The Works of Francis Bacon, Baron of Verulam, Viscount St. Alban, and Lord High Chancellor of England. In Ten Volumes - Francis Bacon 1803

The Book of Prescriptions - Henry Beasley 2022-03-31
Reprint of the original, first published in 1865. Containing 3000 prescriptions, collected from the practice of the most eminent physicians and surgeons, English, French, and American. Comprising also, a compendious history of the materia medica, lists of the doses of all officinal or established preparations, and an index of diseases and remedies.

In Laudem Iustini Augusti Minoris - Flavius Cresconius Corippus 2000-12-01

The few scraps of information which we have about Flavius Cresconius Corippus come almost exclusively from his two poems, the *Iohannis* and the *In laudem Iustini Augusti minoris*. Despite this he was still the last important Latin author of Late Antiquity. Corippus's poem on the accession of Justin II is considered a most unusual work. Unlike the *Iohannis*, so far as we know the only other product by the same author, it tells of no epic battles against barbarian peoples. Instead we have a narrative poem, covering in great detail the accession of an emperor, the first week of his reign and (in part, for the poem breaks off before the end) his inauguration as consul. This is the first book to utilize or interpret this immensely valuable body of evidence as a whole. Cameron has contributed to one of the most urgent tasks of modern scholars of late antiquity and (still more) of the Byzantine period-the provision of a readable text with translation and commentary of this important work which until now was only available in plain and inadequate editions.

Oxford Latin Reader - M. G. Balme 1997

Used along side any Latin course, the Oxford Latin Reader will give students access to, and confidence with, a broad range of unadapted Latin texts. Helps make the transition from adapted Latin to unadapted texts. Extracts are of a manageable length and a glossary of difficult vocabulary and usages aid students to approach the texts with confidence. A historical timeline matches major events with the featured authors' lives. The Teacher's Book provides full translations to save time as well as suggested questions and additional background information.

Medical Lexicon - Robley Dunglison 1839

The Works of Lord Bacon - Bacon 1879

The Works of Francis Bacon - Francis Bacon 1802

A Latin-English Dictionary - John T. White 2017-10-29
Excerpt from A Latin-English Dictionary: For the Use of Junior Students. Abridged from the Larger Work of White and Riddle. As the suffix always forms the last portion of a word, and follows the hyphen in simple words and the last hyphen in compound words, it has not been thought necessary to repeat in any instance what it is, inasmuch as it is self-evident. Where no suffix is used, the fact will appear in the statement given of the origin of the word. Such is the outline of the plan upon

which the leading words in this work are printed; a plan which, it is confidently believed, will go far to render an acquaintance with the mode of formation, and the etymological meaning, of words in general, comparatively easy even to persons beginning to study the Latin language. Should further insight into these matters be desired, it may be obtained from the work already mentioned. Latin Suffixes. Much, also, will soon be procurable from the forthcoming Public Schools Latin Grammar, especially with regard to letter-changes, and the construction of the cases of nouns and of the perfect tenses and the supines of verbs. From an examination of that work, which has been courteously conceded to the author of this Dictionary, in common with certain others engaged in educational pursuits, he is enabled to speak of the effort to harmonize grammatical teaching in this country as being, in his judgment, most skilfully carried out, and likely to be hailed as a great boon by all who can appreciate the advantages that cannot but accrue from the general adoption of one standard Grammar for the primary instruction of youth. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com. This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Aphorismi de Cognoscendis Et Curandis Morbis - Herman Boerhaave 2018-11-13

Art and Text in Byzantine Culture - Liz James 2010-10-18

Art and Text in Byzantine Culture explores the relationship between images and words, and examines the different types of interactions between pictures and texts in Byzantine art. Byzantium is the only major world power to have experienced political upheaval on a vast scale as a result of an argument about art. Consequently, the dynamic between art and text in Byzantium is essential to understanding Byzantine art and culture. It allows us to explore the close linking of image and word in a society where the correct relationship between the two was critical to the well-being of the state. Composed of specially-commissioned essays written by an international team of scholars, this volume analyzes how the Byzantines wrote about art, how images and text work together in Byzantine art, and how the words written on Byzantine artworks contribute to their meaning.

John Amos Comenius, Bishop of the Moravians - Simon Somerville Laurie 1892

Visible World : Or, A Nomenclature, and Pictures Of All the Chief Things that are in the World - Jan Amos Komenský 1705

Thesaurus Linguae Latinae Compendiarius; Or, a Compendious Dictionary of the Latin Tongue ... - Robert Ainsworth 1746

Martial, Book VII. A Commentary - Guillermo Galán Vioque 2017-09-18

This is the first comprehensive commentary –line by line and word by word- on the seventh book of the epigrams of Martial. Literary, linguistic and metrical matters are examined in depth, and special attention is paid to the relationship with the poet's other books and with the rest of Greek and Latin Literature, as well as to the

use of recurrent motifs, obscene language, puns, double meanings and proper names.

The Gypsies - Angus Fraser 1995-02-23

Since their unexplained appearance in Europe over nine centuries ago, the Gypsies have refused to fall in with conventional settled life. They remain a people whose culture and customs are beset with misunderstanding, and who cling to their distinct identity in the teeth of persistent rejection and pressure to conform. This book describes their history.

C. Plinii Caecilii Secundi epistularum - Pliny (the Younger.) 1899

North American Cambridge Latin Course Unit 1 Student's Book - Cambridge School Classics Project Founda 2015-08-10

The world's bestselling introductory Latin course.

Franco-Gallia - Francis Hotoman 2020-07-29

Reproduction of the original: Franco-Gallia by Francis Hotoman

Oxford Latin Course - M. G. Balme 1999-06

Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and

habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English

concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

Aristophanis Comoediae Undecim, Graece Et Latine - Aristophanes 1760

The Language of Roman Letters - Olivia Elder 2019-10-03
Explores in depth how bilingualism in the correspondence of elite Romans illuminates their lives, relationships and identities.

Of the Wood Called Guaiacum - Ulrich von Hutten 1533
