There is today a crisis in psychiatry. Even the former director of the National Institute of Mental Health, Thomas Insel, has said: “Whatever we’ve been doing for five decades, it ain’t working.” The field requires a completely fresh look, and clinical psychologist Bruce Levine—a man often at odds with his profession—enlists the early Enlightenment philosopher Baruch de Spinoza to help work through the problem. Readers unfamiliar with Spinoza will be intrigued by the modern relevance of his radical philosophical,

All The Way Up - Richard Bowen 2022-11-03

My book is about my experiences growing up in an extremely broken and abusive home. My rebellious and destructive choices led me to being incarcerated for over ten years of my life in both state and federal prisons, years spent functioning as a severe drug addict, and being emotionally and spiritually disconnected from God and all who loved me. It is my story of love finding me and shining a light so bright that I could not deny the

existence of our living God and His profound love and overwhelming mercy. It is my story of realizing that I have never been alone.

The Mythology of Crime and Criminal Justice - Victor E. Kappeler 2017-07-18

The social construction of crime is often out of proportion to the threat posed. The media and advocacy groups shine a spotlight on some crimes and ignore others. Street crime is highlighted as putting everyone at risk of victimization, while the greater social harms from corporate malfeasance receive far less attention. Social arrangements dictate what is defined as crime and the punishments for those who engage in the proscribed behavior. Interest groups promote their agendas by appealing to public fears. Justifications often have no basis in fact, but the public accepts the exaggerations and blames the targeted offenders. The net-widening effect of more laws and more punishment catches those least able to defend themselves. This innovative alternative to traditional textbooks

provides insightful observations of myths and trends in criminal justice. Fourteen chapters challenge misconceptions about specific crimes or aspects of the criminal justice system. Kappeler and Potter dissect popular images of crimes and criminals in a cogent, compelling, and engaging manner. They trace the social construction of each issue and identify the misleading statistics and fears that form the basis of myths—and the collateral damage of basing policies on mythical beliefs. The authors encourage skepticism about commonly accepted beliefs, offer readers a fresh perspective, and urge them to analyze important issues from novel vantage points.

Forbidden Bookshelf Presents Dan E. Moldea - Dan E. Moldea 2018-10-23

Three exposés of corruption—behind the NFL, the Teamsters and Jimmy Hoffa, and Ronald Reagan—from an investigative reporter who “never relents” (The Washington Post).

Interference: A shocking exposé of widespread corruption and mob influence throughout the National Football League—on the field, in the owners’ boxes, and in the corporate suites. “[A] true and terrifying picture of a business whose movers and shakers seem to have more connections to gambling and the mob than to touchdowns and Super Bowls.” —Keith Olbermann

The Hoffa Wars: The definitive portrait of the powerful, corruption-ridden Teamsters union and its legendary president, Jimmy Hoffa—organizer, gangster, convict, and conspirator—whose disappearance in 1975 remains one of the great unsolved mysteries. “Mr. Moldea’s view of [the Hoffa] wars, which reached its greatest intensity when Robert Kennedy was Attorney General, may explain not only Mr. Hoffa’s disappearance, but the

assassination of John Kennedy as well.” –The Wall Street Journal Dark Victory: A “smoldering indictment” of the corrupt influences that rescued Ronald Reagan’s acting career, made him millions (resulting in a federal grand jury hearing), backed his political career, and shaped his presidency (Library Journal). “[Moldea] has, through sheer tenacity, amassed an avalanche of ominous and unnerving facts. [Dark Victory is] a book about power, ego, and the American way.” –Los Angeles Times
