The Needle In The Blood - Sarah Bower 2012-08-30

January 1067. Charismatic bishop Odo of Bayeux decides to commission a wall hanging, on a scale never seen before, to celebrate his role in the conquest of Britain by his brother, William, Duke of Normandy. What he cannot anticipate is how utterly this will change his life – even more than the invasion itself. His life becomes entangled with the women who embroider his hanging, especially Gytha – handmaid to the mistress of the fallen Saxon king and Odo’s sworn enemy. But against their intentions they fall passionately in love; in doing so Odo comes into conflict with his king and his God, and Gytha with Odo’s enemies, who mistrust her hold over such a powerful man. Friends and family become enemies, enemies become lovers; nothing in life or in the hanging is what it seems. ‘A story of love, war and the tangled truths of Britain’s birth, crafted with as much care and skill as the famous tapestry at its heart.’ Sarah Bryant, author of *The Other Eden* and *Sand Daughter* ‘Truly compelling . . . so vivid, intriguing and masterfully portrayed.’ Susan Fletcher

Sins of the House of Borgia - Sarah Bower 2012-08-30

In 1492, when Ferdinand and Isabella expel the Jews from Spain, six year old Esther Sarfati finds herself travelling to Rome to join her father, a successful banker who has helped his fellow Spaniard, Rodrigo Borgia, finance his bid for the Papacy. Nine years later, as Pope Alexander VI, he repays the favour by offering Esther a place in the household of his daughter, Lucrezia, who is about to marry Alfonso d'Este, heir to the Duchy of Ferrara. Against her own better judgement, but in accordance with her father's wishes for her future, the re-named Violante converts to Christianity and enters Lucrezia's service as lady-in-waiting. Flattered by Lucrezia's favour, seduced by the friendship of her cousin, Angela Borgia and swept off her feet by Lucrezia's glamorous and dangerous brother, Cesare, she is drawn into a web of intrigue and deceit which will test her heart to its utmost and burden her with secrets she must carry to her grave. Set against the glittering background of the court of Ferrara in the early sixteenth century, this is the heart-breaking story of what happens to an innocent abroad in the world of the Borgias.

The Vatican Princess - C W Gortner 2016-02-11

Infamy is no accident. It is a poison in our blood. It is the price of being a Borgia. Glamorous and predatory, the Borgias became Italy's most ruthless and powerful family, electrifying and terrorizing their 15th-century Renaissance world. To this day, Lucrezia Borgia, the Pope's beautiful daughter, is known as one of history's most notorious villainesses, accused of incest and luring men to doom with her arsenal of poison. Was she the heartless seductress of legend? Or was she an unsuspecting pawn in a familial web, forced to choose between loyalty and her own survival? From her pampered childhood in the palaces of Rome to her ill-fated, scandalous marriages and complex relationship with her adored father and her brothers, this is the dramatic, untold story of a papal princess whose courage led her to overcome the fate imposed on her by her Borgia blood.

Ezra Pound: Poet - A. David Moody 2007-10-11

This first volume of what will be a full-scale portrait presents Ezra Pound as a very determined and energetic young genius setting out to make his way both as a poet and as a force for civilization in England and America in the years before, during and just after the 1914-18 war. In a clear and lively narrative A. David Moody weaves a story of Pound's early life and loves; of his education in America; of his apprentice years in London, devoted to training himself to be as a good and powerful a poet as he had it in him to become; of his learning there from W. B. Yeats and Ford Madox Hueffer, then forming his own Imagiste group, and going on from that to join with Wyndham Lewis in his Vorticism, and to link up also with James Joyce and T. S. Eliot to create the modernist vortex in the midst of the 1914-18 war. We see Pound scraping a living by writing prose for individualist and socialist

periodicals, and emerging as not only an inspired literary critic, but as a critic of music and society as well. Above all, Moody shows Pound's evolution as a poet from the derivative idealism and aestheticism of his precocious youth into the truly original author of *Homage to Sextus Propertius* and *Hugh Selwyn Mauberley*. We find Pound established by 1920 as a force for revolution in poetry; as a force for the liberation of the individual from stifling conventions; and as a force for renaissance in America. We find him becoming committed, moreover, to the reform of the capitalist system in the name of economic justice for all. This is the first biography to put Pound's poetry at the heart of his existence, where he himself placed it, and to view his extraordinarily active life, his loves, and his creative effort, as a single complex drama. The altogether new and comprehensive account of all of his poems, from the earliest through *Cathay* and up to *Hugh Selwyn Mauberley* and the first *Cantos*, will illuminate his poetry and make it more accessible. With that there is an exceptionally clear and cogent analysis of the ideas informing his Imagisme and his Vorticism; and of the ideas informing his commitments to the freedom and fulfilment of the individual, to a cultural renaissance, and to social and economic reform. The poetry, the prose writings, and the personal life are all woven together into a brilliant narrative portrait of the poet as a young man. The second volume, *The Epic Years*, carries on the narrative of his life and works from 1921, the year in which he took up residence in Paris.

Dignity and Decadence - Richard Jenkyns 1992

The starting point for Richard Jenkyns's latest work is his contention that the Victorian age, which we think of as the great age of Gothic, was so shot through with the influence of the classical past that we should instead think of Victorian art and architecture as the continuing flow forward of two stylistic streams--the Gothic and the classical, side by side. In advancing his argument Jenkyns turns our accepted notions of the Victorians upside down, presenting Ruskin as an admirer of Greek statuary, the Houses of Parliament as a classical rather than a Gothic composition, and Thomas Woolner, the only sculptor among the original Pre-Raphaelite brotherhood, as a neo-Hellenic carver and poet. Jenkyns moves effortlessly between the general and the particular and is refreshingly unafraid to make judgments. Here are some of the best descriptions of Victorian painting, sculpture, and architecture to have appeared in recent years. From the very gradual changes throughout the paintings of Leighton and Alma-Tadema, to the operettas of Gilbert and Sullivan, the 'aesthetic scripture' of Pater, and even the advertisements for Beecham's pills, Jenkyns shows how what had been merely eclectic became a distinctive fin-de-siecle style and eventually began to point the way for Modernism. These are grand themes, presented by a masterly guide. Above all Jenkyns is entertaining: *Dignity and Decadence* is one of the most illuminating and enjoyable books about the Victorians yet to appear.
