How Tobacco Smoke Causes Disease -
2010

This report considers the biological
and behavioral mechanisms that may
underlie the pathogenicity of tobacco
smoke. Many Surgeon General's reports
have considered research findings on
mechanisms in assessing the
biological plausibility of
associations observed in
epidemiologic studies. Mechanisms of
disease are important because they
may provide plausibility, which is
one of the guideline criteria for
assessing evidence on causation. This
report specifically reviews the
evidence on the potential mechanisms
by which smoking causes diseases and
considers whether a mechanism is
likely to be operative in the

production of human disease by
tobacco smoke. This evidence is
relevant to understanding how smoking
causes disease, to identifying those
who may be particularly susceptible,
and to assessing the potential risks
of tobacco products.

Biology for the IB Diploma - Andrew
Allott 2001

This concise guide provides all the
content you need for the IB Diploma
in Biology at both Standard and
Higher Level.* Follows the structure
of the IB Programme exactly and
include all the options* Each topic
is presented on its own page for

An Introduction to a Biology and Other Papers - A. D. (Arthur Dukinfield) Darbshire 2012-01
Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

IB Biology Revision Workbook - Roxanne Russo 2019-10-31
Based on the 2014 DP Biology course, the 'IB Biology Revision Workbook' is intended for use by students at any stage of the two-year course. The workbook includes a wide variety of revision tasks covering topics of the Standard Level Core, Additional Higher Level and each of the four Options. The tasks include skills and applications taken directly from the guide, as well as activities aimed at consolidating learning. A section on examination preparation and other useful tools is a part of this workbook.
