever-changing city.
