The Green Hand and Other Stories - Nicole Claveloux 2017-11-28

Nicole Claveloux's short stories—originally published in the late 1970s and never before collected in English—are among the most beautiful comics ever drawn: whimsical, intoxicating, with the freshness and splendor of dreams. In hallucinatory color or elegant black-and-white, she brings us into lands that are strange but oddly recognizable, filled with murderous grandmothers and lonely city dwellers, bad-tempered vegetables and walls that are surprisingly easy to fall through. In the title story, written with Edith Zha, a new houseplant becomes the first step in an epic journey of self-discovery and a witty fable of modern romance—complete with talking shrubbery, a wisened-up genie, and one very depressed bird. This new selection, designed and introduced by Daniel Clowes, presents the full achievement of an unforgettable, unjustly neglected master of French comics. This NYRC edition is an oversized hardcover and features multiple extra-thick paper stocks, full color, and new English hand-lettering.

*Behold a Pale Horse* - William Cooper 2012-04-11

Bill Cooper, former United States Naval Intelligence Briefing Team member, reveals information that remains hidden from the public eye. This information has been kept in Top Secret government files since the 1940s. His audiences hear the truth unfold as he writes about the assassination of John F. Kennedy, the war on drugs, the Secret Government and UFOs. Bill is a lucid, rational and powerful speaker who

intent is to inform and to empower his audience. Standing room only is normal. His presentation and information transcend partisan affiliations as he clearly addresses issues in a way that has a striking impact on listeners of all backgrounds and interests. He has spoken to many groups throughout the United States and has appeared regularly on many radio talk shows and on television. In 1988 Bill decided to "talk" due to events then taking place worldwide, events which he had seen plans for back in the early '70s. Since Bill has been "talking," he has correctly predicted the lowering of the Iron Curtain, the fall of the Berlin Wall and the invasion of Panama. All Bill's predictions were on record well before the events occurred. Bill is not a psychic. His information comes from Top Secret documents that he read while with the Intelligence Briefing Team and from over 17 years of thorough research. "Bill Cooper is the world's leading expert on UFOs." -- Billy Goodman, KVEG, Las Vegas. "The onlt man in America who has all the pieces to the puzzle that has troubled so many for so long." -- Anthony Hilder, Radio Free America "William Cooper may be one of America's greatest heros, and this story may be the biggest story in the history of the world." -- Mills Crenshaw, KTALK, Salt Lake City. "Like it or not, everything is changing. The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate, the future is in your hands." -- William Cooper, October 24, 1989.

The Adventures of Herge - Jose-Louis Bocquet 2011-12-06

A GRAPHIC BIOGRAPHY OF TINTIN'S CREATOR by Jose-Louis Bocquet and Jean-Luc Fromental, Illustrated by Stanislas Barthélémy The Adventures of Hergé is a biographical comic about the world-renowned comics artist Georges Prosper Remi, better known by his pen name, Hergé.

Meticulously researched, with references to many of the Tintin albums and complete with a bibliography and mini-bios for each of the main "characters," the biography is appropriately drawn in Hergé's iconic clear line style as an homage to the Tintin adventures that have commanded

the attention of readers across the world and of many generations. Seven-year-old Hergé first discovered his love of drawing in 1914 when his mother gave him some crayons to stay out of trouble. He continued drawing in school when he fatefully met the editor of *XXe Siècle* magazine, where Tintin first appeared. His popularity skyrocketed from the 1930s through post-World War Two. Hergé was perceived by some to have aided the Nazi government in Belgium by continuing to publish Tintin in a government-sanctioned magazine, and he was briefly imprisoned in the aftermath of the war and narrowly escaped execution. Also covered are his marriage troubles in the 1950s and subsequent affair with Fanny Vlaminck, who went on to become his lifelong partner; his late career in the 1960s, as his interest in Tintin waned and he occasionally "disappeared" for weeks at a time as he contemplated giving up his career to become a fine-arts painter; and a recounting of a humorous encounter with Andy Warhol.

Hyper-Capitalism - Larry Gonick 2018-04-30

An acerbic graphic takedown of capitalism. In *Hyper-Capitalism*, cartoonist Larry Gonick and psychologist Tim Kasser offer a vivid and an accessible new way to understand how global, privatising, market-worshipping hyper-capitalism is threatening human wellbeing, social justice, and the planet. Drawing from contemporary research, they describe and illustrate concepts (such as corporate power, free trade, privatisation, and deregulation) that are critical for understanding the world we live in, and movements (such as voluntary simplicity, sharing, alternatives to GDP, and protests) that have developed in response to the system. Gonick and Kasser's pointed and profound cartoon narratives provide a deep exploration of the global economy and the movements seeking to change it, all rendered in clear, graphic — and sometimes hilarious — terms. In the process, they point the way to a healthier future for all of us.

**Bad Gateway** - Simon Hanselmann 2019-07-31

Owl is gone, Werewolf Jones has moved in, and everything as Megg and Mogg know it begins to fall apart. Hanselmann's comic premise of his previous graphic novels — eternally stoned, slacker roommates —

stretches at the seams as his characters reflect the psychological toll that their years of unsustainable, determined insouciance and self-medication has inflicted.

**Achtung-Panzer!** - Heinz Guderian 1995

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Zegas** - Michel Fiffe 2017-11-29

The ambitious Emily and her moody brother, Boston, are young adults who confront their new relationship dynamic in the face of a family tragedy that never gets talked about.

*Sam Zabel and the Magic Pen* - Dylan Horrocks 2015-01-18

Acclaimed cartoonist Dylan Horrocks returns with a long-awaited new graphic novel, the first since his perennial classic, 1998's *Hicksville*. Cartoonist Sam Zabel hasn't drawn a comic in years. Stuck in a nightmare of creative block and despair, Sam spends his days writing superhero stories for a large American comics publisher and staring at a blank piece of paper, unable to draw a single line. Then one day he finds a mysterious old comic book set on Mars and is suddenly thrown headlong into a wild, fantastic journey through centuries of comics, stories, and imaginary

worlds. Accompanied by a young webcomic creator named Alice and an enigmatic schoolgirl with rocket boots and a bag full of comics, Sam goes in search of the Magic Pen, encountering sex-crazed aliens, medieval monks, pirates, pixies and — of course — cartoonists. Funny, erotic, and thoughtful, *Sam Zabel and the Magic Pen* explores the pleasures, dangers, and moral consequences of fantasy.

Once Paul has convinced the specters to perform in his film, all he has to do is keep his actors calm and his film costs low. But what about the 1/2 ghost at the story's end...! Rich Tommaso's newest comic, complete in one issue, might be described as a cross between Fellini's *8 1/2* and William Castle's *13 Ghosts* as reimagined by Jack Cole - but we think you'll agree there's never been anything like it! This title is saddlestitched, not perfect-bound.
