Are Your Followers Only Friends And Your Mum? Your YouTube views are mostly clicked by you? 0 Likes on your posts? No one retweets your comments? It sucks and FEELS PATHETIC when you don't see your following grow. 85% of

of the abandoned Facebook groups/pages have 50 likes or less. Why not... Discover the secrets of social media marketing? So, what is the true secret to viral content? What is it that makes content truly viral? Well, to get down to the basics: Viral content is what happens when your content is very shareable. Basically, it provokes a reaction in your consumer, and they share it to their timeline on their social media pages. As a result, their friends and followers who see it then look at it, react to it, and share it on their own pages. This is how the cycle starts, and at the end of the day, it's how something goes viral. Pretty simple, right? Now you just have to figure out exactly how you can make content that people will want to share.
