Guitarlele for Ukulele and Guitar Players - Terry Carter 2018-11-20

The guitalele (or guitarlele) is one of the most versatile instruments combining the best aspects of the ukulele and the guitar. Yet, the amount of material available for the guitalele is limited, until now. *Guitalele for Ukulele and Guitar Players* by Terry Carter is the first of its kind. A complete method book focusing on all the essential keys to becoming a great guitalele player and musician. There is also a companion video lesson course (sold separately) available from Uke Like The Pros. If you have tried to search for videos or books focusing on the guitalele you will notice there is not a lot out there. Most of the guitalele videos on YouTube are classical guitar players playing standard repertoire classical pieces. Although they are great to watch, there is little educational value in them. If you like me you have been seeing more pictures of guitarlele pop up on social media sites like Instagram and Facebook. It seems like every

ukulele and guitar manufacture out there is now making a guitarlele (KoAloha, Yamaha, Flight, Gretsch, Kanilea, Kala). This is totally cool as the instrument becomes more and more popular but how are you going to learn without proper instruction. Well you have come to the right place. I have taken my 25 years of teaching experience and designed a personalized guitalele course that is perfect for the beginning to intermediate guitarlele player. Not only did I get valuable feedback from the Uke Like The Pros Community in designing this course but I also asked myself, "What would I want to learn after going through this book?" I came up with a book that is designed to walk you through a step-by-step pathway to ensure you learn all the necessary techniques & styles to make you a great guitalele player. The book will focus on Strumming Fundamentals, Essential Songs, Fingerstyle, Advanced Songs, The Blues, and Scales. This book will help you not only understand and play this incredible instrument but it will also give you the confidence needed to be a great guitalele player and musician.

40 Old Time Lullabies - Guitalele Songbook for Beginners with Tabs and Chords - Peter Upclaire 2021-12-16

40 Old Time Lullabies Guitalele Songbook for Beginners Collection of 40 most popular old-time lullabies. The best gift for soon-to-be moms (and dads). For anyone who would like to lull a baby into a healthy sleep. For anyone who would like to form lasting bonds with children. With a melody in standard notation and tablature, chord diagrams, and lyrics. Included free, online audio tracks for all songs, with solo and basic chord changes. Suitable for playing solo melodies, accompaniment of singing with chords, and playing in a duet. In short, although lullabies are one of the most important musical genres influencing human development, we will see only a few books devoted to the singing of these songs. The number of audio recordings is so much higher. Still, the value of these is slightly lower from a psychological point of view compared to lullabies sung by mother or father. It is also interesting to note that we find far more books on the well-being of lullabies than books on lullabies. But we can learn a lot from these science books. For example, lullabies sung by parents reduce the heart rate, calm the breathing rhythm of children, and even increase oxygen saturation in the blood. Research has further shown that lullabies accelerate the healing of children and accelerate the child's development and physical growth. Above all, lullabies successfully put the child to sleep, bring him to a night of more restful sleep, and recognize the parents' voice increases the connection between the parents and the child. Or in other words, this book is a real treasure for our treasures. About the books in the series *Lovely melodies from the past* The songs in the series "Lovely melodies from the past," are presented with notes, a melody's tablature, and chords to accompany the singing. The songbook can therefore be used to play a melody or to accompany a melody with chords. Songs can also be played in a duet. In this case, one instrument plays the melody and the other the accompaniment. The series of books "Lovely melodies from the past" has another great advantage over other songbooks. The songs are adapted for different instruments, but always in the same way. This way, buyers of books for mandolin, ukulele, guitar, or

any other instrument can easily play the same songs on any common occasion. For easy learning, all the songs from the book are recorded and stored in mp3 files, found at [Lovelymelodies](http://lovelymelodies.com) site.

[Robert Burns Songs for Guitalele](#) - Ondrej Sarek 2016-02-29

The are in the book songs without text. Check out samples from book: <http://osos.sweb.cz/Sarek-Guitar-and-Guitalele-preview.pdf> Robert Burns (1759-1796) belongs among most famous Scottish poets, who were touched by Romantic interest in their own culture. Therefore, he was interested in Scottish folk song. He collected and prepared it to be published. When he was unsatisfied with lyrics in some of the songs, he revised it and arranged or wrote new lyrics on a former music. That is why many songs could be resurrected to life. And even though today we do not know the authors of the original music, at least we know the author of the lyrics. Therefore, we can play them on the Guitalele and admire the beautifully arched melodies. *Ae Fond Kiss, A Highland Lad my Love was Born, A Man's A Man For A' That, Auld Lang Syne, Braw, Braw Lads, Comin' Thro' the Rye, Craigieburn Wood, For The Sake O' Somebody, Gae Bring to Me a Pint o' Wine, Highland Mary, Lassie Wi' The Lint White Locks, Last May a Braw Wooer, My Ain Kind Dearie O, My Heart's In The Highlands, My Love is Like a Red, Red Rose, My Love She's But A Lassie Yet, My Tocher's the Jewel, O Willie Brew'd a Peck o' Maut, Scots, Wha Hae, Tam Glen, The Birks of Aberfeldy, The Braes of Killiecranchie, The Gallant Weaver, The Highland Widow's Lament, The Soldier's Return, The Winter It Is Past, There was a Lad was Born in Kyle, Wandering Willie, Whistle O'er the Lave O't, Ye Banks and Braes*

The Canons for Guitalele - Ondrej Sarek 2014-02-17

The canon is contrapuntal compositional technique, which sounds more complicated than it really is. When you go through known canons, you will find it easy. Somebody starts singing, other joins later and sings the same melody. Altogether It sounds beautiful. I arranged ten world songs and two classical compositions for standard guitalele tuning or requinto (A2-D3-G3-C4-E4-A4). Where the canons had opportunity to start at multiple sies, I made more versions. Lots of beautiful moments, when you play on guitalele. Songs: *Viva la musica; Dona Nobis Pacem; London's burning;*

Frere Jacques; Vent Frais; Row, Row, Row Your Boat; Ah, Poor Bird; Hinei Mah Tov; Merrily, Merrily; Kaeru No Uta; Vyletela holubicka. The are in the book songs without text. Check out samples from book: <http://osos.sweb.cz/Sarek-Guitar-and-Guitalele-preview.pdf>

Czech Renaissance Folk Songs for Guitalele - Ondrej Sarek 2015-02-04

Czech musicologist and esthetician Otakar Hostinsky (1847-1910) published in 1892 a collection of folk songs from the Czech Renaissance. This collection contains only the melody, so I created two versions of the song for everyone. The first one is just a melody, the second one is my proposal for harmonization added by me. Have a nice time with melodies examined by time.

Song from the Forest - Louis Sarno 2015-04-07

As a young man, American Louis Sarno heard a song on the radio that gripped his imagination. With some funding from musician Brian Eno, he followed the mysterious sounds all the way to the Central African rain forest and found their source with the Bayaka Pygmies, a tribe of hunters and gatherers. Nothing could have prepared him for life among the Pygmies, a people legendary for their short stature and musical wealth. Sarno never left. Considered outwardly lazy by some, scrounging, and near alcoholic, the Pygmies Sarno met had seemingly lost all desire to hunt or make music. Only after he had lived with them for some time (on a diet of tadpoles) was he allowed to join them in the rain forest where they still in relative harmony with nature. There Sarno experienced the extraordinary beauty and spiritual sophistication of their culture and the supreme importance of music as the principal means by which they communicate with the rain forest and its magical spirits. Over the decades Sarno has recorded more than 1,000 hours of unique Bayaka music. He is a fully accepted member of the Bayaka society and married a Bayaka woman. Permanently changed by his experience and captivated by a Bayaka culture, In *Song from the Forest* Sarno has chronicled his attempt to protect the fragile existence of the Pygmies in an increasingly destructive world. Once, when his son, Samedi, became seriously ill and Sarno feared for his life, he held his son in his arms through a frightful

night and made him a promise: "If you get through this, one day I'll show you the world I come from." Now the time has come to fulfill his promise. In a new major documentary film, Sarno tells the story of the Bayaka as he travels with Samedi from the African rain forest to another jungle, one of concrete, glass, and asphalt: New York City. Together, they meet Louis' family and old friends, including his closest friend from college, Jim Jarmusch. Carried by the contrasts between rainforest and urban America, and a fascinating soundtrack, Louis' and Samedi's stories are interwoven to form a touching portrait of an extraordinary man and his son. SONG FROM THE FOREST is a modern epic film set between rainforest and skyscrapers.

Forgotten Children's Songs - Ukulele Songbook for Beginners with Tabs and Chords - Peter Upclair 2022-03-28

Forgotten Children's Songs - Ukulele Songbook for Beginners with Tabs and Chords If in the book "50 Timeless Children Songs with Tabs and Chords," we presented the 50 most popular children's songs of today's era. But in this book, "Forgotten Children's Songs," we presented 40 children's songs that were popular around 1880. We immediately notice that the repertoire of songs from those days is quite different from a set of modern children's folk songs. But this is not surprising. Most of these children's songs, such as "Mary Had a Little Lamb," "Humpty Dumpty," "Row, Row, Row Your Boat," and the like, most likely got their final shape right in the mid-1800s. William Wells Newell (1839-1907), a folklorist, the founder of the American Folklore Society, collected the most popular children's songs on his travels in the United States. In the book "Games and Songs of American Children" from 1884, we notice songs that are hardly sung by today's children. At the time of publication of this book, "Forgotten Children's Songs," we do not find most of these songs even on almighty Youtube. The other half of the songs in this book are songs that were once so popular that we find them in almost every old book. But nowadays they have almost disappeared from children's games. There are, of course, several reasons for the loss of popularity. Former educational songs became almost banned in modern education. We avoid, for example, mentioning acts of violence, such as the once-daily hunt in

the song "Hare and Hunter." For example, we avoid former worldviews, like "What care we for gold or silver?". Nowadays, we can hardly imagine a child singing "I'm glad I am a farmer." It is better not to talk at all about old archetypal ballads that do not correspond to our advertised notion of modern life. And so on. In short, before us is a new book of slightly older but once most popular children's songs that portray the world in a slightly different way. Book benefits: Collection of 40 once most popular, but nowadays forgotten old-time children's songs. Suitable for parents and children. With a melody in standard notation and tablature, chord diagrams, and lyrics. Included free, online audio tracks for all songs, with solo and basic chord changes. Intended for anyone who would like to increase the repertoire of songs. Suitable for playing solo melodies, accompaniment of singing with chords, and playing in a duet. Suitable for use with other books for guitar, guitalele, mandolin, Cigar Box Guitar, baritone ukulele, and tenor banjo from the same book collection. Gregorian Chant for Guitalele - Ondrej Sarek 2013-12-15

Gregorian chant belongs to the oldest music being preserved in such scope till present; moreover it is still performed but also is one that mostly influenced the history and presence of music. For the reason it is important for guitalele players to meet this kind of music. The equipment

for guitalele players includes campanela style which is the best for Gregorian chant play. This style helps to induce a large cathedral reverb. Therefore, left hand fingering is written above tablatures. Try to keep it and have strings drone. The book contains 44 tunes for standard guitalele tuning or requinto (A2-D3-G3-C4-E4-A4). Includes: Veni Creator Spiritus, Stabat Mater, Veni Sancte Spiritus, Pater Noster, Missa XI, Ave Maria, Ave Verum Corpus and many more... Stephen Foster - Guitalele Songbook for Beginners with Tabs and Chords Vol. 1 - Peter Upclair 2022-04-29

Stephen Foster - Guitalele Songbook for Beginners with Tabs and Chords Vol. 1 Stephen C. Foster (July 4, 1826 - January 13, 1864) needs no further introduction. He was the first fully professional U.S. songwriter. Because of his musical innovation, the popularity of his songs, and especially because of the quality of his songs, we most often call him "the father of American music." His hits from a century and a half ago, such as Oh Susanna, Camptown Races, Angelina Baker, Old Black Joe, Beautiful Dreamer, Old Dog Tray, and others, are gentle, incredibly rhythmic, and catchy for those times that they are still popular today. And you will find these eternal, most popular hits in this collection of books, which is intended for the widest possible circle of old-time music lovers. The collection of melodies is adapted for various "folk" instruments, such as guitar, mandolin, ukulele, guitalele, tenor banjo, cigar box guitar, and baritone ukulele. This way, fans of different instruments can easily gather to play and sing together. Unlike in books from my previous collections, I decided to use a slightly larger number of chords this time. Only in this way could I preserve the original harmonies given to us by Stephen Foster a century and a half ago. Book benefits A collection of the 30 most popular songs by Stephen C. Foster, the father of American pop music, which should not be missing from any bookshelf. Suitable for parents and children. The songs are featured with a melody, standard notation and tablature, chord diagrams, and lyrics. Included free, online audio tracks for all songs, with solo and basic chord changes. Intended for anyone who would like to increase the repertoire. Suitable for playing solo melodies, accompaniment of singing with chords, and playing in a duet. Suitable for use with other books for ukulele, guitar, guitalele, baritone ukulele, mandolin, cigar box guitar, and tenor banjo from the same songs collection. Songs from the book Ah! Guitarlele Blues Mastery For Beginners - Terry Carter 2021-06-25
Welcome to the Guitarlele Blues Mastery book by Uke Like The Pros and written by Terry Carter. This book is the most comprehensive book written for Blues on the Guitarlele in the world. In the Guitarlele Blues Mastery book you are going to learn how to play all styles of Blues Rhythm, Blues Fingerstyle, and Blues Picking on this wonderful six-string instrument called the guitarlele. In this book you are going to explore all the techniques and tools that you need to become a Guitarlele Blues Master. You are going to learn Blues Shuffle, Walking Blues, Blues Rock, Fingerstyle Blues, Boogie Woogie Blues, Jump Blues, Country Blues, Slow Blues, Jazz Blues, Blues Scales, and Blues Soloing. Before we jump into the contents of the Guitarlele Blues Mastery book, let's break down the guitarlele. The guitarlele, also known as the guilele or guitalele, is a 6-string ukulele that is tuned (from low to high) A-D-G-C-E-A. Strings 1-4 (G-C-E-A) are the same as a ukulele, but the guitarlele adds the low D and A strings. Guitarleles typically come in two sizes, the tenor (17-inch scale length) and the baritone (20-inch scale length). Scale length is the measurement from the inside of the nut to the inside of the saddle. Some of the top guitarleles are made by KoAloha, Kanilea, Romero Creations, Kala, and Ohana. Although you could play everything in this book on the guitar (E-A-D-G-B-E), the tuning would not match the audio backing tracks that are included with this book. Nor would the tuning match the complete video course of all these lessons that is sold separately at ukelikethepros.com/guitarleleblues. The Uke Like The Pros Guitarlele Blues Mastery book is a step-by-step introduction to the Blues, which means each lesson will build upon the next, so that you develop the

proper techniques and confidence you need to become a Blues Master. One of the key concepts in this book is understanding the difference between Swing and Straight Feel. This is extremely important to not only understand the differences, but to be able to execute flawlessly, the two styles. Blues Swing is the primary style you hear in the Blues Shuffle, Boogie Woogie, Jazz Blues, and Slow Blues. Straight Blues is a faster, more driving style that you'll hear in Blues Rock (like Chuck Berry), Jump Blues, and Country Blues. Don't worry if you don't understand this concept right now; you will by the time you are done with the Guitarlele Blues Mastery book by Terry Carter. Although the Guitarlele Blues Mastery book will focus on understanding the different styles of Blues through rhythm, it does explore other topics that I know you are interested in, such as Fingerstyle Blues, Blues Scales, and the Blues Solo. The Guitarlele Blues Mastery book is the most comprehensive book on Guitarlele and is written by Terry Carter, the leader in the Guitarlele world, [youtube.com/ukelikethepros](https://www.youtube.com/ukelikethepros). Whether you are a beginner at the Blues, or a seasoned veteran, the Guitarlele Blues Mastery book is going to take you deep into the world of the Blues, and you will come out a better, more confident guitarlele player, who will be ready to tackle the world. Are you ready? Let's dive in.

40 Old Time Hymns - Guitalele Songbook for Beginners with Tabs and Chords - Peter Upclaire 2022-03-07

40 Old Time Hymns - Guitalele Songbook for Beginners with Tabs and Chords 40 Old Time Hymns is a new book of songs from the past, and in my opinion, golden times. These 40 beautiful pearls are intended for people who, despite all the daily problems and joys, are still aware that God and the teachings of Jesus Christ are always present among us. And if we most often turn to him in the face of various difficulties, it is right to remember him even in a moment of joy and free time, in our minds and with songs. Songs from the Old Time Songbooks series, as always, I adapted for individual instruments, mandolin, guitar, cigar box guitar, ukulele, tenor banjo, etc. This way, any musician can play them on their favorite instrument. However, several musicians with different instruments can also play songs together. The songs are written with chords for the chosen instrument, and the melodies are presented with notes and tablature. You will also find audio recordings of all the songs at www.lovelymelodies.com. If I have simplified the melodies and accompaniment with chords in previous books, this time, I have kept the original harmony to a certain extent in the songs. So there are a few more chords, but the result is a collection of quite melodic songs that remind us of the harmony of days gone by and the harmony of the Creator. May harmony permeate us all, Peter Upclaire. Book benefits: Collection of 40 most popular old time Christian hymns. Suitable for parents and children. With a melody in standard notation and tablature, chord diagrams, and lyrics. Included free, online audio tracks for all songs, with solo and basic chord changes. Intended for anyone who would like to increase the repertoire of songs. Suitable for playing solo melodies, accompaniment of singing with chords, and playing in a duet. Suitable for use with other books for guitar, guitalele, ukulele, tenor banjo, cigar box guitar in GDG,

and mandolin from the same book collection. 18 Dance Tunes from Caslav Region for Guitalele - Ondrej Sarek
2016-03-20

You can find in the book 18 dance tunes from Caslav region. These melodies were collected for Gubernatorial collection which was founded in 1819 on the territory of former Austro-Hungarian Empire. It records songs and instrumental dances that were played at that time. Only melodies are recorded in the collection. That is why I added own harmonisation and arranged. Finally, I added two dance sets as an inspiration of what you can do further with the songs. The are in the book songs without text.

Forgotten Children's Songs - Guitalele Songbook for Beginners with Tabs and Chords - Peter Upclaire 2022-03-28

Forgotten Children's Songs - Guitalele Songbook for Beginners with Tabs and Chords If in the book "50 Timeless Children Songs with Tabs and Chords," we presented the 50 most popular children's songs of today's era. But in this book, "Forgotten Children's Songs," we presented 40 children's songs that were popular around 1880. We immediately notice

that the repertoire of songs from those days is quite different from a set of modern children's folk songs. But this is not surprising. Most of these children's songs, such as "Mary Had a Little Lamb," "Humpty Dumpty," "Row, Row, Row Your Boat," and the like, most likely got their final shape right in the mid-1800s. William Wells Newell (1839-1907), a folklorist, the founder of the American Folklore Society, collected the most popular children's songs on his travels in the United States. In the book "Games and Songs of American Children" from 1884, we notice songs that are hardly sung by today's children. At the time of publication of this book, "Forgotten Children's Songs," we do not find most of these songs even on almighty Youtube. The other half of the songs in this book are songs that were once so popular that we find them in almost every old book. But nowadays they have almost disappeared from children's games. There are, of course, several reasons for the loss of popularity. Former educational songs became almost banned in modern education. We avoid, for example, mentioning acts of violence, such as the once-daily hunt in the song "Hare and Hunter." For example, we avoid former worldviews, like "What care we for gold or silver?". Nowadays, we can hardly imagine a child singing "I'm glad I am a farmer." It is better not to talk at all about old archetypal ballads that do not correspond to our advertised notion of modern life. And so on. In short, before us is a new book of slightly older but once most popular children's songs that portray the world in a slightly

different way. Book benefits Collection of 40 once most popular, but nowadays forgotten old-time children's songs. Suitable for parents and children. With a melody in standard notation and tablature, chord diagrams, and lyrics. Included free, online audio tracks for all songs, with solo and basic chord changes.
