A Buzz in the Meadow - Dave Goulson 2014-09-04

A fascinating look at the insect world found in one field in France - and how important that world is to all of us - from the author of the Sunday Times bestseller *A Sting in the Tale*. In 2003 Dave Goulson bought a derelict farm in the heart of rural France, together with 33 acres of

surrounding meadow. Over the course of a decade, he created a place for his beloved bumblebees to thrive along with myriad insects of every kind. In this book you will learn how a deathwatch beetle finds its mate, about the importance of houseflies, why butterflies have spots on their wings, about dragonfly sex, bed-bugs and wasps. But it is also a wake-up call, urging us to cherish and protect life on earth in all its forms. *A Buzz in the Meadow* is a captivating look at our natural world and a call to arms for nature-lovers everywhere.
