Take the Slow Road: England and Wales - Martin Dorey 2019-05-16 Forget hurrying. Forget putting your foot down and racing through sweeping bends. Forget the understeer (whatever that is). Forget the blur of a life lived too fast. This is a look at taking life slowly. It's about taking the time to enjoy journeys and places for their own sake. It's about stopping and putting the kettle on. Stopping to take a picture. Stopping to enjoy stopping. How are you going to do it? In a camper van or a motorhome, of course. In this book we define the best driving routes around England and Wales for camper vans and motorhomes. We show you the coolest places to stay, what to see, what to do and explain why it's special. We meander around England and Wales on the most breathtaking roads, chugging up mountain passes and pootling along the coast. We show you stuff that's fun, often free. We include the best drives for different kinds of drivers; for surfers, wildlife watchers, climbers and walkers. We include the steepest, the bendiest, those with the most interesting bridges or views or obstacles, ferries and tidal causeways. And you don't even have to own a camper van or motorhome - we'll tell you the many places you can rent one to take you on the journey. All of this is interspersed with beautiful photos, handy maps and quirky travel writing from the king of camper vans and motorhomes, Martin Dorey. So if all you want to do is flick through it on a cold day and plan your next outing, you'll be transported (albeit slowly) to pastures, beaches, mountains and highways that make you want to turn the key and go, go, go!

The 200 - Julie Buckley 2021-02-08

From Julie and Jason Buckley, the authors of the ourtour.co.uk Motorhome Travel Blog: The 200 - Inspiring Motorhome Destinations Across Europe and North Africa. Looking for some armchair inspiration for your next motorhome, campervan or RV (recreational vehicle) adventure? The 200 guides you across 34 countries throughout Europe and North Africa, showcasing 200 of the most memorable, fun, varied, interesting and inspirational places we've stayed, in over a decade's campervan and motorhome touring, as well as offering advice on how to find your own amazing places to stay. We've been asked many times: 'what's been your favourite place?' Each time we struggle to answer the question, simply because we have so many favourites! We've managed to choose 200 of them (it was a challenge to whittle them down to that!) and filled this book with them to inspire your motorhome or campervan adventures, hoping to show you the fantastic types of places available to you. From campsites and aires, to business stops and free camping - we've selected a range to suit every taste and budget. We've also made sure that they showcase the magnificent mountains, forests, beaches, lakes, rivers, towns and cities of Europe and North Africa, just waiting for you to park up in your home on wheels. This book isn't a straight-forward guidebook to these destinations, it is designed to whet your motorhoming appetite with our memories of each location including things like: what we got up to, who we met, why it's in the book, as well as things to do nearby, and some practical information about the overnight stop. Who Should Read This Book? This book is for you if you are new to owning a motorhome, or are a seasoned motorhomer but looking for ideas for some new destinations, perhaps ones a little further afield. Maybe you've just finished reading our Motorhome Touring Handbook and are raring to go, full of practical information, but are in need of some inspiration. As well as offering inspiration, the book includes practical advice for each country and location featured. The countries have their own overview page containing information you'll need for touring in your motorhome or campervan, such as: Speed limits Tolls (and how to pay them) Documents and kit required to stay legal Availability of LPG Low emission zones and so on... And for each of the 200 locations we provide: The type of stopover GPS co-ordinates A price guide Details of motorhome services available An alternative location in the area (when available) The 200 is also an ideal gift for the motorhomer or campervanner in your life.

OurTour Guide to Motorhome Morocco - Jason Buckley 2017-05-08
Travelling to North Africa and touring Morocco in your campervan or motorhome couldn't be easier with Motorhome Morocco. Get this English-language guidebook to answer your questions on entering the country, travelling it safely, finding campsites, taking your dog, buying essentials, visiting some of the best sights and handling the language. This second edition of the guide was completely revised in 2017 and subsequently updated for 2020 with the latest information about insurance, the border process, ferry tickets, prices, parking locations and so on. It includes photographs from across Morocco - colour in the eBook, black & white in printed copies - to give you an idea of the incredible landscapes, wonderful people and vibrant towns and cities you'll find there. For a country that's closer to Spain than France is to England, Morocco is so very different to Europe, but such a great adventure. We toured the country in our motorhome in 2012 and again in 2017, spending four months there in total. After our first tour we wrote a book about our experiences and what we learned, to help you to get there and have a great adventure too. We travelled in winter on both tours and crossed the Rif, Middle Atlas, High Atlas and Anti-Atlas Mountains, visited the incredible cities of Fes, Meknes and Marrakech and slept on the edge of the Sahara desert near Algeria. We bartered and haggled and came away with some great bargains and many, many happy memories. The book focuses on the practical, first hand experience we gained on taking our motorhome to Morocco. It covers topics such as: Buying ferry tickets in Spain An easy step-by-step guide to entering and leaving Morocco Insurance Driving a motorhome in Morocco How to buy things, when to haggle and when not to Coping with breakdowns How to find places to stay Our experience of taking our dog to Africa Confusing aspects of Moroccan life, and how to cope with them What campsites and guarded parking overnight locations we used We didn't use an organised tour company for either trip, so we saved ourselves thousands of pounds and gave ourselves the freedom to explore this amazing country at our own pace. We hope our book will inspire you to do the same. For more information about our time in Morocco, including more photos and videos, please visit our website: www.ourtour.co.uk. Thanks, Julie and Jason

The Business of Tourism - J. Christopher Holloway 2022-09-07
Tourism as an industry is constantly evolving. Trends and attitudes are susceptible to changes in what people look for in a holiday, which can change within different economic contexts; generational shifts; the political landscape; and most recently, the Covid-19 global pandemic. This popular and comprehensive textbook helps students to not only understand these changes but study them with a critical mindset and historical perspective, desirable for success in assessments. The text also continues to retain its focus on 'business' and the operational aspects of tourism, making it especially useful for students considering a career and/or short term placement in the tourism industry. This 12th edition of The Business of Tourism includes updates to take in changes to the tourism industry and consumption behaviours as a result of: Brexit (the UK's decision to leave the European Union) the pandemic and its impacts on nature; the operation of attractions; event tourism; hotel chains; transport; and governmental support Sustainability and the reduction of the negative impacts caused by tourism Chris Holloway was a former Professor of Tourism Management at the University of the West of England. Claire Humphreys is a former Head of Department and Principal Lecturer at the University of Westminster.

50 Great Motorhome Tours in Northern France - Alan Russell 2018-11-13
France is the perfect country to visit in a motorhome, RV or campervan. The roads are often traffic free, there are almost 10,000 campsites and over 4,000 aires, the car parks are mainly free and, unlike in the UK, overnight parking in a motorhome is subject to few restrictions. In addition to the above, France is the most visited tourist destination in the world, with many historic towns and villages, great beaches, picturesque mountain scenery and much more. The 50 Motorhome Tours visit each of the 10 regions of picturesque Northern France. The tours vary in length from 1 to 8 days with suggested locations for a stopover each night - in each instance either at an aire or a campsite. The aires, for which the majority are free to stay, have full details together with description, services available, GPS coordinates and prices whilst alternative nearby campsites are listed with opening times and location. Every tour has information on places to see, museums, monuments and local attractions at each location visited as well as full directions, a map and photographs.

Europe in a Motorhome - H. D. Jackson 2006

Bored with the daily grind and keen to escape the rat-race, Hazel and Simon Jackson did what so many dream of - they sold their house and possessions, bought a motor home, took their thirteen year old son out of school and travelled Europe. They left winter behind and for the next year they barbecued on beaches, skied on mountains, swam in warm seas and danced at fiestas. Encountering everything from Spanish hospitals, and the Guardia Civil when they were robbed in Spain - to being ripped off in Rome, propositioned in Sicily, dazzled in Dubrovnik, and almost drowned in Slovenia... they wild-camped their way through southern Europe, in a motor home affectionately known as The Beast. They slept, ate and lived in a different place almost every day, meeting locals off the beaten track, making new, lasting friendships... and shared it all with their teenage son Jack. If you enjoy travel and need to be reassured that you aren't the only ones who break-down, get lost, or stuck in impossible situations, then this is the book for you. Join them as they travel for a year through Europe, from the luxury of your arm-chair. Brimming with useful tips and historical information, this is a book full of humour, catastrophes and everything else that comes with life on the road. It is a dream come true.
