Winter Song - Bobbi Sinha-Morey 2017-08

This time Bobbi Sinha-Morey gives us a potpourri. Cookie-cutter poems of mysterious women and her rarely seen neighbor; poems of strangeness and those that come from deep down in her soul. The stuff of life. Poems of beauty and love poetry. Poignant human dramas and the dark side of life. Ones that grow from her sensitive nature. Grim thoughts that paint the dawn. Often haunting, often prophetic. Her expressive thoughts so impassioned, so delicately heard. It's a world like the eclipse of the sun; you want to see it before the sky draws to a close.

Winter's Song - Roy Jenner 2019-06-04

Life was good when we were young and we were never given reason to think otherwise, nor to consider the remote evolution of man such as late adult hood, retirement and futuristic conditions when the leaves would begin to fall from the tree of life. No way, that would be then and we were now and such things were too far away for the young and vital and not worthy of any thought. Old age was for old people, them not us; but how quickly the pages of the book of life turn before suddenly we find we are easing from the autumn of our lives and conceding to the comforting strains of winter's song to find ourselves looking down and back. Then we are the ones confronted by the truth and the truth is, it does happen and has happened and is happening to us right now; it was happening to Adam Mulberry. Adam bore the label of old really well and had done so since being admitted to Winter's Song Retirement Village four years earlier. Each of his aged companions had a story, an anthology of life experiences which piece by piece he had slowly extracted from them as respect and confidence grew. It had been hard at first, but gradually for many of them Adam had compiled a file in his laptop. Each was a walking history book which in some cases went back almost a full century and it excited him to know he had been accepted by them. With their permission he had converted that knowledge and documented in biographical detail, a series of short stories, cameos that depicted the change that had occurred in a dozen lifetimes on the converging trails that led people not known to each other to a common destination; Winter's Song. These are their stories.

Winter Song - Anetta Kotowicz 2018-06-30

A book + DIY board game + songs and music + arts and crafts inspiration. Winter Song is another book from the "A Day in the Life of a Kid" series for curious kids. Written and directed by music and movement education specialist, children's music composer and arranger Anetta Kotowicz, the series takes us for a journey to the world that children love the most - outdoors and adventure. Pictures and lyrics will awake children's senses and how they perceive the world; they'll reach out and observe nature, question the basics, connect with science, inspire their imagination and trigger the process of artistic expression through music, dance and the arts and crafts. Are you an explorer? Are you ready to go? Wait, who would go exploring alone? Every child has this one and only, favorite toy. This time it's a Teddy Bear! That's how Winter Song starts. When visiting author's website, children will listen to music and songs arranged in different music styles, that parents, caregivers or pre-K and early elementary grade teachers will enjoy along with their children. Imitation of sounds and repetitive words in the book that flow as the lyrics of the songs will make children sing and read in no time, as well as inspire them to move along and create crafts. Are you tired? Take a creative break and have fun playing a board-game-like game based on the book's adventures. Simple instructions on how to create playing pieces are enclosed on the last page of the book. Let's sing the book, dance the song, play the game, travel and discover new, imaginary places, and learn new

cultures and traditions. Isn't that what a child always does? Let's immerse ourselves in this pure pleasure of seeing the world through our own "child's eyes". Let's stop for a moment, let's be present. "Look and listen, it's so silent" - magical Winter Song experience is here. A Day in the Life of a Kid book series is designed for young children and their caregivers, but also for educators as inspiration to enhance the curriculum in preschool and early elementary grade levels.
