High Magic - Frater U.:D.: 2005

Of course, Magic is Magic wherever. But

Ceremonial Magic - with or without a k ending - is

perceived as largely European in origin and

practice. The Golden Dawn, Aurum Solis, O.T.O

were European and even AMORC, B.O.T.A.,

G.B.G. were mostly European inspired. As valid as these esoteric orders were and are, they are at best schools and the knowledge taught is now widely available. What is key is not the knowledge but the self-accomplishment that comes only through personal experience (otherwise known as "self-initiation"). The essence of Magic is a simple formula based on the exercise of Will, Imagination, and Gnosis or Magical Trance. It is a "technology" and must be mastered like any technology through understanding and practice. Like playing the piano, it takes discipline to continue practicing

basic exercises until it all becomes second nature and can function as an art as well. "And, what for? " Not to perform tricks or miracles. Not to wear fancy robes and chant barbarous words. Not to reach high degrees with grand titles in a secret order. No, it is to transform and transmute your own self and thus to become more than you were, not merely to accelerate normal human evolution but to actually move beyond and be a co-creator. And to finally answer those questions: "Who am I? Where did I come from? Where am I going?" High Magic is an active program for self-discovery and Self-Realization. This book by a

famed contemporary German magician self-instructs the student through a series of basic exercises and real magical practices that train the magician through a consistent program combined with examples and explanations. Each step is thorough without extravagance; the program is effective and entirely self-directed (as must be all real learning); the book is encyclopedic in depth and inclusive even of chaos and cyber magic. Tables and Charts simplify the learning process. The system starts with immediate immersion in ritual practice starting with the Kabbalistic Cross and Lesser Banishing Ritual of the Pentagram

and moves through beginning to advanced levels of Practical Sigil Magic, Ritual Magic, Elemental Magic, the Greater Ritual of the Pentagram, Planetary Magic, the Hexagram Ritual, Mantra Meditation, the Magical Gaze, Magical Trance, the Pan Ritual, Money Magic, Talisman Magic, Moon Magic, Chaos Magic and Cyber Magic. In each case, practice is used to instruct - nothing is presented as "theory only." You will find everything analyzed, explained and justified with refreshing and truly uncommon common sense! The author fully dispels the myths and subterfuges of archaic magical orders and

explores the role of the Unconscious Mind, the issues of Religion and Mysticism, the nature of High and Low Magic, the function of Myth and the role of Drama in Ritual, the Magical Nature of Reality and Magical Perception, Dream Work in relation to Magical Training, the Magical Imagination and training for Visualization, Psychic Protection, Invocation and Evocation, the Calling and Movement of Energies, Charging, Paradigm Shifting, what is really means "to Keep Silent, " the power of Intention & definition of Magical Goals, the ritual use of Symbols and Gestures, the power of Words, the Magician"s Universe, the

magical pronunciation of Hebrew Letters, the Magician"s Tools, Mantric Sigils, the IAO formula, andmuch more. High Magic is as central to Western culture as are science, technology, the rule of law, democracy and the entrepreneurial economy. Its practice and application should be part of your daily life starting now.

**Protection & Reversal Magick** - Jason Miller  
2006-06-15

You could be the target of a spell or curse and not even know it! All people, witches or not, are susceptible to these attacks. The difference: witches and magicians can do something about it.

Now you can too. Protection & Reversal Magick is a complete how-to manual on preventing, defending, and reversing magickal attacks of any kind. You will learn to: Set up early-warning systems. Appease angry spirits through offerings. Perform daily banishings and make amulets that will prevent most attacks. Make magickal “decoys” to absorb attacks against you Summon guardian spirits or gods for help. Bind, confuse, or expel a persistent enemy who will not leave you be. These techniques aren't just for witches, either, but for ceremonial magicians, rootdoctors, and anyone else who puts magick to a practical

use. Like the cunning men and women of old, now you can defend yourself and your loved ones against even the strongest attacks! “This book is not only one of my favorite books on ‘defense against the dark arts’, but is actually one of my favorite books in my whole library. Throughout the book Jason provides not only on protection, but also on recognizing the symptoms of attack and creating early warning system to alert you of magickal attacks.” –Mat Auryn, author of *Psychic Witch*

*The Sorcerer's Secrets* - Jason Miller 2009-01-01

"If you're interested in assuring that you obtain

real tangible results with your spells and are willing to put the work into doing so, this is definitely the book for you. Completely filled with some amazing insights, ideas, and tips that come from experience. His ideas are some that I've never seen in other books. This book alone completely changed how I approach giving offerings to spirits and deities." --Mat Aurnyn, author of *Psychic Witch* This book is about real magick, effecting real change, in a real world. There are some books on magick that teach it purely as spiritual advancement. There are others that teach it as a form of psychological self-help

that effects only inner change. While magick can and should be both of these, it is something more. *The Sorcerer's Secrets* is about success in practical magick; it is a book that aims at change in both the outer and inner worlds. Beyond a mere spell book or training course, *The Sorcerer's Secrets* is a field manual on successful sorcery written by a professional sorcerer. The first part of the book lays out the qualities, concepts, and exercises necessary to attempt practical magick. The second part presents clear strategies for tackling almost any type of issue with sorcery. In this book you will learn how to:

Attack problems from multiple angles, not just by casting a spell. Blend mundane and magickal action to ensure success. Figure out whether what you are doing is working. Fix it if it isn't. Go beyond readings, into magickal intelligence-gathering. Influence the minds of other people. Work most effectively on behalf of others. The Sorcerer's Secrets will help rescue the art of Magick from those who have ignored, downplayed, or just outright denied the existence of practical sorcery in favor of arcane titles, intangible results, and fantasy attainments.

[Nakedtantra](#) - Jason Read 2020-04-16

There are many books on how to do magick, but not so many with stories about actually doing it and what happens. NakedTantra lays bare the inner states of the two brave souls involved in this extended magical work. An experiment, two people, two countries, one mind, experimenting in tantra meta-magick, cosmic astral travel to the land of no boundaries, looking for the doors of perception. Of necessity the contents of this

grimoire might be considered erotic. And, with that thought in mind, it might also be that the reader is occasionally aroused by our story as it progresses. Some might find this an unwanted intrusion, into what is otherwise an exploration of a magical world. Others we surmise, will take this in good part, accepting that, a spoonful of sugar helps the medicine go down. To those who do not share these sensibilities, and are unmoved by what you are about to read, we offer our sincerest apologies.

**The Book of Shadows** - Brittany Nightshade

2016-04-26

EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from witches I have met in my travels and covers I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really

matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcrafter. -Brittany Nightshade-Brittany Nightshade

**Summary of Jason Miller's Sex, Sorcery, and Spirit** - Everest Media, 2022-04-23T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 Spiritual stories are important. Stories and myths

have the ability to convey meaning on multiple levels, as well as place sometimes odd beliefs and practices into a useful context within our particular culture and the world at large. #2 The Guhyasamājja tantra is one of the earliest tantras in existence. It was written in India in the 3rd or 4th century and is attributed to the Siddha Asanga. It extols the virtues of sensory pleasure as a path to enlightenment. The king of Uddhiyana in what is now Afghanistan asked the Buddha if there was not another way to attain enlightenment, one that did not abandon sensory enjoyment. #3 The Guhyasamājja and Kalachakra

Tantras are two of the most well-known inner teachings. They are meant for special people, and their practitioners will deny the efficacy of their approach. But as monasticism and renunciation seem to be becoming less and less attractive in both the East and the West, it is time for the inner teachings to become more widespread and lead to a new definition of what spirituality actually entails. #4 The book recounts the tale of a man named Poliphilo, who was tasked with choosing which portal to take to find his true love, Polia. The three travelers knock on the first portal, which is marked with the words

Gloria Dei in Latin, Theodoxia in Greek, Tiferet ha-El in Hebrew, and Jal Allah in Arabic.

**A Book of the Magi** - Alexander Cummins

2018-03-03

This book traces the cult of the Magi through their lore: their history, art, legends, rituals, and devotions. It examines their political and social influences as well as their cultural and religious impact, showing them to be cast both as legitimisers of established power structures, and as figures who foment profoundly radical dissent. Cummins presents and weighs historical prayers to the Three Holy Kings for their mythic structures

and ritual possibilities. In particular this book discusses *historiolae* found in these prayers - appeals to mythic actions or origins, often by imitation, fit for both devotional meditation and operative sorcery. Finally, this text collects, analyses and explores the spellcraft of the Three Wise-Men: examining the various magical operations calling on Caspar, Melchior and Balthazar found in grimoiric handbooks of magic and folk custom alike. These include workings for travelling, for conjuring spirits, for detection, for protection, for healing, and even for dominating authorities. Overall, *A Book of the Magi* makes a

case for the veneration of the Magi as a *loci* and catalyst for furthering a folk necromantic practice of working with ancestral magicians. It does this by examining the history, devotion, and magic associated with the Three Kings, as well as demonstrating how components from old manuscripts can be explored and incorporated into a personal practice through awareness of context and careful ritual design. *A Book of the Magi* is the third volume in the *Folk Necromancy in Transmission* series, conceived by Alexander Cummins and Jesse Hathaway Diaz, available through Revelore Press.

The Book of St. Cyprian: The Great Book of True Magic - Humberto Maggi 2018-08-03

The Book of St Cyprian is a massive occult work complete with images from original texts, copious amounts of notes and reference citations and, best of all, information that has only been available in the original Portuguese texts. The author was granted unprecedented access to private collections and studied the original texts in great detail He has taken everything he could from them and compiled what we believe to be the single greatest reference on the subject of the magick of ST. Cyprian. In the author's own words:

"This edition brings together the three texts from the fourth century that gave rise to the magical tradition associated with the name of St. Cyprian (Conversion, Confession and Martyrdom), the four most important Iberian grimoires of the nineteenth century (the Portuguese that gave birth to the Brazilian versions and the Spaniards containing the instructions of ceremonial magic) and several other magical texts associated with the Holy Sorcerer. The material was organized in sections that allow a comprehensive analysis of the contents (The Origin of the Book, Vita Cypriani, Magical Art, Talismans and Amulets, The Book of

the Spirits, Cyprian Prayers, Exorcisms, Magical Treasures, Magical Secrets). The historical introduction has a broad and detailed description of the origins and development of the tradition from the fourth to the nineteenth century. The edition is enriched with a Preface by Nicholaj De Mattos Frisvold and the Presentation by Felix Castro Vicente."

**Magic and Magicians in the Greco-Roman World -**  
Matthew W Dickie 2003-09-02

This study is the first to assemble the evidence for the existence of sorcerers in the ancient world; it also addresses the question of their identity and

social origins. The resulting investigation takes us to the underside of Greek and Roman society, into a world of wandering holy men and women, conjurors and wonder-workers, and into the lives of prostitutes, procuresses, charioteers and theatrical performers. This fascinating reconstruction of the careers of witches and sorcerers allows us to see into previously inaccessible areas of Greco-Roman life. Compelling for both its detail and clarity, and with an extraordinarily revealing breadth of evidence employed, it will be an essential resource for anyone studying ancient magic.

Six Ways - Aidan Wachter 2018-04-23

Six Ways is a handbook of magic and sorcery, rooted in witchcraft, folk magic, chaos magic, and animist spirit work. Subjects covered include sigils, servitors, meditation, trance, spiritual cleansing, warding, dream sorcery, candle magic, talismanic magic, and tending to the spirit ecologies we live with and in. Six Ways looks at how and why to build relationships in all of the worlds, manifest and unmanifest (what Wachter calls the Field) that allow us to perform effective

magic. Effective magic is magic that changes us at the mind, soul, and spirit levels while improving our real-world circumstances. The focus is on finding pathways to the Otherworlds and building symbiotic relationships with the Others (the spirits and allies) that dwell there. Sorcery then becomes the practice of working within those relationships to effect the changes we seek in our lives.

*Summary of Jason Miller's Consorting with Spirits*

- Everest Media, 2022-06-30T22:59:00Z

Please note: This is a companion version & not the original book. Sample Book Insights: #1 After years of studying magic, I was able to make contact with my own Holy Guardian Angel. She gave me a magical tool to bind Demons within twenty-four hours. It was a Was-Scepter that my roommate's friend had been working on for months. #2 Spirits are the name given to the influence that some people felt and the activities they engaged in. They were thought to exist in their own realms, somewhat adjacent to ours. They were contacted through access points like

caves or Fairy circles. #3 The scientific Enlightenment rocked the world, and for the first time, people began to doubt the existence of spirits. This was the same period in which the classical grimoires were written. #4 Witches and Magicians have found themselves in a quandary: how do we engage with Witchcraft, Magic, and Sorcery while also embracing the scientific wonders of the world. Perhaps spirits are projections of the mind, and dreams are the mind creating characters and images that reveal information to itself.

The New Hermetics - Jason Augustus Newcomb

2004-08-01

The New Hermetics is a powerful spiritual technology of the mind. It is a course of study and practice that teaches the science of illumination and the ability to alter reality. The ancient Egyptian form of Hermetic philosophy was that the mind shapes reality. The New Hermetics extends that philosophy - the universe is a great mind or consciousness, and we are a part of that consciousness; therefore by learning to control the mind, we learn to control our part of the universe. With updated versions of the ancient Rosicrucian brotherhood's 10 levels of initiation,

combined with ancient and modern mind-expanding techniques such as visualization and NLP (neuro-linguistic programming), The New Hermetics progressively gives initiates power over their minds and world. Practicing these elements simultaneously makes it possible to undergo initiation into the mysteries of consciousness in a fraction of the time it was ever before possible. The course offered in the book lets practitioners master their minds in such a way that they will be able to achieve anything and everything they want in life, spiritually and physically. The New Hermetics offers 10 levels of instruction to control

the mind and control reality: Level 1-The Initiate teaches mastery over behavior and visualization in the Ether. Level 2-The Zealot bestows mastery over emotions, breathing, and Etheric energy. Level 3-The Practitioner gives mastery over mind, beliefs, and the ability to project Etheric energy. Level 4-The Philosopher masters creativity, values, and the ability to direct Etheric energy. Level 5-The Adept develops relationship with cosmic consciousness. Level 6-The Advanced Adept offers the power to direct the forces of cosmic consciousness. Level 7-The Perfect Adept gives wisdom and the ability to

share these forces with others. Level 8-The Master bestows mastery of cosmic consciousness. Level 9-The Mage gains mastery of universal power. Level 10-The Ultimate Master obtains mastery over the universal self. The New Hermetics is a powerful course of instruction that can help anyone master themselves to rule their world.

Make offerings to help increase the flow of prosperity around you. Ditch old concepts and retrain your mind to make money in today's world. to kill your debt. Create secondary income streams that will ensure continued revenue.

**Real Sorcery** - Jason Miller 2023-07-03

“If you're interested in assuring that you obtain real tangible results with your spells and are willing to put the work into doing so, this is definitely the book for you. Completely filled with some amazing insights, ideas, and tips that come from experience. [Miller's] ideas are some that I've never seen in other books. This book alone completely changed how I approach giving offerings to spirits and deities.” —Mat Aurnyn, author of *Psychic Witch* This book is about real

magick, effecting real change, in a real world. There are some books on magick that teach it purely as spiritual advancement. There are others that teach it as a form of psychological self-help that affects only inner change. While magick can and should be both of these, it is something more. Real Sorcery is about success in practical magick; it is a book that aims at change in both the outer and inner worlds. Beyond a mere spell book or training course, Real Sorcery is a field manual on successful sorcery written by a professional sorcerer. The first part of the book lays out the qualities, concepts, and exercises

necessary to attempt practical magick. The second part presents clear strategies for tackling almost any type of issue with sorcery. In this book you will learn how to: Attack problems from multiple angles, not just by casting a spell Blend mundane and magical action to ensure success Figure out whether what you are doing is working, and fix it if it isn't Go beyond readings, into magical intelligence-gathering Influence the minds of other people Work most effectively on behalf of others This book was previously published as The Sorcerer's Secrets by New Page Books in 2009. This edition features a new introduction from the

author, one new chapter, and updates throughout.

**Sexual Sorcery** - Jason Augustus Newcomb

2005-08-15

In plain, straightforward language, Jason Newcomb, author of *21st Century Mage* and *The New Hermetics*, tackles a subject that many magical texts gloss over or ignore--the practice of sex magick. *Sexual Sorcery* covers the many aspects of using sex as a sacrament, a ritual, or an expression of divine love. It also provides plenty of practical information helpful to any modern sexual sorcerer. *Sexual Sorcery* includes preliminaries to practice, such as how to broach

the subject of sex magick with a partner (or how to find a partner), explanations of sexual technique as well as etiquette and energy, and the value of love in any relationship, especially a sexual relationship incorporating magick. From this base, *Sexual Sorcery* delves into the various techniques, types, and rituals of sex magick--using magick to enhance sex, ecstatic and mystical experiences during sex, and more esoteric techniques of sexual invocation, evocation, and alchemy. Newcomb defines a sorcerer as a solitary magician who is outside any particular faith or group, unbounded by the

prohibitions of an order or coven, and able to explore the furthest realms of a subject without restriction. In this case the subject is sex magick, and Sexual Sorcery is the perfect guide for any 21st-century sexual sorcerer. It follows no one particular traditional path, but incorporates what works from other esoteric sexual practices.

**SIHR DJINN AFARIT AND HOW TO SUMMON THEM. 3rd Edition - Maximillien De Lafayette**  
2016-08

SIHR DJINN AFARIT AND HOW TO SUMMON THEM: The Banned Book Of Sorcery, Spells, Magic and Witchcraft. 3rd Edition. Published by

Times Square Press, New York. "This is a heavy-duty Kitab (Book) on Sihr (Magic, Witchcraft, Sorcery), Djinns, Afarit, Kitabaat (Magical writings), and Talasem (Talismans). As a practitioner of Ilmu Al Sihr, you will have the rare and unprecedented opportunity to polish and perfect your practice. As a novice and a researcher, you will learn quite a lot about all these subjects which were never before discussed and explained in any other language than in Arabic. As you already know, Djinns, Afarit and Sihr originated in the ancient Middle East, Arab Peninsula and North Africa, and the

Saher (Magician, Sorcerer) used only Arabic, and the secret languages of Al-Arwaah (Spirits) and "Ethereic Entities" to summon multiple and various categories of Spirits and entities which remained shrouded in absolute secrecy for centuries."

Honorable Ulema Master Farid Tayara.

Seven Spheres - Rufus Opus 2016-03-17

Seven Spheres by Rufus Opus Seven Spheres is more than a simple book of traditional Hermetic Magic. It is designed to be a series of rituals that function on many levels to take an average ordinary magician and turn them into a self-actualized powerhouse of proactive reality

engineering. It's entirely about attaining initiation and empowerment in the highest levels of un-manifest reality. These experiences and rites result in the release of a floodgate of power that pour down through the layers of progressive manifestation, building up awareness, understanding, and ultimately raw potential as you move from sphere to sphere through the rites, ultimately culminating in the anointing of the magician as Priest-King directing the forces that climax in your personal daily experience of the Joy of your life. This book isn't about physical or spiritual mastery, it is entirely about

understanding that you, personally, are beloved, honored, blessed, and highly favored of every intelligence, spirit, angel, and god of every sphere. This is about understanding who you are and what you can accomplish as a human being manifest upon the surface of the Earth. Spiritual enlightenment and material mastery will be yours, if you do the work described. "There are few in the field today that have both technical expertise and a genuine love of the spirits. A man who is as on-fire with the Holy Spirit as a tent-revival preacher, but who can make complex evocation instruction as clear as your ABC's. Rufus Opus is

that kind of Priest-Magician. For years he has been making laying down his brand of hermetic magic with style and sass on his blog and in his courses. Now with this book, he will be blowing open the gates for an even wider audience." - Jason Miller, author of *Sex, Sorcery, and Spirit* "Rufus Opus is a frequent speaker and panelist at Crucible convention that features active magical leaders from known and exotic paradigms. He has shown a great ability to add a combusive dynamic to his life through his own personal workings." -Arthur Moyer, Omnimancer, host of Crucible Convention "Rufus is a well-educated

and experienced occultist who firmly knows and strongly communicates his field without scaring or dumbing down for an audience. He is one of my go to authors for collected works on the topic." - Andrei Freeman Note: This book is a stand-alone series of rites that can empower you and change your life if you do the magical rites as described in the book. However, it is also intended to be a textbook for a series of courses provided by Rufus Opus. *Witchcraft, Demonology and Magic* - Marina

Montesano 2020-05-20

Witchcraft and magic are topics of enduring  
interest for many reasons. The main one lies in  
their extraordinary interdisciplinarity:  
anthropologists, folklorists, historians, and more

have contributed to build a body of work of  
extreme variety and consistence. Of course, this  
also means that the subjects themselves are not  
easy to assess. In a very general way, we can  
define witchcraft as a supernatural means to  
cause harm, death, or misfortune, while magic  
also belongs to the field of supernatural, or at  
least esoteric knowledge, but can be used to less  
dangerous effects (e.g., divination and astrology).  
In Western civilization, however, the witch hunt  
has set a very peculiar perspective in which  
diabolical witchcraft, the invention of the Sabbat,  
the persecution of many thousands of (mostly)

female and (sometimes) male presumed witches gave way to a phenomenon that is fundamentally different from traditional witchcraft. This Special Issue of Religions dedicated to Witchcraft, Demonology, and Magic features nine articles that deal with four different regions of Europe (England, Germany, Hungary, and Italy) between Late Medieval and Modern times in different contexts and social milieus. Far from pretending to offer a complete picture, they focus on some topics that are central to the research in those fields and fit well in the current “cumulative concept of Western witchcraft” that rules out all

mono-causality theories, investigating a plurality of causes.

**Word Magic: The Powers and Occult Definitions of Words (Second Edition) - Pao Chang 2019-10-04**

Is there more to words than meets the eye? Let us tumble down the rabbit hole to explore the world of magic, words, and legalese, and I will show you proof that there is more to words than meets the eye. This magical journey will teach you how words can be used to empower or disempower you. Once you learn how powerful words are and know how to wisely apply them to your life, you can effectively use them to exercise your rights, manifest your desires, overcome your

fears, achieve spiritual freedom, and motivate kings and governments to bow to you with awe and reverence. What Is Word Magic? Word magic is "the art of using sacred sounds and symbols, and hidden forces to direct and control energy to produce certain desired effects or marvels." All words have magic properties. However, certain words have more magic properties for the reason that they carry more energy and intention. This is why during magic rituals certain words are used more than others. Because word magic uses sacred sounds and symbols, and hidden forces to direct and control energy, it is one of the most

effective tools for achieving desires, programming the mind, or changing reality. Its magic power to reprogram the mind, causing reality to change is one of the reasons that it is heavily used by corporations, such as religious institutions, banks, courts, and governments. Some of the word magic techniques that are used by corporations are shockingly revealed in this enlightening book. The empowering knowledge in *Word Magic: The Powers and Occult Definitions of Words* has the potential to unlock many doors of your mind, allowing you to explore a hidden world where you can use words to shape matter, control your

destiny, and reprogram your mind. This enlightening book is not your average book because it explores magic and the power of words to the core of reality. By reading and exploring this empowering book, you will know how powerful words are; furthermore, you will know why using words wisely is important for achieving success and freedom, and restoring your kingdom of God.

**Consorting with Spirits** - Jason Miller 2022-05-01  
“Working with spirits can be some of the most dangerous yet some of the most gratifying work a magickal practitioner can engage in. With Jason

as your guide in this book, you are in some of the best hands out there when it comes to approaching and working with spirits. This is a book I wish I had fifteen years ago when I began working closely with spirits.” —Mat Aurnyn, author of *Psychic Witch Throughout history*, humans have sought power and knowledge from spirits. Learning how to conjure, communicate, and negotiate with these unseen powers is one of the keys to success in magic. *Consorting with Spirits* presents a detailed explanation of what spirits are, their different classifications, and how they exist in relation to the world we normally perceive.

The reader will then learn a system of practices that will cultivate three main skills: The capacity to perceive spirits clearly, the ability to interact with them effectively, and the tools to deepen your relationships. It is this focus on deepening relationships and increasing clarity in communications that has been missing from much of the material about spirits. This book will teach you different ways of interacting with spirits, from offerings and invitations to forceful conjurations. With these tools in hand, you can work with your spirit allies to achieve any goal, from protection, to wealth, to vast knowledge.

Consorting with Spirits shares: Proper training necessary for calling and conversing with spirits. How to evaluate the messages you receive. A full view of different modes of contact and what situations each mode lends itself to Why the best sorcery is local. The tools to establish and maintain a long-term relationship with spirits (consorting). The 6 different manifestations of spirits and their corresponding magickal operations, qualities, benefits, and drawbacks. The 4 methods of interacting with spirits: prayer, conjuring, compelling, and evocation.

*Besom, Stang & Sword* - Christopher Orapello

2018-12-01

Bringing this authentic, traditional spiritual practice to light in modern context. Regional traditional witchcraft is an animistic form of witchcraft that moves away from the religious harvest festivals and fertility-minded practices associated with the more common Wiccan form of witchcraft. Very few of us in this age are farmers or dependent upon crops and harvests. Regional traditional witchcraft teaches people to find their craft in their own backyards, in the uncultivated land or urban cityscape alike, and in their ancestors rather than in ancient foreign deities or in a neopagan-styled

religious form of witchcraft. It's not about where you're from but where you are. The material in this book is adaptable to any region in which the practitioner lives. Although the lack of deity worship and holy days is a significant part of the authors' nonreligious approach, this book presents a complete system of practice utilizing ritual, chant, trance, the six paths of witchcraft as defined and explained by the text, and the practices associated with traditional witchcraft.
