Faraway Horses - Buck Brannaman 2019-08-09

"I've started horses since I was 12 years old and have been bit, kicked, bucked off and run over. I've tried every physical means to contain my horse in an effort to keep from getting myself killed. I started to realize that things would come much easier for me once I learned why a horse does what he does. This method works well for me because of the kinship that develops between horse and rider. " --Buck Brannaman In THE FARAWAY HORSES, Brannaman shares his methods for training and provides a behind-the-scenes glimpse of Robert Redford's movie The Horse Whisperer, for which he was the technical advisor.

The American Western A Complete Film Guide - Terry Rowan 2013

Fifty Years on the Old Frontier as Cowboy, Hunter, Guide, Scout, and Ranchman - James Henry Cook 1957

The keen-eyed, cool-headed, and fearless men (Kit Carson, Jim Bridger, Buffalo Bill Cody, Big Foot Wallace, and Captain Jim Cook, among others) who were pivotal personalities for more than half a century in the almost ceaseless task of clearing the way for and guarding the lives and properties of explorers, emigrants, and settlers in the West, are an extinct type of pioneer. Accounts of the heroic deeds of this handful of men, however, remain today as indelible records that dramatize the melting away of this country's vast frontiers.

With stunning photography and you-are-there reportage, American Cowboy immerses readers in the cowboy life and the magic that is the great American West.

Fifty Years on the Old Frontier - James H. Cook 2019-01-13

Of all that has been written of the cowboy and the life of the cattle range, very little has been written by the principal actors themselves. The same is equally true of the famous government scouts, mail riders and other adventurous figures, who were men of deeds rather than words. Not many possessed, like David Crockett and W. F. Cody, the power to dramatize themselves. James H. Cook, the author of *Fifty Years on the Old Frontier*, first published in 1923, was, however, a genuine cowboy, and he was able to recount in a most readable way his adventures over half a century. During the Seventies and part of the Eighties he rode the ranges in Texas and New Mexico. A vivid account is to be found in the first part of the book of the life of the cattlemen in the Southwest, including such details as rounding up entirely wild cattle and horses, and the conveying of droves of animals hundreds of miles through extremely rough, Indian-infested territory. Those who desire thrills can find them here. The author served as government scout in the campaign against Geronimo in 1885, and later, in the North, saw much of the unfortunate troubles with the Sioux and the Cheyennes, whom he showed to have been shamefully misused by the Bureau of Indian Affairs. Much space is given to the Sioux chief, Red Cloud, of whom Cook was a champion and faithful friend. Not the least entertaining parts of the book are the narratives of hunts after big game in the Rockies, during the years when Cook was one of the foremost guides and hunters of the regions bordering the one transcontinental railway. An invaluable addition to any Old West collection!

The Complete Horse - Cheryl Kimball

In an easy-to-read style, Cheryl Kimball provides a colorful, comprehensive, and entertaining account of horse history; equine history; lore; a breed guide; and the horse's role in art and pop culture, myth, legend, and folklore. With all this and more, *The Complete Horse* has something for every horse lover. The light-hearted yet informative text is complemented by delightful illustrations, including photographs of different breeds. Also depicted are images of horses in pop culture, horses in ads, horse collectibles, and famous equines.

The WPA Guide to Wyoming - Federal Writers' Project 2013-10-31

During the 1930s in the United States, the Works Progress Administration developed the Federal

Writers' Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors—many of whom would later become celebrated literary figures—were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. Published in 1941, on the fiftieth anniversary of the state, the WPA Guide to Wyoming is a thorough reflection of both the history of the state's pioneer routes as well an attempt to capture the beauty of the surrounding area in photographs. Descriptions of the Equality State's livestock and oil industries are included as well as pictorial documentation of the area's vast expanses of open land.

American Cowboy - 1996-05

With stunning photography and you-are-there reportage, American Cowboy immerses readers in the cowboy life and the magic that is the great American West.

Ranch Roping - Buck Brannaman 2009-01-13

Ranch roping is at the heart of all ranch work, and unlike the rodeo variation of calf roping, the "vacquero" tradition calls for techniques that result in a skillful and graceful throw and catch. Buck Brannaman, a world-renowned master of the art, describes the essential tools, the partnership between horse and rider (incorporating the Natural Horsemanship approach for which the author is famous), and the mechanics needed to become a successful ranch roper, whether in competition or in actual cattle work. One-hundred full-color photographs of Buck in action enhance the step-by-step methodology that leads to mastering this essential Western skill. Whether you ride or rope or just wish you could, here's a book for everyone who is captivated by Western traditions and contemporary life.

American Cowboy - 2002-01

Cowboy Lingo - Ramon Frederick Adams 2000

Here in one volume is a complete guide to cowboy-speak. Like many of today's foreign language guides, this handy book is organized not alphabetically but situationally, lest readers find themselves in Texas at a loss for words.

A Texas Cow Boy (A Western Classic) - Charlie Siringo 2017-04-29

"A Texas Cowboy" subtitled as "Fifteen Years on the Hurricane Deck of a Spanish Pony" is one of the few books which offers a true look into the life of a real cowboy and that too written by someone who had actually lived the life. Excerpt: "While ranching on the Indian Territory line, close to Caldwell, Kansas, in the winter of '82 and '83, we boys—there being nine of us—made an iron-clad rule that whoever was heard swearing or caught picking grey backs off and throwing them on the floor without first killing them, should pay a fine of ten cents for each and every offense. The proceeds to be used for buying choice literature—something that would have a tendency to raise us above the average cow-puncher..." Charlie Siringo was an American lawman, detective and agent for the Pinkerton National Detective Agency.
