The Brotherhood of Book Hunters - Raphaël Jerusalmy 2014-11-04

The Da Vinci Code meets Stephen Greenblatt's The Swerve in this erudite adventure story set at the dawn of the printed book about the outlaw poet François Villon and the power of words to change the world. François Villon, the world's first poet of modernity, was born in Paris in 1431. He was arrested and condemned to death by hanging in 1462 and exonerated in 1463. Shortly after his release from prison, as far as history is concerned, he disappeared forever. In Raphaël Jerusalmy's thrilling novel, to ensure his release, Villon has accepted a shady deal offered by the Bishop of Paris at the behest of Louis XI. All Villon has to do to earn his freedom is to convince a printer and bookseller to move from Mayence to Paris, telling him that by doing so he'll be better able to circulate progressive ideas that aren't approved of in Rome. Not surprisingly, Villon's task becomes more complicated than it first seemed. With this riveting tale of plots and counterplots involving secret organizations in Jerusalem, intrigue in France, and brigands in Italy, Raphaël Jerusalmy leaves readers with their hearts racing and their imaginations stirred. The Brotherhood of Book Hunters is an irresistible read for lovers of books, adventure, and fine writing.

The Son - Michel Rostain 2013-05-23

Selected for the Waterstones Eleven list for 2013. We first meet Michel eleven days after the death of his son Lion. Lion was lost, suddenly, to a virulent strain of meningitis and it's left his father and entire family reeling. We join Michel on his personal journey through grief, but the twist that makes the journey truly remarkable, and tips this true story into fiction, is the fact that we see it all through Lion's eyes. In a stunningly original blurring of memoir and fiction, THE SON tackles the very hardest of subjects in the most readable of ways. Michel Rostain resolutely ducks away from sentimentality and pathos, and tells his story instead with wit, wisdom and vitality. For this is not a book about death; it's a book about life.

Correspondence, 1932-1960 - Albert Camus 2003-01-01

As a philosophy teacher, mentor, and friend, Jean Grenier (1898-1971) had an enormous influence on the young Albert Camus (1913-1960), who, in fact, acknowledged that Grenier's *Les Iles* had touched the very core of his sensibility and provided him with both a terrain for reflection, and a format that he would later use for his own essays. Their correspondence, beginning when the seventeen-year-old Camus was Grenier's student at the Grand Lycée of Algiers, documents the younger man's struggle to become a writer and find his own voice, a period in which he turned frequently to his mentor for advice, comfort, and direction. The letters cover a period of almost thirty years, from 1932 to Camus's untimely death in 1960. Because Camus destroyed the earlier correspondence he received, the first twenty-six letters in the volume are his only; the full begins in 1940. These enlightening letters offer invaluable glimpses into the development of Camus's aesthetic ideas, literary production, and political stance. In contrast to the correspondence of Grenier, who throughout remains somewhat reticent about his life and doubtful about himself and his works, Camus's letters are a window into his most profound thoughts and sensitivities, delving deeply into his psyche and, at times, revealing a side of the writer unfamiliar to us. Undoubtedly they allow us a better understanding of Albert Camus, the man and the artist.
