Aliens and Secret Technology - Martin K. Ettington 2019-02-16

This book is an overview of both the history of aliens and UFOS, as well as a review of hidden aerospace and propulsive technologies. Where did these technologies come from? And how have they developed in the intervening years? What are some of the Alien races which exist? Do we have a secret space force and are their secret bases on the moon? Also, I try to answer some questions of how likely some of these claims are--because some things having to do with UFOs and aliens are much more documented than others. There are also details of many alien related and secret programs that most readers may have never heard of. The most interesting ones are summarized here.

Look - Up In The Sky - John Stamey 2019-08-09

Dr. John Stamey takes a scientific approach to paranormal investigation. This book contains research articles as well as interesting stories of UFO and anomalous encounters. In the scholarly articles, his efforts lead to interesting explanations to phenomenon such as the Mandela Effect, potential alien bases on the moon, and the appearance of aliens in great art.

The Sky at Night: Book of the Moon - A Guide to Our Closest Neighbour - Maggie Aderin-Pocock 2018-09-13

How well do you know our closest neighbour? Featured on BBC Radio 4 Saturday Live and BBC Breakfast The moon has fascinated humankind since the beginning of history. But far from being just a big rock out in space, the Moon has a phenomenal power over the earth, with its ability to create great waves, dictate the length of the day and summon the seasons. It is a key player in the story of our planet. In this unique celebration of the Moon, lunar expert and space scientist Dr Maggie Aderin Pocock takes readers on a journey through the Moon's past, present and future. She uncovers the way the Moon has captured our imaginations, contemplates how it was formed, and uncovers why we need the Moon to protect our fragile earth. Drawing on the latest scientific research, she then looks forward to what might be to come - will we return to the moon or will it become a launch pad to go into the great unknown? Filled with fascinating facts and anecdotes, and written with warmth and passion, The Book of the Moon is for scientists and stargazers alike. You'll never look at our closest neighbour in the same way again.

Dark Mission - Richard C. Hoagland 2009-09-01

The New York Times bestseller about the strange history of NASA and its cover-ups regarding its origins and extraterrestrial architecture found on the moon and Mars is even more interesting in its new edition. Authors Richard C. Hoagland and Mike Bara include a new chapter about the discoveries made by ex-Nazi scientist and NASA stalwart Wernher von Braun regarding what he termed "alternate gravitational solutions," or the rewriting of Newtonian physics into hyperdimensional spheres.

We Discovered Alien Bases on the Moon - Fred Steckling 1981

Since the first Alien Bases book was published, the demand for the type of logic and reasoning, combined with scientific fact and clarity regarding UFO sightings, has increased worldwide.

The Occult Connection - Ken Hudnall 2009

We think that humans are in control of the world, right? Wrong! The way of the world is very different than we imagine. According to Hudnall, there have been aliens-Sky Lords-among us since the dawn of time. They manipulate events and direct us humans. The truth of alien existence is staring us right in the face. The question is: Do we want to know the truth? Ken Hudnall is the author of the Occult Connection Series. Unidentified Flying Objects is the first book in the series. Hudnall is the host of the popular Internet radio show The Ken Hudnall Show. Book jacket.

Is Anyone Else on the Moon? - Ross Marshall 2014-02-17

Blue Planet Project - Gil Carlson 2013-09-15

This is the mysterious manuscript authored by a U.S. Government insider. It describes, in amazing detail, the inter relationship between the U.S. Government and several extraterrestrials societies with whom we have working agreements. I've been told this information was once classified as "Above Top Secret" and that this information was never intended to be released to the public! The Blue Planet Project Book contains all the amazing notes and drawings made by the scientist. The scientist visited various UFO crash sites, and the notes and drawings were allegedly made from those visits. It is believed that this anonymous scientist (more info revealed in book) was contracted by the government over several years to visit all crash sites, interrogate captured Alien Life Forms and analyze all data gathered from that endeavor. This book compiled from what is believed to be the original and complete information. In keeping with the format of the original information that was in a binder format, this book has been published in a full size 8.5 x 11 page size and bound in a comb binding format. This makes it easier to lay flat and open pages fully for easier reading and studying. We believe this to be the most complete, accurate and highest quality version of this book available. Be cautious of inferior editions and eBook versions which have been reported by reviewers to be of inferior quality and may be difficult to read.

The Encyclopedia of Moon Mysteries - Constance Victoria Briggs 2019-03-19

Our moon is an enigma. The ancients viewed it as a light to guide them in the darkness, and a god to be worshipped. In modern times, it has been taught that the Moon is simply a dead rock that is caught in Earth's gravity, with no activity. As a researcher of metaphysical, paranormal and

cosmic subjects, I have come across stories and information about the Moon that tell us that indeed there is activity there, and there has been for generations. Just who or what is causing the commotion is a mystery. There are stories that suggest that the Moon is home to extraterrestrials, theories that it is not a natural satellite, tales of anomalous lights, and tales that NASA astronauts saw extraterrestrial ships and ruins of an ancient civilization there. There is a rumor that Apollo 13 was saved by extraterrestrials. Another story states that there are extraterrestrial bases on the Moon. There is even a tale that states that a part of the kingdom of Atlantis was once located there. Some even believe that there are cities beneath the surface of the Moon. There is an interesting account of a government employee using remote viewing as a means of seeing what is on the Moon. His experience is eye-opening! This is just a sample of the information that will be in *The Encyclopedia of Moon Mysteries: Secrets, Conspiracy Theories, Anomalies, Extraterrestrials and More*. For example, did you know that:

- Aristotle and Plato wrote about a time when there was no Moon? They even gave a name of an ancient tribe of people that lived during that moonless period.
- several of the NASA astronauts reported seeing UFOs while traveling to the Moon?
- the Moon might be hollow?
- Apollo 10 astronauts heard strange "space music" when traveling on the far side of the Moon?
- strange and unexplained lights have been seen on the Moon for centuries?
- there are said to be ruins of structures on the Moon?
- there is an ancient tale that suggests that the first human was created on the Moon?
- that radio signals have been detected coming from the Moon?
- that famed astronomer Sir John Herschel saw unidentified lights above the Moon during an eclipse?
- that ancient Bolivian symbols tell us that the Moon came into Earth's orbit around 12,000 years ago?
- a psychic was used by the government to relay information about the Moon?

The book is separated into A to Z sections for easy reference and reading.

The UFO Experience Reconsidered - Moon Books Schooner Moon Books 2008-02-01

This book was inspired by, and is loosely based on, "The UFO Experience: A Scientific Inquiry" (1972) by the late Dr. J Allen Hynek. Dr. Hynek's book is generally considered to be the most influential book ever written about UFOs, but much has happened since 1972. This new book not only brings us up-to-date, but extrapolates on current science whenever possible. Perspectives are offered in three basic categories: natural causes, domestic technology, and alien technology. But perhaps more importantly a new way of looking at the phenomena is proposed that has been largely overlooked by other authors, and which finds itself at home in any of these three possibilities. The reader will not find discussion of conspiracy theories, accounts of abductions, or metaphysical and supernatural hypotheses. However, one will find speculations about possible alien visitations, what alien technology might be capable of, or what the distant future might hold.

Antarctica and the Secret Space Program - David Childress 2020-05-20

David Childress, popular author and star of the History Channel show *Ancient Aliens*, brings us the incredible tale of Nazi submarines and secret weapons in Antarctica and elsewhere. He looks into the strange life and death of Rudolf Hess, as well as the mystery of James Forrestal and the secret group called MJ-12. He examines Operation Highjump led by Admiral Richard Byrd in 1947 and the battle that he apparently had in Antarctica with flying saucers. Through "Operation Paperclip," the

Nazis infiltrated aerospace companies, banking, media, and the US government, including NASA and the CIA after WWII. He reveals that the Nazis had built secret bases in a variety of places during WWII, including Greenland, the Canary Islands, Tibet and Antarctica. Childress discusses the secret U-boat fleet that patrolled the Atlantic and Antarctic Oceans for decades after the war. He looks into the secret German space program and its flying disks and tubular aircraft; the secret technology involved, including anti-gravity propulsion technology; underground and under ice bases; strange things happening in South America; and secret bases on the Moon and Mars. Childress looks at the possible merger of Nazi assets in Antarctica with the Americans' and the use of Antarctica as a space base for traffic to secret space stations in orbit and below the surface of the Moon. The author looks at military space programs such as Solar Warden, Lunex and Project Horizon. Does the US Space Force have a secret space program that maintains huge ships in orbit around the Earth and employs hundreds of astronauts as crew for these vehicles? Includes a 16-page color section.

Hidden Agenda - Mike Bara 2016-08-28

Space expert Bara delves into the secret space program, examining the possibility that there are secret bases on the Moon, and exploring the many other rumors surrounding the military's secret projects in space. Starting with the mysterious airship flap of 1897, tracing its possible origin to a 19th century Prussian secret society, Bara posits that man has had anti-gravity technology for quite a long time. What else doesn't the public know? Bara brings to light a lot of evidence showing that there is plenty.

- On June 8, 1959, a group at the Army Ballistic Missile Agency produced for the U.S. Army a report entitled Project Horizon, a "Study for the Establishment of a Lunar Military Outpost." The permanent outpost was predicted to cost \$6 billion and was to become operational in December 1966 with twelve soldiers stationed at the Moon base. Did this happen?
- The Brookings Report drawn up at the inception of NASA said we could expect to find alien artifacts in our exploration of space. Did NASA and the Pentagon find evidence of alien bases on the Moon? Did the Apollo 12 astronauts deliberately damage the mission's TV cameras in order to hide their explorations of one of these bases?
- Does hacker Gary Mackinnon's discovery of defense department documents identifying "non-terrestrial officers" serving in space mean that the U.S. has clandestine space platforms designed to fight a war with an alien race? And, have civilian observers here on Earth photographed these secret military space platforms? Bara explores the evidence surrounding these questions and more in this explosive book. He maintains that aside from the actual secret space program, even the public space program—NASA—has at its core a secret agenda. Bara also examines the many allegations that the government has long been clandestinely working with aliens in various covert programs.

Ancient Aliens on Mars II - Mike Bara 2014-06-02

In *Ancient Aliens on Mars II*, New York Times bestselling author Mike Bara returns the reader to Mars to examine the enduring mysteries of the Red Planet. Building on the case made in *Ancient Aliens on Mars* and using data acquired from sophisticated new scientific instruments like the Mars Odyssey THEMIS infrared imager, Bara shows that the region of Cydonia overlays a vast

underground city full of enormous structures and devices that may still be operating. He peels back the layers of mystery to show images of tunnel systems, temples and ruins, and exposes the sophisticated NASA conspiracy designed to hide them and discredit the researchers that discovered these exotic ruins. Bara also tackles the enigma of Mars' hollowed out moon Phobos, and exposes evidence from over 30 years of observations that it is artificial. Long-held myths about Mars, including claims that it is protected by a sophisticated UFO defense system, are examined and illuminated. Data from the Mars rovers Spirit, Opportunity and Curiosity is examined; everything from fossilized plants to mechanical debris is exposed in images taken directly from NASA's own archives. Finally, the author offers his take on the secret history of the Red Planet and what happened to the highly advanced civilization that once flourished there.

Someone Else Is on the Moon - Pane Andov 2019-05-17

Till the present day there is sufficient evidence that a civilization already exists on the Moon. A civilization that is not ours and that has been there for a long time...Since July 20, 1969, the entire human population has been deliberately misled to believe that humans have traveled to the Moon and back via convectional Apollo spacecraft. Since then, one cannot argue that it is still one of the biggest hoaxes ever pulled by the Illuminati. This so-called Illuminati bloodline structure through occult powers, highly advanced technology and the monetary system rule the entire human population on Earth. They do not just rule the elected governments around the world, but they also rule the so-called "Shadow Government", as well all of the secret societies including the most spread one - Masonic secret society. The Masonic secret society members have been infiltrated in all levels of human society for at least a few centuries, they run the highest levels of elected governments, control the entire military-industrial complex, intelligence and surveillance agencies including NSA, they are the CEOs of the world's major banks, the most powerful international corporations, they own the world leading media and are at the top of all religious systems. They control the scientific world and all the space agencies, including NASA. All UFO data and other space anomalies are filtered and forbidden to be released to the public under the excuse that it is a matter of National Security. Bottom-line, today we live in a fully controlled world where the civilians of all countries around the world only know so little of what is really going on the planet or in space that it is embarrassing to even discuss about it. However, there is a small percentage of humans that seems immune to all sorts of subtle manipulation and deception and makes enormous efforts to pursue the truth of what is really happening on "our" planet and what is the true nature of the reality we are living today. Over the last two decades, more and more evidence has been gathered, which triggered further investigation about the Apollo lunar landings. After taking everything into consideration, the conclusion is that the humans were not up to the technological challenge to reach the Moon and safely come back to Earth in those days. The main argument that cannot be ignored is the deadly radiation of the Van Allen Radiation belts against which Apollo missions crew didn't have adequate protection from. The space suits used in those days compared to one astronaut's are using today were very simple and primitive and provided only limited protection from space radiation exposure. Not to be understood wrong, this book does not claim that the humans did not visit Moon, but on the contrary. Humans, even they established some form of bases there, but they didn't go there with the Apollo conventional spacecraft but with experimental or to be more accurate with alien back-engineered flying technology, acquired either through numerous of UFO crash sites or as gift from certain manipulative alien groups that the Shadow Government got in contact with at the time. Both Soviet and United States unmanned spacecraft started to send back strange photos from the dark side of the moon. The top military scientists of both countries were scratching their head while examining the photos that were showing huge and tall artificial towers, entire structures, roads, bridges and strange flying objects of many sizes and shapes emitting strange pulses of light. In other words, the received photo evidence from the space programs was showing evidence of a civilization that already exist on the Moon. A civilization that is not ours and that has been there for a long time...

There are No Alien Bases on the Moon - Francis G. Graham 1985

Ken's Moon! - Ken Johnston 2018-03-22

The story of Ken Johnston's archive of historic NASA photos and his decision to go public with evidence of the manipulation of those images from the Apollo moon missions is the stuff of legend in the alternative history community. The basic story is that Ken discovered a disturbing situation in the secret halls of our hallowed space agency. At the Lunar Receiving Laboratory, Ken was the Director of the Data and Photo Control Department, responsible for all the photographs and data generated by the contributing scientists from around the world. He also produced and edited the NASA Lunar Sample Information Catalog for each of the Lunar landing missions. One day, Ken enters the room where he sees strange activity. Given that he feels a sense of responsibility for the integrity of the NASA collection, he inquires as to what is going on. He spoke with several people who called themselves "strippers" because they were stripping out details in lunar images that might be hard to explain. That day, they were at the task of painting out the stars in particular lunar images. The unusually lame excuse given was that the stars in the lunar sky would "confuse people." This was alarming for Ken to discover. He found out also that "smudging out" anomalies on images was commonplace. Ken's story could be counted as a minority report in NASA's branded panorama of American heroics. The US Government and the American people had allocated significant financial and other resources toward the goal of reaching the moon at the behest of our young President Kennedy. The idea was to see what was there, to share that information to the world, and elevate the knowledge of mankind. To discover that the artifacts of that effort might have been manipulated was highly disappointing. It is this scenario being asserted by Ken Johnston, the very human being, who at one time, had watch over the chain of evidence.

We Discovered Alien Bases on the Moon 2 - GAF International 2014-01-01

Strange Sightings on the Moon, Mars, and In Space - Martin K. Ettington

Most of my books on Aliens and UFOs are about evidence of them existing on Earth. However, there are also many unusual sightings in space which is the subject of this book. These sightings cover the following locations: UFOs flying around the International Space Station Bases and UFOs on the Moon Strange sightings on Mars taken by our Martian rovers. In deep space elsewhere in the Solar System These pictures may or may not be real alien life or UFO technologies, but they are fascinating none the less. Some of the sightings like the face in Cydonia are just a result of our natural abilities to see living forms in many types of pictures. But some may turn out to be real phenomena. Certainly, some of these sightings can't be anything other than real UFOs. If you want to learn about strange sightings in the Solar System outside of Earth, then this book is for you.

The Occult Connection II - Ken Hudnall 2004-10

For the most part, mainstream science dismisses stories about early civilizations such as Atlantis as myth. Kendall discusses the very real possibility that descendants of the survivors of the mother civilizations work in the shadows to rule mankind.

Suppressed Inventions and Other Discoveries - Jonathan Eisen 2001-01-01

A scientist with a revolutionary cure for AIDS is incarcerated without explanation. Valuable artifacts are mysteriously misplaced by a prominent archaeological institution. Three celebrated astronauts perish in a suspicious fire after voicing their criticism of the US space program. Yet our world's most powerful agencies hastily dispel these alarming reports as conspiracy theories, and bury them in padlocked archives. The fact is that a suppression syndrome exists in our society. Suppressed Inventions and Other Discoveries exposes the startling degree of truth behind the rumors. Jonathan Eisen has collected over forty intriguing stories of scientific cover-ups and programs of misinformation concocted to conceal some of the most phenomenal innovations in mankind's history. These no-holds-barred accounts force us to confront the naiveté—and

danger—of trusting our academic and political leaders to act always for the common good. Suppressed Inventions and Other Discoveries presents documented evidence that corporate self-interest, scientific arrogance, and political savvy have contrived to keep us in the dark about technological breakthroughs or interplanetary contact that may shift the current balance of power. Prepare yourself for a revealing look at the research and development to which we've been denied access. Suppressed Inventions and Other Discoveries begins by examining the ties that bind the medical establishment to powerful pharmaceutical corporations. Then it details the struggle of the independent research against Orthodox Science and its code of conduct, the Scientific Method. Next, the book investigates the cover-up of information concerning UFOs and extraterrestrial life that's certain to make you reconsider what you thought was science fiction. The final section discusses just a few of the numerous alternate energy resources and fuel savers that, if put on the market today, would soon run the fossil fuel monopolies out of business.

Armada - Ernest Cline 2015-07-14

From the author of Ready Player One, a rollicking alien invasion thriller that embraces and subverts science-fiction conventions as only Ernest Cline could. Zack Lightman has never much cared for reality. He vastly prefers the countless science-fiction movies, books, and videogames he's spent his life consuming. And too often, he catches himself wishing that some fantastic, impossible, world-altering event could arrive to whisk him off on a grand spacefaring adventure. So when he sees the flying saucer, he's sure his years of escapism have finally tipped over into madness. Especially because the alien ship he's staring at is straight out of his favorite videogame, a flight simulator called Armada--in which gamers just happen to be protecting Earth from alien invaders. As impossible as it seems, what Zack's seeing is all too real. And it's just the first in a blur of revelations that will force him to question everything he thought he knew about Earth's history, its future, even his own life--and to play the hero for real, with humanity's life in the balance. But even through the terror and exhilaration, he can't help thinking: Doesn't something about this scenario feel a little bit like...well...fiction? At once reinventing and paying homage to science-fiction classics as only Ernest Cline can, Armada is a rollicking, surprising thriller, a coming-of-age adventure, and an alien invasion tale like nothing you've ever read before.

Have Space Suit, Will Travel - Robert A. Heinlein 2005-02-08

A high school senior wins a space suit in a soap jingle contest, takes a last walk wearing "Oscar" before cashing him in for college tuition, and suddenly finds himself on a space odyssey.

Ancient Aliens on the Moon - Mike Bara 2012-09-15

Researcher and Dark Mission coauthor Bara reveals here that ancient entities, possibly of extraterrestrial origin, lived on Earth long ago and established bases in various locations throughout the solar system, our Moon being one of them! If there were ancient aliens on Earth and the Moon eons ago, what were they doing? How may they have intervened in the development of life on Earth? What did NASA find in its explorations of the solar system that may have been kept from the general public? Photographic evidence suggests that the space agency discovered ruined structures on other orbs, including the Moon. How ancient really are these ruins on the Moon? And what happened to the builders of them? Using official NASA and Russian photos of the Moon, Bara looks at vast cityscapes and domes in the Sinus Medii region as well as glass domes in the Crisium region. Bara also takes a detailed look at the mission of Apollo 17 and the claim that this was a salvage mission, primarily concerned with investigating an opening into a massive hexagonal ruin near the landing site. He investigates the theories and evidence that the Moon may be an artificial structure, and examines the history of lunar anomalies. He also identifies amazing artifacts such as the Factory, The Village and the Ziggurat! A must-read for fans of extraterrestrial archeology! Book jacket.

Alien Interview - Lawrence R. Spencer 2008-01-01

The content of this book is the letter, Top Secret interview transcripts and personal notes received from the late Matilda O'Donnell MacElroy, an Army Air Force nurse who stationed at the Roswell

Army Air Field 509th Bomb Group. Her letter asserts that this material is based on a series of interviews she conducted with an extraterrestrial being as part of her official duty as a nurse in the U.S. Army Air Force. During July and August she interviewed a saucer pilot who crashed near Roswell, New Mexico on July 8th, 1947. The being identified itself as an officer, pilot and engineer of The Domain Expeditionary Force, a race of beings who are using the asteroid belt in our solar system as a intergalactic base of operations.

The Alien Tide - Tom Dongo 1990-01-01

"I would venture a guess that if someone were to go to a place such as Syracuse, Little Rock, San Antonio, Key West, Pocatello, Des Moines, or Spokane and dig around for two years as I did here, that person would come up with as much material as I have about Sedona. The following incidents and encounters are a broad representation of UFO/ET encounters by area residents and visitors. My opinion is that many of these incidents resulted in the abduction of the individuals involved. I have talked at length with most of these people. It's difficult to put into words the sincerity and concern that was reflected in their voices and faces about what they had experienced. When a mature man or woman breaks down emotionally over a UFO experience they are reliving in an interview, this is to me strong evidence that the person is not lying or simply making up a story. I feel fortunate to have shared in their experiences, and I share in turn these experiences here with you."

Penetration - Ingo Swann 2018-09-02

Ingo Swann -- renowned psi researcher -- reveals a long-held secret series of experiences with a "deep black" agency whose apparent charter was simple: UFOs and extraterrestrials on the moon and worries about ET telepathic/mind control powers. The agency was so secret that it had no paper trail, and hence no written secrecy agreements. Only the verbal ones, which in Ingo's case expired several years ago. Now, in this era of burgeoning UFO "glasnost," he tells a story of meetings held in a secret underground facility not far from Washington DC, and of being taken to a remote location near the Arctic Circle to witness the expected arrival of a huge UFO over the surface of an Alaskan lake. This book discusses undeveloped human telepathy and contrasts it with the probable existence of fully developed alien telepathy, which may have many different forms. Ingo also explores the fact that we officially know far more than we're admitting about the Moon -- its origins, its atmosphere, its occupants and many other unusual features. Penetration is about one of the means by which we can learn more about those not of this earth (and vice-versa) -- telepathy. Do we have the means to answer some very important questions that many have been asking for quite a long time? Inside this book are the answers to some.
