Godforsaken Grapes - Jason Wilson 2018-04-24

There are nearly 1,400 known varieties of wine

grapes in the world—from altesse to

zierfandler—but 80 percent of the wine we drink is

made from only 20 grapes. In *Godforsaken Grapes*, Jason Wilson looks at how that came to be and embarks on a journey to discover what we miss. Stemming from his own growing obsession, Wilson moves far beyond the “noble grapes,” hunting down obscure and underappreciated wines from Switzerland, Austria, Portugal, France, Italy, the United States, and beyond. In the process, he looks at why these wines fell out of favor (or never gained it in the first place), what it means to be obscure, and how geopolitics, economics, and fashion have changed what we drink. A combination of travel

memoir and epicurean adventure, *Godforsaken Grapes* is an entertaining love letter to wine.

Around the World in Eighty Wines - Mike Veseth
2017-11-01

Inspired by Jules Verne's classic adventure tale, celebrated editor-in-chief of The Wine Economist Mike Veseth takes his readers Around the World in Eighty Wines. The journey starts in London, Phileas Fogg's home base, and follows Fogg's itinerary to France and Italy before veering off in search of compelling wine stories in Syria, Georgia, and Lebanon. Every glass of wine tells a story, and so each of the eighty wines must tell an important tale. We head back across Northern Africa to Algeria, once the world's leading wine

exporter, before hopping across the sea to Spain and Portugal. We follow Portuguese trade routes to Madeira and then South Africa with a short detour to taste Kenya's most famous Pinot Noir. Kenya? Pinot Noir? Really! The route loops around, visiting Bali, Thailand, and India before heading north to China to visit Shangri-La. Shangri-La? Does that even exist? It does, and there is wine there. Then it is off to Australia, with a detour in Tasmania, which is so cool that it is hot. The stars of the Southern Cross (and the title of a familiar song) guide us to New Zealand, Chile, and Argentina. We ride a wine train in

California and rendezvous with Planet Riesling in Seattle before getting into fast cars for a race across North America, collecting more wine as we go. Pause for lunch in Virginia to honor Thomas Jefferson, then it's time to jet back to London to tally our wines and see what we have learned. Why these particular places? What are the eighty wines and what do they reveal? And what is the surprise plot twist that guarantees a happy ending for every wine lover? Come with us on a journey of discovery that will inspire, inform, and entertain anyone who loves travel, adventure, or wine.

The Making of Macau's Fusion Cuisine - Annabel Jackson 2020-03-09

In The Making of Macau's Fusion Cuisine: From Family Table to World Stage, Annabel Jackson argues that Macanese cuisine cannot be seen as a unique product of Portuguese colonialism in

southern China. Instead, it needs to be understood in the context of Portugal's culinary footprint in Asia and beyond. She contends that the culinary cultures of other Portuguese colonies in Asia and Africa also influenced the cuisine in Macau. Macanese cuisine plays a role in evoking a sense of Macanese identity within Macau as well as in the Macanese diaspora. As the Macanese have increasingly defined themselves as an ethnically and culturally distinct group, their cuisine has growingly been seen as a critical identifier of cohesion and difference. The book shows how Macanese cuisine is moving from

being an everyday production of food in a domestic setting to something more symbolic and ceremonial. It also argues that the practice of recipe sharing, historically controversial among the Macanese, is now viewed as an important process. Drawing on information gathered through interviews and surveys, the book is a fascinating study of the history and development of Macanese cuisine, one of the oldest fusion cuisines in Asia. ‘Annabel Jackson has more than enough knowledge to share with the readers many insights and interesting stories, which are embedded in history and cultural interactions

among various ethnic groups in Macau and beyond. Given the fact that Macau has become the city of gastronomy, this book brings in rich information and knowledge for locals and visitors to “taste” and to remember.’ –Sidney Cheung, The Chinese University of Hong Kong ‘Annabel Jackson’s study of the development of Macanese cuisine and its role in evoking a sense of Macanese identity within Macau and the Macanese diaspora should contribute to the growing interest in the study of food and foodways within cultural and postcolonial studies. Written in a lively and engaging way, it achieves

a good balance between the use of primary sources and theoretical references to buttress its arguments.’ –David Brookshaw, University of Bristol
