The American Senator - Anthony Trollope 2020-09-28

I never could understand why anybody should ever have begun to live at Dillsborough, or why the population there should have been at any time recruited by new comers. That a man with a family should cling to a house in which he has once established himself is intelligible. The butcher who supplied Dillsborough, or the baker, or the ironmonger, though he might not drive what is called a roaring trade, nevertheless found himself probably able to live, and might well hesitate before he would encounter the dangers of a more energetic locality. But how it came to pass that he first got himself to Dillsborough, or his father, or his grandfather before him, has always been a mystery to me. The town has no attractions, and never had any. It does not stand on a bed of coal and has no connection with iron. It has no water peculiarly adapted for beer, or

for dyeing, or for the cure of maladies. It is not surrounded by beauty of scenery strong enough to bring tourists and holiday travellers. There is no cathedral there to form, with its bishops, prebendaries, and minor canons, the nucleus of a clerical circle. It manufactures nothing specially. It has no great horse fair, or cattle fair, or even pig market of special notoriety. Every Saturday farmers and graziers and buyers of corn and sheep do congregate in a sleepy fashion about the streets, but Dillsborough has no character of its own, even as a market town. Its chief glory is its parish church, which is ancient and inconvenient, having not as yet received any of those modern improvements which have of late become common throughout England; but its parish church, though remarkable, is hardly celebrated. The town consists chiefly of one street which is over a mile long, with a square or market-place in the middle, round which a few lanes with queer old names are congregated, and a second small open space among these lanes, in which the church stands. As you pass along the street north-west, away from the railway station and from London, there is a steep hill, beginning to rise just beyond the market-place. Up to that point it is the High Street, thence it is called Bullock's Hill. Beyond that you come to Norrington Road, -Norrington being the next town, distant from Dillsborough about twelve miles. Dillsborough, however, stands in the county of Rufford, whereas at the top of Bullock's Hill you enter the county of Ufford, of which Norrington is the assize town. The Dillsborough people are therefore divided, some two thousand five hundred of them belonging to Rufford, and the remaining five hundred to the neighbouring county. This accident has given rise to not a few feuds, Ufford being a large county, with pottery, and ribbons, and watches going on in the farther confines; whereas Rufford is small and thoroughly agricultural. The men at the top of Bullock's Hill are therefore disposed to think themselves better than their fellow-townsmen, though they are small in number and not specially thriving in their

circumstances.

Boy and Going Solo - Roald Dahl 2016-09-13

Boy and Going Solo is the whole of Roald Dahl's extraordinary autobiography in one volume. Roald Dahl wasn't always a writer. Once he was just a schoolboy. Have you ever wondered what he was like growing up? In BOY you'll find out why he and his friends took revenge on the beastly Mrs Pratchett who ran the sweet shop. He remembers what it was like taste-testing chocolate for Cadbury's and he even reveals how his nose was nearly sliced off. Then in GOING SOLO you'll read stories of whizzing through the air in a Tiger Moth Plane, encounters with hungry lions, and the terrible crash that led him to storytelling. Roald Dahl tells his story in his own words - and it's all TRUE. And now you can listen to all of Roald Dahl's novels for children on Roald Dahl Audiobooks read by some very famous voices, including Kate Winslet, David Walliams and Steven Fry - plus there are added squelchy soundeffects from Pinewood Studios! Also look out for new Roald Dahl apps in the App store and Google Play- including the disgusting TWIT OR MISS! and HOUSE OF TWITS inspired by the revolting Twits.

Pink Mist - Owen Sheers 2017-04-04

From the author of I Saw a Man comes a powerful drama in verse that captures both the trauma of modern warfare and the difficulty of transitioning back to normal life after combat. In early 2008, three young friends from Bristol decide to join the army and are deployed to the conflict in Afghanistan. Within a short space of time the three men return to the women in their lives—a wife,

a mother, a girlfriend—all of whom must now share the psychological and physical aftershocks of military service. Written from the points of view of each soldier, Sheers explores not only their experiences in the field of battle, but also the grueling process of recovery following a debilitating injury, the strain of PTSD on a new marriage, and the emotional toll of survivor's guilt among soldiers and their loved ones at home. Drawing on interviews with soldiers and their families, Pink Mist illuminates the enduring human cost of war and its all too often devastating effect upon the young lives pulled into its orbit. A work of great dramatic power, documentary integrity, and emotional intensity.

The Kraken Wakes - John Wyndham 2008-08-07

It started with fireballs raining down from the sky and crashing into the oceans deeps. Then ships began sinking mysteriously and later sea tanks emerged from the deeps to claim people . . . For journalists Mike and Phyllis Watson, what at first appears to be a curiosity becomes a global calamity. Helpless, they watch as humanity struggles to survive now that water - one of the compounds upon which life depends is turned against them. Finally, sea levels begin their inexorable rise . . . The Kraken Wakes is a brilliant novel of how humankind responds to the threat of its own extinction and, ultimately, asks what we are prepared to do in order to survive.

The Poltergeist Prince of London - James Clark 2013-10-01

It began with a key. One afternoon in 1956, in the home of the Hitchings family in Battersea, south London, a small silver key appeared on Shirley Hitchings' bed. This seemingly insignificant event heralded the beginning of one of the most terrifying, incredible and

mysterious hauntings in British history. The spirit, who quickly became known as 'Donald', began to communicate, initially via tapping sounds, but over time - and with the encouragement of psychical researcher Harold Chibbett, whose case-files appear here - by learning to write. Soon, the spirit had begun to make simply incredible claims about his identity, insisting that he was one of the most famous figures in world history - but what was the truth? Here, for the first time, is the full story, told by the woman right at the heart of it all - Shirley herself.

A Study in Scarlet by Sir Arthur Conan Doyle - Sir Arthur Conan Doyle 2020-04-08

The First Appearance of Sherlock Holmes and Dr. Watson! *A Study in Scarlet* is an 1887 detective novel by Scottish author Arthur Conan Doyle. The story marks the first appearance of Sherlock Holmes and Dr. Watson, who would become the most famous detective duo in popular fiction. The book's title derives from a speech given by Holmes, a consulting detective, to his friend and chronicler Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet" "There's the scarlet thread of murder running through the colorless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it." A True Classic that Belongs on Every Bookshelf!

Broadcast Hysteria - A. Brad Schwartz 2015-05-05

On the evening of October 30, 1938, radio listeners across the United States heard a startling report of a meteor strike in the New Jersey countryside. With sirens blaring in the background, announcers in the field described mysterious creatures, terrifying war machines, and thick clouds of poison gas moving toward New York City. As the invading force approached Manhattan, some listeners sat transfixed, while others ran to alert neighbors or to call the police. Some even fled their homes. But the hair-raising broadcast was not a real news bulletin-it was Orson Welles's adaptation of the H. G. Wells classic *The War of the Worlds*. In *Broadcast*

Hysteria, A. Brad Schwartz boldly retells the story of Welles's famed radio play and its impact. Did it really spawn a "wave of mass hysteria," as *The New York Times* reported? Schwartz is the first to examine the hundreds of letters sent to Orson Welles himself in the days after the broadcast, and his findings challenge the conventional wisdom. Few listeners believed an actual attack was under way. But even so, Schwartz shows that Welles's broadcast became a major scandal, prompting a different kind of mass panic as Americans debated the bewitching power of the radio and the country's vulnerability in a time of crisis. When the debate was over, American broadcasting had changed for good, but not for the better. As Schwartz tells this story, we observe how an atmosphere of natural disaster and impending war permitted broadcasters to create shared live national experiences for the first time. We follow Orson Welles's rise to fame and watch his manic energy and artistic genius at work in the play's hurried yet innovative production. And we trace the present-day popularity of "fake news" back to its source in Welles's show and its many imitators. Schwartz's original research, gifted storytelling, and thoughtful analysis make *Broadcast Hysteria* a groundbreaking new look at a crucial but little-understood episode in American history.

Radio Drama - Tim Crook 2002-01-04

Radio Drama brings together the practical skills needed for radio dramas, such as directing, writing and sound design, with media history and communication theory. Challenging the belief that sound drama is a 'blind medium', *Radio Drama* shows how experimentation in radio narrative has blurred the dividing line between fiction and reality in modern media. Using extracts from scripts and analysing radio broadcasts from America, Britain, Canada and Australia, the book explores the practicalities of producing drama for radio. Tim Crook illustrates how far radio drama has developed since the first 'audiophonic production' and evaluates the future of radio drama in the age of live phone-ins and immediate

access to programmes on the Internet.

The Day of the Triffids - John Wyndham 2022-04-19

The influential masterpiece of one of the twentieth century's most brilliant—and neglected—science fiction and horror writers, whom Stephen King called “the best writer of science fiction that England has ever produced.” “[Wyndham] avoids easy allegories and instead questions the relative values of the civilisation that has been lost, the literally blind terror of humanity in the face of dominant nature. . . . Frightening and powerful, Wyndham's vision remains an important allegory and a gripping story.”—The Guardian What if a meteor shower left most of the world blind—and humanity at the mercy of mysterious carnivorous plants? Bill Masen undergoes eye surgery and awakes the next morning in his hospital bed to find civilization collapsing. Wandering the city, he quickly realizes that surviving in this strange new world requires evading strangers and the seven-foot-tall plants known as triffids—plants that can walk and can kill a man with one quick lash of their poisonous stingers.

British Playwrights, 1956-1995 - William W. Demastes 1996-10-23

The year 1956 marked a point when British drama and theater fell into the hands of a group of young playwrights who revolutionized the stage. During that time, playwrights such as Samuel Beckett and Harold Pinter made the British theater as rich, varied, and vital as any national theater in history. This reference chronicles the history of British theater from 1956 to 1995 by providing detailed information about the playwrights of that period. Included are entries for some three dozen British playwrights active between 1956 and 1995. Entries are arranged alphabetically to facilitate use. Each entry supplies biographical information, the production history for particular plays, a survey of the playwright's critical reception, an assessment of the dramatist's work, and primary and secondary bibliographies. A selected, general bibliography at the end of the volume directs the reader

to important sources of additional information about this period in theater history.

The War of the Worlds Illustrated - H G Wells 2021-03-30

The War of the Worlds is a science fiction novel by English author H. G. Wells, first serialised in 1897 by Pearson's Magazine in the UK and by Cosmopolitan magazine in the US. The novel's first appearance in hardcover was in 1898 from publisher William Heinemann of London. Written between 1895 and 1897, it is one of the earliest stories to detail a conflict between mankind and an extraterrestrial race. The novel is the first-person narrative of both an unnamed protagonist in Surrey and of his younger brother in London as southern England is invaded by Martians. The novel is one of the most commented-on works in the science fiction canon.

Rosencrantz and Guildenstern Are Dead - Tom Stoppard 2013-04-18

Rosencrantz and Guildenstern Are Dead is a play which, as it were, takes place in the wings of Hamlet, and finds both humour and poignancy in the situation of the ill-fated attendant lords. The National Theatre production in April 1967 made Tom Stoppard's reputation virtually overnight. Its wit, stagecraft and verbal verve remain as exhilarating as they were then and the play has become a contemporary classic. 'One of the most original and engaging of post-war plays.' Daily Telegraph

The BBC - David Hendy 2022-01-27

'Thorough and engaging ... you can't understand England without understanding the BBC' New York Times
'Fascinating and informative' Daily Telegraph 'A dramatic tale of innovation and determination' Guardian
In 1922, a tiny group of men and women came together to found the BBC, using what had been a weapon of war - Marconi's wireless - to remake culture for the good of humanity. Twenty years later, when George Orwell famously quit the Corporation, he decided he was done 'doing work that produces no result'. Yet the BBC is now one of Britain's most beloved institutions. Stars once fainted at the microphone; now a select few spend their Saturdays waltzing for the nation's entertainment in front of studio cameras. From Daleks to Desert Island Discs, the BBC has blazed a trail for British entertainment. Yet it has also always been at the forefront of global change, both breaking and covering the most important stories of the century on Panorama and BBC News. This is a stirring and monumental history of the British cultural stalwart which created modern broadcasting one hundred years ago.

Retells H. G. Wells's classic story in which Earth is invaded by hostile aliens from Mars.

The Real Jane Austen - Paula Byrne 2013-01-29

"A vivacious portrait. . . . Byrne's Austen emerges as a worldly woman, profoundly enmeshed in a wider world than she's often acknowledged to occupy. This is an Austen with a sense for the political as well as for the finer points of sensibility—and one who will be unfamiliar (though never unrecognizable) to many readers." — Publishers Weekly
In *The Real Jane Austen*, acclaimed literary biographer Paula Byrne provides the most intimate and revealing portrait yet of a beloved but complex novelist. Just as letters and tokens in Jane Austen's novels often signal key turning points in the narrative, Byrne explores the small things — a scrap of paper, a gold chain, an ivory miniature — that held significance in Austen's personal and creative life. Byrne transports us to different worlds, from the East Indies to revolutionary Paris, and to different events, from a high society scandal to a case of petty shoplifting. In this ground-breaking biography, Austen is set on a wider stage than ever before, revealing a well-traveled and politically aware writer — important aspects of her artistic development that have long been overlooked. *The Real Jane Austen* is a fresh, compelling,

and surprising biography of the author of some of our most enduring classic books — from *Pride and Prejudice* to *Sense and Sensibility*, *Emma* to *Persuasion* — and a vivid evocation of the world that shaped her.

Maybe I Don't Belong Here - David Harewood 2021-09-02

A Book of the Year in *The Observer* and *The Times* and winner of the Visionary Honours Award. 'David Harewood writes with rare honesty and fearless self-analysis about his experiences of racism and what ultimately led to his descent into psychosis . . . This book is, in itself, a physical manifestation of that hopeful journey.' — David Olusoga, author of *Black and British*
This powerful and provocative memoir charts critically acclaimed actor David Harewood's life from working class Birmingham to the bright lights of Hollywood. He shares insights from his recovery after an experience of psychosis and uncovers devastating family history. *Maybe I Don't Belong Here* is a groundbreaking account of the impact of everyday racism on Black mental health and a rallying cry to examine the biases that shape our society. As a young actor, David had a psychotic breakdown and was sectioned under the Mental Health Act. He was physically restrained by six police officers, sedated, then hospitalized and transferred to a locked ward. Only now, thirty years later, has he been able to process what he went through. What caused this breakdown and how did David recover to become a successful actor? How did his experiences growing up contribute to a rupture in his sense of his place in the world? David's compelling story poses the question: Is it possible to be Black and British and feel welcome and whole?

The War of the Worlds Illustrated and Annotated - H. G. Wells 2021-03-09

The War of the Worlds (1898), by H. G. Wells, is an early science fiction novel which describes an invasion of England by aliens from Mars. It is one of the earliest and best-known depictions of an alien invasion of Earth, and has influenced many others, as well as spawning several films, radio dramas, comic book adaptations, and a television series based on the story.

The 1938 radio broadcast caused public outcry against the episode, as many listeners believed that an actual

Martian invasion was in progress, a notable example of mass hysteria.
