The Confident Woman - Joyce Meyer 2006-09-05

What keeps women from being their best? Joyce has been helping women better themselves by helping identify emotional barriers and physical, mental, and spiritual obstacles in their lives for years. Now she provides another answer-confidence. Our society has an insecurity epidemic, women in particular. Compensating by pretending to be secure--a common response--only leads to feelings of shame. Lack of self-confidence causes great difficulty in relationships of all kinds, and in marriage instances can even lead to divorce. In THE CONFIDENT WOMAN, Joyce explores the seven characteristics of a woman with confidence, which include a woman who knows she is loved, who refuses to live in fear, and who does not live by comparisons. Joyce explains that confidence stems from being positive in your actions and living honestly, but most importantly from having faith, in God and in ourselves.

Building on her signature message of using the mind to master difficult emotions, Joyce Meyer focuses on the most destructive, insidious one of all: anger. It is responsible for broken relationships, sleepless nights, high blood pressure and ulcers. It destroys friendships, marriages and families, not to mention peace of mind. Anger is especially hard to handle for many Christians who have learned from childhood that "good Christians don't get angry." Meyer argues that properly handled, anger is an alert system that something is wrong and needs to be resolved. In her latest book, she delves into the important process of forgiving, explaining its positive impact on the roots, the forms and the results of anger. Why forgive? Joyce explains that forgiving is the only thing that can free one from the terrible turmoil that anger causes to spill over into every part of life. Meyer understands that life will never be fair, but that is not a reason to let anger destroy our well-being and health. This is her guide to navigating that thorny territory and finding true peace.
