The Thinking Space - Leona Rittner 2016-03-03

The cafe is not only a place to enjoy a cup of coffee, it is also a space - distinct from its urban environment - in which to reflect and take part in intellectual debate. Since the eighteenth century in Europe, intellectuals and artists have gathered in cafes to exchange ideas, inspirations and information that has driven the cultural agenda for Europe and the world. Without the café, would there have been a Karl Marx or a Jean-Paul Sartre? The café as an institutional site has been the subject of renewed interest amongst scholars in the past decade, and its role in the development of art, ideas and culture has been explored in some detail. However, few have investigated the ways in which cafés create a cultural and intellectual space which brings together multiple influences and intellectual practices and shapes the urban settings of which they are a part. This volume presents an international group of scholars who consider cafés as sites of intellectual discourse from

across Europe during the long modern period. Drawing on literary theory, history, cultural studies and urban studies, the contributors explore the ways in which cafes have functioned and evolved at crucial moments in the histories of important cities and countries - notably Paris, Vienna and Italy. Choosing these sites allows readers to understand both the local particularities of each café while also seeing the larger cultural connections between these places. By revealing how the café operated as a unique cultural context within the urban setting, this volume demonstrates how space and ideas are connected. As our global society becomes more focused on creativity and mobility the intellectual cafés of past generations can also serve as inspiration for contemporary and future knowledge workers who will expand and develop this tradition of using and thinking in space.

Selected Poems and Letters - Arthur Rimbaud
2004-09-02

A phenomenally precocious schoolboy,

Downloaded from id-blockchain.idea.gov.vn on by guest

Rimbaud was still a teenager when he became notorious as Europe's most shocking and exhilarating poet. During his brief 5-year reign as the enfant terrible of French literature he produced an extraordinary body of poems that range from the exquisite to the obscene, while simultaneously living a life of dissolute excess with his lover and fellow poet, Verlaine. At the age of 21, he abandoned poetry and travelled across Europe before settling in Africa as an arms trader. This edition sets the two sides of Rimbaud side by side with a sparkling translation of his most exhilarating poetry and a generous selection of the letters from the harsh and colourful period of his life as a colonial trader.

Collected Poems - Arthur Rimbaud 2001-06-07
'Rimbaud, the poet of revolt, and the greatest' Albert Camus Rimbaud is the enfant terrible of French literature, the precocious genius whose extraordinary poetry is revolutionary in its visionary, hallucinatory content and its often liberated forms. He wrote all his poems between the ages of about 15 and 21, after which he turned his back on family, friends, and France to roam the world. In his final years he was a trader in the Horn of Africa. Out of the brief, colourful life and the poetry of sensory wildness has been created the myth of Rimbaud, an enduring icon of youth, rebellion, and freedom. But behind the myth lies a poetic adventure of high ambition and painful rigour, poignant yet heroic. Rimbaud is one of the greatest French poets of all times. This bilingual edition provides

all of Rimbaud's poems, with the exception of his Latin verses and some small fragments. It also includes some of his prose pieces, chosen because they offer a commentary on his poetic concerns. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Adolphe Adam, Master of the Romantic Ballet, 1830-1856 - Robert Ignatius Letellier
2023-01-26

The composer Adolphe-Charles Adam (1803-1856) is particularly famous for the Christmas anthem 'Minuit chrétiens' ('O Holy Night'). He was renowned as a composer for the lyric stage. With Boïeldieu, Hérold and Auber,

Adam forms one of the quartet of masters that represent the second school of that profoundly French genre of opéra-comique, producing the charming *Le Chalet* (1834) and the adorable and enduringly popular *Le Postillon de Lonjumeau* (1836). However, Adam's greatest originality and most substantial achievement lay in the field of ballet. *Giselle* (1841) is the quintessence of mystical Romanticism and one of the most enduring works of the dance repertoire. His series of ballets, principally for the Paris Opéra, but also for London, St Petersburg and Berlin, helped to establish this genre as a serious and integral musical form. His last work *Le Corsaire* (1856) attains sublime heights. This book concentrates on the dance aspect of Adam's art, examining his 14 works in this genre in the context of the emergence and efflorescence of the Romantic ballet within the vibrant musical scene in Paris from 1830-1860.

Rimbaud Complete - Arthur Rimbaud

2013-03-27

Enduring icon of creativity, authenticity, and rebellion, and the subject of numerous new biographies, Arthur Rimbaud is one of the most repeatedly scrutinized literary figures of the last half-century. Yet almost thirty years have elapsed without a major new translation of his writings. Remediating this state of affairs is *Rimbaud Complete*, the first and only truly complete edition of Rimbaud's work in English, translated, edited, and introduced by Wyatt Mason. Mason draws on a century of Rimbaud scholarship to choreograph a superbly clear-eyed presentation of the poet's works. He arranges Rimbaud's writing chronologically, based on the latest manuscript evidence, so readers can experience the famously teenaged poet's rapid evolution, from the lyricism of

“Sensation” to the groundbreaking early modernism of *A Season in Hell*. In fifty pages of previously untranslated material, including award-winning early verses, all the fragmentary poems, a fascinating early draft of *A Season in Hell*, a school notebook, and multiple manuscript versions of the important poem “O saisons, ô châteaux,” *Rimbaud Complete* displays facets of the poet unknown to American readers. And in his Introduction, Mason revisits the Rimbaud myth, addresses the state of disarray in which the poet left his work, and illuminates the intricacies of the translator’s art. Mason has harnessed the precision and power of the poet’s rapidly changing voice: from the delicate music of a poem such as “Crows” to the mature dissonance of the *Illuminations*, *Rimbaud Complete* unveils this essential poet for a new generation of readers.

Blood Royal - Eric Jager 2014-02-25

A riveting true story of murder and detection in 15th-century Paris, by one of the most brilliant

medievalists of his generation. On a chilly November night in 1407, Louis of Orleans was murdered by a band of masked men. The crime stunned and paralyzed France since Louis had often ruled in place of his brother King Charles, who had gone mad. As panic seized Paris, an investigation began. In charge was the Provost of Paris, Guillaume de Tignonville, the city's chief law enforcement officer -- and one of history's first detectives. As de Tignonville began to investigate, he realized that his hunt for the truth was much more dangerous than he ever could have imagined. A rich portrait of a distant world, *Blood Royal* is a gripping story of conspiracy, crime and an increasingly desperate hunt for the truth. And in *Guillaume de Tignonville*, we have an unforgettable detective for the ages, a classic gumshoe for a cobblestoned era.

[The Francophone Caribbean Today](#) - Gertrud Aub-Buscher 2003

The essays in this volume consider various

literary and linguistic aspects of the francophone Caribbean at the beginning of the twenty-first century, focusing particularly on the French Overseas Departments of Martinique and Guadeloupe, and the independent islands of Haiti and Dominica. The literary chapters are devoted to new voices in the region and the Caribbean diaspora, or to recent works by established authors. Contributors offer fresh interpretations of Caribbean literary movements and explore relevant nonliterary issues, such as socio-political developments which have influenced the writers of today. The linguistic chapters examine the dynamics of the respective roles of Creole and the European standard language and consider the present viability of Creole as a literary medium.

In Praise of Cinematic Bastardy - Sébastien Lefait 2012-03-15

Cinema may be called a bastard art in both meanings of the word: because it is usually defined as a hybrid art form, obviously, but also,

and perhaps more importantly, because it has been able to become formally as well as generically innovative mostly through adulterous relationships, thus making illegitimacy its grounding principle by preferring a blurred lineage to a legible succession. Trying to find what film is referred to in a sequence, therefore, amounts to establishing a clear family tree, which takes no account of the illegitimate unions, natural children and forgotten ancestors that are nevertheless part and parcel of film history. If that quest should still be conducted, its object, it seems, should not be one sole point of reference. The aim of this book is to create the opportunity of studying, and perhaps of rehabilitating, those shadowy corners of cinematographic creation and film memory, and to provide film studies, but also literature and Arts studies altogether, with a newly productive way of using such familiar notions as difference, quotation, reference, blending, hybridity, miscegenation or crossbreeding.

Encyclopedia of French Film Directors - Philippe Rège 2009-12-11

Cinema has been long associated with France, dating back to 1895, when Louis and Auguste Lumi_re screened their works, the first public viewing of films anywhere. Early silent pioneers Georges Méliès, Alice Guy Blaché and others followed in the footsteps of the Lumi_re brothers and the tradition of important filmmaking continued throughout the 20th century and beyond. In *Encyclopedia of French Film Directors*, Philippe Rège identifies every French director who has made at least one feature film since 1895. From undisputed masters to obscure one-timers, nearly 3,000 directors are cited here, including at least 200 filmmakers not mentioned in similar books published in France. Each director's entry contains a brief biographical summary, including dates and places of birth and death; information on the individual's education and professional training; and other pertinent details, such as real names

(when the filmmaker uses a pseudonym). The entries also provide complete filmographies, including credits for feature films, shorts, documentaries, and television work. Some of the most important names in the history of film can be found in this encyclopedia, from masters of the Golden Age_Jean Renoir and RenZ Clair_to French New Wave artists such as Fran_ois Truffaut and Jean-Luc Godard.
