Brooklyn and Derek worry that the contest might be generating some dangerous attention. And when someone is mysteriously poisoned right before Brooklyn's eyes, she's not convinced that the victim was the intended target. growing up in a rural working-class community, anchored by the magical bond between a young girl and her grandfather. Way's Mills, Quebec, is the setting for these poems, although as with Mark Twain's Mississippi, physical place becomes a place in the heart in this elegy for lost ancestral farms. Standish McIntyre gives voice to the unspoken, shining a light into the dark corners of our collective memory to reveal an indelible past that gleams with clarity, empathy, and humanity. Taking seed in the dilapidated barns and warm sunlit rooms of Standish McIntyre's personal history, these poems weave a filigree of well-worn remembrances and time-honoured treaties of the self, half forgotten yet ever lingering. Lucid, sharp, and crisp as spring water, this collection holds a sweeping narrative power that will stay with you long after the last line.

*Letters From The Earth* - Mark Twain 2017-04-04

The Creator sat upon the throne, thinking. Behind him stretched the illimitable continent of heaven, steeped in a glory of light and color; before him rose the black night of Space, like a wall. His mighty bulk towered rugged and mountain-like into the zenith, and His divine head blazed there like a distant sun. At His feet stood three colossal figures, diminished to extinction, almost, by contrast - - archangels -- their heads level with His ankle-bone. When the Creator had finished thinking,

He said, "I have thought. Behold!" He lifted His hand, and from it burst a fountain-spray of fire, a million stupendous suns, which clove the blackness and soared, away and away and away, diminishing in magnitude and intensity as they pierced the far frontiers of Space, until at last they were but as diamond nailheads sparkling under the domed vast roof of the universe. At the end of an hour the Grand Council was dismissed. They left the Presence impressed and thoughtful, and retired to a private place, where they might talk with freedom. None of the three seemed to want to begin, though all wanted somebody to do it.

2017-09-26

New York Times Bestseller! A School Library Journal Best Book of the Year A never-before-published, previously unfinished Mark Twain children's story is brought to life by Philip and Erin Stead, creators of the Caldecott Medal-winning *A Sick Day for Amos McGee*. In a hotel in Paris one evening in 1879, Mark Twain sat with his young daughters, who begged their father for a story. Twain began telling them the tale of Johnny, a poor boy in possession of some magical seeds. Later, Twain would jot down some rough notes about the story, but the tale was left unfinished . . . until now. Plucked from the Mark Twain archive at the University of California at Berkeley, Twain's notes now

form the foundation of a fairy tale picked up over a century later. With only Twain's fragmentary script and a story that stops partway as his guide, author Philip Stead has written a tale that imagines what might have been if Twain had fully realized this work. Johnny, forlorn and alone except for his pet chicken, meets a kind woman who gives him seeds that change his fortune, allowing him to speak with animals and sending him on a quest to rescue a stolen prince. In the face of a bullying tyrant king, Johnny and his animal friends come to understand that generosity, empathy, and quiet courage are gifts more precious in this world than power and gold. Illuminated by Erin Stead's graceful, humorous, and achingly poignant artwork, this is a story that reaches through time and brings us a new book from America's most legendary writer, envisioned by two of today's most important names in children's literature.
